EUGENE A. DePASQUALE
AUDITOR GENERAL

Independent Auditor's Report

The Honorable Leslie Richards
Secretary
Department of Transportation
Harrisburg, PA 17120

We examined the accompanying Forms MS-965 With Adjustments for the Liquid Fuels Tax Fund of the Township of Colley, Sullivan County, for the period January 1, 2015 to December 31, 2016. The municipality's management is responsible for presenting the Forms MS-965 in accordance with the criteria set forth in Note 1. Our responsibility is to express an opinion on the Forms MS-965 With Adjustments based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Forms MS-965 are presented in accordance with the criteria described above, in all material respects. An examination involves performing procedures to obtain evidence about the Forms MS-965. The nature, timing and extent of the procedures selected depend on our judgement, including an assessment of the risks of material misstatement of the Forms MS-965, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are mandated by Section 403 of *The Fiscal Code*, 72 P.S. § 403, to audit each municipality's Liquid Fuels Tax Fund to ensure that funds received are expended in accordance with applicable laws and regulations. *Government Auditing Standards* issued by the Comptroller General of the United States include attestation engagements as a separate type of audit. An attestation engagement performed pursuant to *Government Auditing Standards* involves additional standards that exceed the standards provided by the American Institute of Certified Public Accountants. Accordingly, this attestation engagement complies with both *Government Auditing Standards* and Section 403 of *The Fiscal Code*.

As described in Note 4, the adjustments included on the Forms MS-965 With Adjustments are made by the Department of the Auditor General.

Independent Auditor's Report (Continued)

As discussed in the Finding and Recommendations and Summary Of Prior Examinations' Recommendations sections of this report:

- The municipality loaned a total of \$15,000.00 during 2015 and \$10,000.00 during 2016 from its Liquid Fuels Tax Fund to its General Fund. The municipality transferred \$5,000.00 on April 27, 2015 from its General Fund to its Liquid Fuels Tax Fund. Additionally, the municipality transferred \$10,000.00 from a line of credit to its Liquid Fuels Tax Fund on January 3, 2017, which was subsequent to our examination period. As of the exit conference date of this examination of March 20, 2018, \$10,000.00 remained due to the Liquid Fuels Tax Fund (see Finding).
- In our 2011-2012 report we recommended that the Department of Transportation determine if the municipality should reimburse \$21,587.09 to its Liquid Fuels Tax Fund. The first of three annual payments of \$7,195.70 was made on August 11, 2015, the second payment of \$7,195.70 was made on June 28, 2016, and the final payment of \$7,195.69 was made on July 18, 2017, which was subsequent to our examination period (see Summary Of 2011-2012 Examination Recommendations).
- In our 2013-2014 report we recommended that the Department of Transportation determine if the municipality should reimburse \$21,191.75 for noncompliance with advertising and bidding requirements. As of the exit conference date of this examination of March 20, 2018, the Department of Transportation had not determined if the reimbursement of \$21,191.75 would be required (see Summary Of 2013-2014 Examination Recommendation).

In our opinion, except for the bulleted matters discussed above, the Forms MS-965 With Adjustments present, in all material respects, the information required by the Pennsylvania Department of Transportation for the Liquid Fuels Tax Fund of the Township of Colley, Sullivan County, for the period January 1, 2015 to December 31, 2016, in accordance with the criteria set forth in Note 1.

In accordance with *Government Auditing Standards*, we are required to report all deficiencies that are considered to be significant deficiencies or material weaknesses in internal control; fraud and noncompliance with provisions of laws or regulations that have a material effect on the Forms MS-965; and any other instances that warrant the attention of those charged with governance; noncompliance with provisions of contracts or grant agreements, and abuse that has a material effect on the Forms MS-965. We are also required to obtain and report the views of responsible officials concerning the findings, conclusions, and recommendations, as well as any planned corrective actions. We performed our examination to express an opinion on whether the Forms MS-965 are presented in accordance with the criteria described above and not for the purpose of expressing an opinion on internal control over reporting on the Forms MS-965 or on compliance and other matters; accordingly, we express no such opinions.

Independent Auditor's Report (Continued)

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Forms MS-965 will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over reporting on the Forms MS-965 was for the limited purpose of expressing an opinion on whether the Forms MS-965 are presented in accordance with the criteria described above and would not necessarily identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our engagement we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

As part of obtaining reasonable assurance about whether the Forms MS-965 are free from material misstatement, we performed tests of the Township of Colley, Sullivan County's compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of amounts on the Forms MS-965. However, providing an opinion on compliance with those provisions was not an objective of our engagement, and accordingly, we do not express such an opinion. The results of our tests disclosed the following instance of noncompliance that is required to be reported under *Government Auditing Standards*:

- Liquid Fuels Money Loaned To General Fund.

The purpose of this report is to determine whether the municipality's Liquid Fuels Tax Fund money is spent in accordance with the laws and regulations identified in the Background section of this report and the Department of Transportation's *Publication 9*. This report is not suitable for any other purpose.

We appreciate the courtesy extended by the Township of Colley, Sullivan County, to us during the course of our examination. If you have any questions, please feel free to contact Michael B. Kashishian, CPA, CGAP, CFE, Director, Bureau of County Audits, at 717-787-1363.

Eugene A. DePasquale

TOWNSHIP OF COLLEY
SULLIVAN COUNTY
LIQUID FUELS TAX FUND
BACKGROUND
FOR THE PERIOD
JANUARY 1, 2015 TO DECEMBER 31, 2016

Background

The Liquid Fuels Tax Municipal Allocation Law, Act 655 of 1956, as amended, (72 P.S. § 2615.5 et seq.), provides municipalities other than counties (townships, boroughs, cities, towns, home rule, and optional plan governments) with an annual allocation of liquid fuels taxes from the state's Motor License Fund to be used for the maintenance and repair of streets, roads, and bridges for which the municipality is responsible. The allocation of these funds to municipalities is based: (1) 50 percent on the municipality's proportion of local road mileage to the total local road mileage in the state, and (2) 50 percent on the proportion of a municipality's population to the total population in the state.

The Vehicle Code, Title 75 P.S. § 9511, provides municipalities with annual maintenance payments to be received from the Motor License Fund for functionally local highways that were transferred to a municipality from the Commonwealth of Pennsylvania.

Each municipality must deposit the allocation of Liquid Fuels Tax funds and annual maintenance payments that it receives into a special fund called either the Municipal Liquid Fuels Tax Fund or State Fund. A municipality may not deposit any other monies into this fund except when the municipality does not have enough money in the special fund to meet the payments called for by its current annual budget for road and bridge purposes. In such a case, the municipality may borrow money or transfer money from its General Fund to its Liquid Fuels Tax Fund.

The Department of Transportation has been given the regulatory authority for the administration of these funds. Department of Transportation's *Publication 9* includes the policies and procedures for the administration of Act 655, as amended, and the Liquid Fuels Tax Fund money. However, if there is a difference between *Publication 9* and any legislation, the legislation shall govern.

To qualify for the annual allocation of Liquid Fuels Tax funds, *Publication 9* indicates that each municipality shall:

1. Submit annual reports (MS-965, Actual Use Report, MS-965P, Project and Miscellaneous Receipts, and MS-965S, Record of Checks).
2. Make deposits and payments or expenditures in compliance with Act 655 of 1956, as amended. Failure to do so may result in not receiving allocations from PennDOT until all discrepancies are resolved. *Publication 9*, Section 2.6, includes information about investing Liquid Fuels Tax monies, using loan or bond proceeds, and types of receipts into the Liquid Fuels Tax Fund.

LIQUID FUELS TAX FUND
NOTES TO FORMS MS-965 WITH ADJUSTMENTS
FOR THE PERIOD
JANUARY 1, 2015 TO DECEMBER 31, 2016

1. Criteria

Section 1

This section of Form MS-965 With Adjustments provides a summary of Liquid Fuels Tax Fund expenditures by category. Categories requiring explanation include:

- Major equipment purchases are purchases of road machinery and road equipment with varying yearly costs in excess of the amounts indicated below:

| 2013 | 2014 | 2015/2016 | 2017 |
|-------------|-------------|-------------|-------------|
| \$10,200.00 | \$10,300.00 | \$10,500.00 | \$10,700.00 |

- Minor equipment purchases are purchases of road machinery and road equipment with varying yearly costs that are less than or equal to the amounts indicated below:

| 2013 | 2014 | 2015/2016 | 2017 |
|-------------|-------------|-------------|-------------|
| \$10,200.00 | \$10,300.00 | \$10,500.00 | \$10,700.00 |

- Agility projects are exchanges of services with the Department of Transportation.

Section 2

This section of Form MS-965 With Adjustments provides information on the fund balance. Categories requiring explanation include:

- The state allocation is available from the Department of Transportation in March of each year. The amount the municipality receives is based half on its population and half on its road mileage.
- Municipalities that transferred roads from the Commonwealth of Pennsylvania to the municipality through the Highway Transfer Program receive annual turnback allocations in March of each year from the Department of Transportation. Turnback allocations are based on the mileage of the roads transferred.

1. Criteria (Continued)

Section 2 (Continued)

- Expenditures include the total transferred from Section 1.

Section 3

This section of Form MS-965 With Adjustments determines if the municipality expended Liquid Fuels Tax Fund money in excess of the permissible amount for equipment and the balance that the municipality may carry forward for the purchase of equipment to the subsequent year.

Department of Transportation *Publication 9* requires that the amount expended for equipment purchases in a given year not exceed the sum of the equipment balance carried forward from the previous year and 20 percent of the current year's Liquid Fuels Tax Fund allocation and, if applicable, 20 percent of the turnback allocation plus other Department of Transportation approved adjustments.

If the municipality spent in excess of the amount listed on Line 4, the excess must be reimbursed to the Liquid Fuels Tax Fund.

The equipment balance to be carried forward for the subsequent year is the lesser of the amount on Line 6 or the ending fund balance on Line 6 of Section 2, but not less than zero.

Basis Of Presentation

The financial activities of the municipality are accounted for in separate funds. The Liquid Fuels Tax Fund is used to account for state aid revenues from the Pennsylvania Department of Transportation used primarily for building and improving local roads and bridges. The Forms MS-965 have been prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation as a result of the Fuels Tax Act 655, dated 1956 and as amended, which does not constitute a complete presentation of the entity's assets, liabilities, expenses, and fund balance. Accordingly, the presentation of Forms MS-965 With Adjustments is restricted to the Liquid Fuels Tax Fund, which represents a segment of the entity.

1. Criteria (Continued)

Basis Of Accounting

The accompanying Forms MS-965 With Adjustments are prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation. Under this method, revenues are recognized when received and expenditures are recorded when paid.

General Fixed Assets

General fixed assets are recognized as expenditures at the time of purchase. No depreciation has been provided on the heavy equipment used to maintain and repair roads and bridges.

2. Deposits

The Second Class Township Code, Title 53 P.S. § 68204, authorizes the township to deposit its funds in the following:

- Deposits in savings accounts or time deposits, other than certificates of deposit or share accounts, of institutions having their principal place of business in the Commonwealth of Pennsylvania and insured by the Federal Deposit Insurance Corporation (FDIC) or other like insurance. For any amount above the insured maximum, the depository shall pledge approved collateral.
- Certificates of deposit purchased from institutions insured by the FDIC or other like insurance to the extent that such accounts are so insured. For any amounts in excess of the insured maximum, such deposits shall be collateralized by a pledge or assignment of assets. Certificates of deposit may not exceed 20 percent of a bank's total capital surplus or 20 percent of a savings and loan or savings bank's assets minus liabilities.

Deposits consist of receipts and deposits in a financial institution. Pennsylvania statutes require all deposits to be insured and, for any amount above the insured maximum, to be secured with approved collateral as defined.

2. Deposits (Continued)

There were no deposits exposed to custodial credit risk as of December 31, 2016. Custodial credit risk, as defined by GASB No. 40, as amended, includes deposits that are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the municipality's name.

Fund Balance

The fund balance as of December 31, 2016, consists of the following:

| | |
|------|---------------------------|
| Cash | <u><u>\$40,389.41</u></u> |
|------|---------------------------|

3. Interest On Investments

Our examination disclosed that the municipality deposited idle liquid fuels tax money in interest-bearing accounts which earned \$38.10 during 2015, and \$82.98 during 2016, thus providing additional funds for road maintenance and repairs.

4. Adjustments

2015 - Section 1

An adjustment of \$(30.00) was made to "Repairs of tools and machinery" because check No. 1707 was reported as \$103.52 but was issued for \$73.52.

An adjustment of \$15,003.50 was made to "Miscellaneous" because these expenditures were understated.

2015 - Section 2

An adjustment of \$5,000.00 was made to "Miscellaneous" because these receipts were understated.

2015 - Section 3

An adjustment of \$7,520.83 was made to "Prior year equipment balance" because an incorrect equipment balance was carried forward.

4. Adjustments (Continued)

2016 - Section 1

An adjustment of \$36.02 was made to “Miscellaneous” because these expenditures were understated.

2016 - Section 2

An adjustment of \$(9,973.50) was made to “Balance, January 1, 2016” to reflect the adjustment made to the fund balance in 2015 - Section 2.

2016 - Section 3

An adjustment of \$694.78 was made to “Prior year equipment balance” because an incorrect equipment balance was carried forward.

An adjustment of (694.78) was made to “PENNDOT approved adjustments” because these approved adjustments were overstated.

5. Miscellaneous Receipts

The following miscellaneous receipts were deposited into the Liquid Fuels Tax Fund during the examination period:

| Source | Description | 2015 | 2016 |

7. Lease-Purchase Agreement

On April 2, 2014, the municipality entered into a lease-purchase agreement with John Deere Financial to purchase 2014 backhoe for \$106,614.32. The municipality made a down payment of \$50,000.00 from the Liquid Fuels Tax Fund, leaving a balance of \$56,614.32 to be financed. The agreement was for a term of three years at an interest rate of 4.00 percent. Principal and interest payments of \$20,429.29 are due annually. The total amount to be repaid, including principal and interest, is \$61,287.87.

During the current examination period the municipality paid principal and interest of \$40,858.58 from the Liquid Fuels Tax Fund. These amounts are reflected in major equipment purchases on the 2015 and 2016 Forms MS-965 - Section 1. The outstanding balance of the lease-purchase agreement as of December 31, 2016 was \$20,429.29.

Finding - Liquid Fuels Money Loaned To General Fund

Our examination disclosed that the municipality loaned a total of \$15,000.00 during 2015 and \$10,000.00 during 2016 from its Liquid Fuels Tax Fund to its General Fund. This amount consisted of \$5,000.00 on January 30, 2015, \$5,000.00 on February 11, 2015, \$5,000.00 on March 12, 2015, \$7,000.00 on December 19, 2016, and \$3,000.00 on December 29, 2016. The municipality transferred \$5,000.00 on April 27, 2015 from its General Fund to its Liquid Fuels Tax Fund. Additionally, the municipality transferred \$10,000.00 from a line of credit to its Liquid Fuels Tax Fund on January 3, 2017, which was subsequent to our examination period. As of the exit conference date of this examination of March 20, 2018, \$10,000.00 remained due to the Liquid Fuels Tax Fund.

Liquid Fuels Tax Fund money appropriated to the municipality in accordance with 72 P.S. § 2615.4 of the Liquid Fuels Tax Municipal Allocation Law can only be expended for purposes authorized by 72 P.S. § 2615.4. The authorized purposes described by 72 P.S. § 2615.4 do not include loaning money from the municipality's Liquid Fuels Tax Fund to the General Fund or any other fund.

If the liquid fuels tax money was maintained in the Liquid Fuels Tax Fund during the entire examination period, money may have been available for investment purposes, potentially earning additional interest which could have been used for road maintenance and repairs. Additionally, the risk that Liquid Fuels Tax Fund money may be used for unauthorized purposes increases when liquid fuels money is commingled with other funds.

The failure to follow the Liquid Fuels Tax Municipal Allocation Law as noted above could result in the municipality having to reimburse \$10,000.00 to its Liquid Fuels Tax Fund.

Recommendations

We recommend that the municipality reimburse \$10,000.00 to its Liquid Fuels Tax Fund upon official notification by the Department of Transportation.

We further recommend that, in the future, the municipality discontinue the practice of loaning liquid fuels money to other funds or accounts.

SUMMARY OF PRIOR EXAMINATIONS' RECOMMENDATIONS
FOR THE PERIOD
JANUARY 1, 2015 TO DECEMBER 31, 2016

Summary Of 2011-2012 Examination Recommendations

In our 2011-2012 report we recommended that the Department of Transportation review our examination finding to determine if the municipality should reimburse \$21,587.09 to its Liquid Fuels Tax Fund. This amount consists of \$16,191.09 for failing to advertise for bids and \$5,396.00 for nonpermissible expenditures.

During our current examination we reviewed a letter dated February 4, 2015, from the Department of Transportation informing the municipality to reimburse \$21,587.09 to its Liquid Fuels Tax Fund in three annual payments of \$7,195.70. The first payment of \$7,195.70 was made on August 11, 2015, the second payment was made on June 28, 2016, and the final payment of \$7,195.69 was made on July 18, 2017, which was subsequent to our examination period.

Summary Of 2013-2014 Examination Recommendations

In our 2013-2014 report we noted that the municipality over expended its equipment purchases tally by \$694.78. This amount was reimbursed to its Liquid Fuels Tax Fund on February 1, 2016. Additionally, we recommended that the Department of Transportation review our examination finding to determine if the municipality should reimburse \$21,191.75 to its Liquid Fuels Tax Fund for noncompliance with advertising and bidding requirements.

As of the exit conference date of this examination of March 20, 2018, the Department of Transportation had not determined if the reimbursement of \$21,191.75 would be required.

In our 2013-2014 report we also recommended that the municipality:

- Complies with *The Second Class Township Code* by advertising for bids for all purchases over \$19,100.00. The threshold for advertising for bids increased to purchases over \$19,400.00 for 2015 and 2016, \$19,700.00 for 2017, and \$20,100.00 for 2018.
- Only expend up to the approved amount on equipment expenditures in accordance with the Department of Transportation's *Publication 9*.

During our current examination we noted that the municipality complied with our recommendations.
