AUDITOR GENERAL

Independent Auditor's Report

The Honorable Leslie Richards
Secretary
Department of Transportation
Harrisburg, PA 17120

We examined the accompanying Form MS-965 With Adjustments for the Liquid Fuels Tax Fund of the Borough of Cressona, Schuylkill County, for the period January 1, 2018 to December 31, 2018. The municipality's management is responsible for presenting the Form MS-965 in accordance with the criteria set forth in Note 1. Our responsibility is to express an opinion on the Form MS-965 With Adjustments based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Form MS-965 is presented in accordance with the criteria described above, in all material respects. An examination involves performing procedures to obtain evidence about the Form MS-965. The nature, timing and extent of the procedures selected depend on our judgement, including an assessment of the risks of material misstatement of the Form MS-965, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are mandated by Section 403 of *The Fiscal Code*, 72 P.S. § 403, to audit each municipality's Liquid Fuels Tax Fund to ensure that funds received are expended in accordance with applicable laws and regulations. *Government Auditing Standards* issued by the Comptroller General of the United States include attestation engagements as a separate type of audit. An attestation engagement performed pursuant to *Government Auditing Standards* involves additional standards that exceed the standards provided by the American Institute of Certified Public Accountants. Accordingly, this attestation engagement complies with both *Government Auditing Standards* and Section 403 of *The Fiscal Code*.

As described in Note 4, the adjustments included on the Form MS-965 With Adjustments are made by the Department of the Auditor General.

Independent Auditor's Report (Continued)

As discussed in the Findings And Recommendations section and Summary Of Prior Examination Recommendations sections of this report:

- The 2018 Liquid Fuels Tax Fund allocation of \$53,336.10 was not received until January 10, 2019, which was subsequent to our examination period (see Finding No. 1).
- The 2018 turnback allocation of \$2,800.00 was deposited into the General Fund on March 1, 2018 and not reimbursed to the Liquid Fuels Tax Fund until January 28, 2019, which was subsequent to our examination period (see Finding No. 2).
- The municipality expended \$18,160.09 in excess of the amount available for the purchase of equipment. The municipality reimbursed \$17,600.09 to its Liquid Fuels Tax Fund on April 16, 2019, which was subsequent to our examination period and \$560.00 less than the amount over expended (see Finding No. 3).
- During our prior examination period, the 2016 Liquid Fuels Tax Fund allocation of \$48,614.30 was deposited into the General Fund. On December 19, 2018, \$16,204.77 was reimbursed to the Liquid Fuels Tax Fund. The remaining \$32,409.53 was reimbursed to the Liquid Fuels Tax Fund on April 16, 2019, which was subsequent to our examination period (see Summary Of Prior Examination Recommendations).

In our opinion, except for the matters discussed in the preceding paragraph, the Form MS-965 With Adjustments presents, in all material respects, the information required by the Pennsylvania Department of Transportation for the Liquid Fuels Tax Fund of the Borough of Cressona, Schuylkill County, for the period January 1, 2018 to December 31, 2018, in accordance with the criteria set forth in Note 1.

In accordance with *Government Auditing Standards*, we are required to report all deficiencies that are considered to be significant deficiencies or material weaknesses in internal control; fraud and noncompliance with provisions of laws or regulations that have a material effect on the Form MS-965; and any other instances that warrant the attention of those charged with governance; noncompliance with provisions of contracts or grant agreements, and abuse that has a material effect on the Form MS-965. We are also required to obtain and report the views of responsible officials concerning the findings, conclusions, and recommendations, as well as any planned corrective actions. We performed our examination to express an opinion on whether the Form MS-965 is presented in accordance with the criteria described above and not for the purpose of expressing an opinion on internal control over reporting on the Form MS-965 or on compliance and other matters; accordingly, we express no such opinions.

Independent Auditor's Report (Continued)

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Form MS-965 will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over reporting on the Form MS-965 was for the limited purpose of expressing an opinion on whether the Form MS-965 is presented in accordance with the criteria described above and would not necessarily identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our engagement we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

As part of obtaining reasonable assurance about whether the Form MS-965 is free from material misstatement, we performed tests of the Borough of Cressona, Schuylkill County's compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of amounts on the Form MS-965. However, providing an opinion on compliance with those provisions was not an objective of our engagement, and accordingly, we do not express such an opinion. The results of our tests disclosed the following instances of noncompliance that are required to be reported under *Government Auditing Standards*:

- Late Receipt Of Allocation - Recurring.
- Turnback Allocation Deposited Into The General Fund - Recurring.
- Over Expended Equipment Purchase Tally.

The purpose of this report is to determine whether the municipality's Liquid Fuels Tax Fund money is spent in accordance with the laws and regulations identified in the Background section of this report and the Department of Transportation's *Publication 9*. This report is not suitable for any other purpose.

We appreciate the courtesy extended by the Borough of Cressona, Schuylkill County, to us during the course of our examination. If you have any questions, please feel free to contact the Bureau of County Audits at 717-787-1363.

BOROUGH OF CRESSONA
SCHUYLKILL COUNTY
LIQUID FUELS TAX FUND
BACKGROUND
FOR THE PERIOD
JANUARY 1, 2018 TO DECEMBER 31, 2018

Background

The Liquid Fuels Tax Municipal Allocation Law, Act 655 of 1956, as amended, (72 P.S. § 2615.5 et seq.), provides municipalities other than counties (townships, boroughs, cities, towns, home rule, and optional plan governments) with an annual allocation of liquid fuels taxes from the state's Motor License Fund to be used for the maintenance and repair of streets, roads, and bridges for which the municipality is responsible. The allocation of these funds to municipalities is based: (1) 50 percent on the municipality's proportion of local road mileage to the total local road mileage in the state, and (2) 50 percent on the proportion of a municipality's population to the total population in the state.

The Vehicle Code, Title 75 P.S. § 9511, provides municipalities with annual maintenance payments to be received from the Motor License Fund for functionally local highways that were transferred to a municipality from the Commonwealth of Pennsylvania.

Each municipality must deposit the allocation of Liquid Fuels Tax funds and annual maintenance payments that it receives into a special fund called either the Municipal Liquid Fuels Tax Fund or State Fund. A municipality may not deposit any other monies into this fund except when the municipality does not have enough money in the special fund to meet the payments called for by its current annual budget for road and bridge purposes. In such a case, the municipality may borrow money or transfer money from its General Fund to its Liquid Fuels Tax Fund.

The Department of Transportation has been given the regulatory authority for the administration of these funds. Department of Transportation's *Publication 9* includes the policies and procedures for the administration of Act 655, as amended, and the Liquid Fuels Tax Fund money. However, if there is a difference between *Publication 9* and any legislation, the legislation shall govern.

To qualify for the annual allocation of Liquid Fuels Tax funds, *Publication 9* indicates that each municipality shall:

1. Submit annual reports (MS-965, Actual Use Report, MS-965P, Project and Miscellaneous Receipts, and MS-965S, Record of Checks).
2. Make deposits and payments or expenditures in compliance with Act 655 of 1956, as amended. Failure to do so may result in not receiving allocations from PennDOT until all discrepancies are resolved. *Publication 9*, Section 2.6, includes information about investing Liquid Fuels Tax monies, using loan or bond proceeds, and types of receipts into the Liquid Fuels Tax Fund.

NOTES TO FORM MS-965 WITH ADJUSTMENTS
FOR THE PERIOD
JANUARY 1, 2018 TO DECEMBER 31, 2018

1. Criteria

Section 1

This section of Form MS-965 With Adjustments provides a summary of Liquid Fuels Tax Fund expenditures by category. Categories requiring explanation include:

- Major equipment purchases are purchases of road machinery and road equipment with varying yearly costs in excess of the amounts indicated below:

2014	2015/2016	2017	2018
\$10,300.00	\$10,500.00	\$10,700.00	\$10,900.00

- Minor equipment purchases are purchases of road machinery and road equipment with varying yearly costs that are less than or equal to the amounts indicated below:

2014	2015/2016	2017	2018
\$10,300.00	\$10,500.00	\$10,700.00	\$10,900.00

- Agility projects are exchanges of services with the Department of Transportation.

Section 2

This section of Form MS-965 With Adjustments provides information on the fund balance. Categories requiring explanation include:

- The state allocation is available from the Department of Transportation in March of each year. The amount the municipality receives is based half on its population and half on its road mileage.
- Municipalities that transferred roads from the Commonwealth of Pennsylvania to the municipality through the Highway Transfer Program receive annual turnback allocations in March of each year from the Department of Transportation. Turnback allocations are based on the mileage of the roads transferred.
- Expenditures include the total transferred from Section 1.

1. Criteria (Continued)

Section 3

This section of Form MS-965 With Adjustments determines if the municipality expended Liquid Fuels Tax Fund money in excess of the permissible amount for equipment and the balance that the municipality may carry forward for the purchase of equipment to the subsequent year.

Department of Transportation *Publication 9* requires that the amount expended for equipment purchases in a given year not exceed the sum of the equipment balance carried forward from the previous year and 20 percent of the current year's Liquid Fuels Tax Fund allocation and, if applicable, 20 percent of the turnback allocation plus other Department of Transportation approved adjustments.

If the municipality spent in excess of the amount listed on Line 4, the excess must be reimbursed to the Liquid Fuels Tax Fund.

The equipment balance to be carried forward for the subsequent year is the lesser of the amount on Line 6 or the ending fund balance on Line 6 of Section 2, but not less than zero.

Basis Of Presentation

The financial activities of the municipality are accounted for in separate funds. The Liquid Fuels Tax Fund is used to account for state aid revenues from the Pennsylvania Department of Transportation used primarily for building and improving local roads and bridges. The Form MS-965 has been prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation as a result of the Fuels Tax Act 655, dated 1956 and as amended, which does not constitute a complete presentation of the entity's assets, liabilities, expenses, and fund balance. Accordingly, the presentation of Form MS-965 With Adjustments is restricted to the Liquid Fuels Tax Fund, which represents a segment of the entity.

Basis Of Accounting

The accompanying Form MS-965 With Adjustments is prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation. Under this method, revenues are recognized when received and expenditures are recorded when paid.

1. Criteria (Continued)

General Fixed Assets

General fixed assets are recognized as expenditures at the time of purchase. No depreciation has been provided on the heavy equipment used to maintain and repair roads and bridges.

2. Deposits

The Borough Code, Title 53 P.S. § 46316, authorizes the borough to deposit its funds in the following:

- Deposits in savings accounts or time deposits, other than certificates of deposit or share accounts, of institutions having their principal place of business in the Commonwealth of Pennsylvania and insured by the Federal Deposit Insurance Corporation (FDIC) or other like insurance. For any amount above the insured maximum, the depository shall pledge approved collateral.
- Certificates of deposit purchased from institutions insured by the FDIC or other like insurance to the extent that such accounts are so insured. For any amounts in excess of the insured maximum, such deposits shall be collateralized by a pledge or assignment of assets. Certificates of deposit may not exceed 20 percent of a bank's total capital surplus or 20 percent of a savings and loan's or savings bank's assets minus liabilities.

Deposits consist of receipts and deposits in financial institutions. Pennsylvania statutes require all deposits to be insured and, for any amount above the insured maximum, to be secured with approved collateral as defined.

There were no deposits exposed to custodial credit risk as of December 31, 2018. Custodial credit risk, as defined by GASB No. 40, as amended, includes deposits that are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the municipality's name.

Fund Balance

The fund balance as of December 31, 2018, consists of the following:

Cash	\$46,487.96

FOR THE PERIOD

3. Interest On Investments

Our examination disclosed that the municipality deposited idle liquid fuels tax money in interest-bearing accounts which earned \$832.89 during 2018, thus providing additional funds for road maintenance and repairs.

4. Adjustments

Section 1

Adjustments were made to “Traffic control devices” and “Maintenance and repair of roads and bridges” because expenditures of \$1,519.32 were misclassified.

Section 2

Adjustments were made to “State allocation” and “Miscellaneous” because the partial repayment of the 2016 Liquid Fuels Tax Fund allocation of \$16,204.77 was misclassified.

An adjustment of \$(2,800.00) was made to “Turnback allocation” because the 2018 Turnback allocation was deposited into the General Fund (see Finding No. 2).

Section 3

An adjustment of \$2,680.95 was made to “Current year equipment allocation” because the partial repayment of the 2016 Liquid Fuels Tax Fund allocation in the amount of \$16,204.77 from 2018 - Section 2 was not included in the calculation of the current year equipment allocation.

FINDINGS AND RECOMMENDATIONS
FOR THE PERIOD
JANUARY 1, 2018 TO DECEMBER 31, 2018

Finding No. 1 - Late Receipt Of Allocation - Recurring

We cited the borough for late receipt of allocation and depositing the allocation into the General Fund in our prior two reports with the most recent being for the period January 1, 2017 to December 31, 2017. Our current examination disclosed that the 2018 Liquid Fuels Tax Fund allocation of \$53,336.10, which should have been distributed from the Department of Transportation to the municipality during the first week of March of that year, was not received until January 10, 2019, because the municipality failed to comply with the Department of Transportation's *Publication 9*, Chapter Two, Section 2.4, which states:

To qualify for the annual liquid fuels tax allocation, a municipality shall:

- Submit annual reports (MS-965, Actual Use Report, MS-965P, Project and Miscellaneous Receipts, and MS-965S, Record of Checks).
- Make deposits and payments or expenditures in compliance with the Act 655. Failure to do so may result in not receiving allocations from PENNDOT until all discrepancies are resolved.
- Submit the Pennsylvania Department of Community and Economic Development's (DCED) Report of Elected and Appointed Officials by January 31st and the Survey of Financial Condition by March 15th.
- Ensure resolution of all Contractor Responsibility Program (CRP) holds and blocks imposed by the Department of Revenue and the Department of Labor and Industry.
- Ensure resolution of all reimbursements required as a result of audits performed by the Department of the Auditor General or monitoring reviews performed by the Department of Transportation's Financial Consultants.
- Ensure resolution of all reimbursements required as a result of audits performed by the Department of the Auditor General or monitoring reviews performed by the Department of Transportation's Financial Consultants.

Because the municipality failed to file documents and information timely as noted above, the municipality did not have use of the 2018 allocation for more than ten months. Furthermore, had the allocation been received timely, money may have been available for investment purposes, potentially earning interest income which could have been used for road maintenance and repairs.

Finding No. 1 - Late Receipt Of Allocation - Recurring (Continued)

We noted that the municipality received its 2019 allocation on time and the allocation was deposited into the Liquid Fuels Tax Fund.

Recommendation

We recommend that, in the future, the municipality continues to comply with the Department of Transportation's *Publication 9* to ensure that the allocations are received during the first week in March as outlined above.

Management's Response

The secretary/treasurer stated:

As of 2019, we received our allocation on time. The funds were deposited into the correct account.

Auditor's Conclusion

During our next examination, we will determine if the municipality continued to comply with our recommendation.

FOR THE PERIOD
JANUARY 1, 2018 TO DECEMBER 31, 2018

Finding No. 2 - Turnback Allocation Deposited Into The General Fund - Recurring

We cited the borough for depositing its Liquid Fuels Tax Fund allocation into the General Fund in our prior two reports with the most recent being for the period January 1, 2017 to December 31, 2017. Our current examination disclosed that the municipality deposited the 2018 turnback allocation of \$2,800.00 into the General Fund on March 1, 2018, which is in noncompliance with the Liquid Fuels Tax Municipal Allocation Law.

This turnback allocation was made to the municipality in accordance with the *Vehicle Code*, 75 Pa. C.S.A. § 9511(4), which requires that “Annual maintenance payments . . . shall be deposited into the municipality’s liquid fuels tax account. . . .”

The risk that Liquid Fuels Tax Fund money may be used for unauthorized purposes increases when liquid fuels money is commingled with other funds.

We noted that the municipality reimbursed \$2,800.00 to its Liquid Fuels Tax Fund on January 10, 2019, which was subsequent to our examination period.

We noted that the municipality received its 2019 turnback allocation on time and the allocation was deposited into the Liquid Fuels Tax Fund.

Recommendation

We recommend that, in the future, the municipality continues to deposit all liquid fuels tax money promptly into the Liquid Fuels Tax Fund.

Management’s Response

The secretary/treasurer stated:

As of 2019, we received our allocation on-time. The funds were deposited into the correct account.

Auditor’s Conclusion

During our next examination, we will determine if the municipality complied with our recommendation.

FINDINGS AND RECOMMENDATIONS
FOR THE PERIOD

Finding No. 3 - Over Expended Equipment Purchase Tally

Our examination disclosed that the municipality expended \$18,160.09 in excess of the amount available for the purchase of equipment for 2018, as follows:

<u>2018</u>	<u>Actual</u>
1. Prior year equipment balance	\$ 24,396.32
2. Current year equipment allocation (20% of Lines 2 + 2A, Section 2)	3,240.95
3. PENNDOT approved adjustments	<u>-</u>
4. Total funds available for equipment acquisition	27,637.27
5. Less: Major equipment purchases	<u>(45,797.36)</u>
6. Amount Over Expended for equipment - 2018	<u><u>\$(18,160.09)</u></u>

The Department of Transportation's, *Publication 9*, Appendix D, Section 449.11, requires that the amount expended for equipment purchases in a given year not exceed the sum of the equipment balance carried forward from the previous year, 20 percent of the current year's Liquid Fuels Tax Fund allocations, and any approved adjustments.

The municipality reimbursed \$17,600.09 to its Liquid Fuels Tax Fund on April 16, 2019, which was subsequent to our examination period and \$560.00 less than the amount over expended.

Recommendations

We recommend that the municipality reimburse the remaining \$560.00 to its Liquid Fuels Tax Fund upon official notification by the Department of Transportation.

We further recommend that the municipality only expend up to the approved amount on equipment expenditures in accordance with the Department of Transportation's *Publication 9*.

The funds were paid back based on a PENNDOT monitoring review.

Auditor's Conclusion

Although the municipality reimbursed \$17,600.09 to its Liquid Fuels Tax Fund, that reimbursement was \$560.00 less than the amount over expended. During our next examination, we will determine if the municipality complied with our recommendations.

SUMMARY OF PRIOR EXAMINATION RECOMMENDATIONS
FOR THE PERIOD
JANUARY 1, 2018 TO DECEMBER 31, 2018

Summary Of Prior Examination Recommendations

In our prior report, we recommended that the Department of Transportation review our examination finding to determine if the municipality should reimburse \$48,614.30 to its Liquid Fuels Tax Fund for depositing the 2016 Liquid Fuels Tax Fund allocation into the General Fund.

We noted that the municipality made a partial reimbursement of \$16,204.77 to its Liquid Fuels Tax Fund on December 19, 2018. We further noted that the municipality reimbursed the remaining \$32,409.53 to its Liquid Fuels Tax Fund on April 4, 2019, which was subsequent to our examination period.

In our prior report, we also recommended that the municipality:

- Comply with the Department of Transportation's *Publication 9* to ensure that the allocations are received during the first week in March.
- Contact the Department of Transportation for assistance in filing all required forms necessary to receive its 2017 Liquid Fuels Tax Fund allocation of \$50,869.09.
- Ensure that all liquid fuels tax allocations are deposited into the Liquid Fuels Tax Fund.
- Ensure that the bank statements are reconciled monthly to reduce the risk of errors occurring and remaining undetected.

During our current examination, we noted that the municipality complied with the second and fourth bulleted recommendations but did not comply with the first and third recommendations until 2019 (see Findings No. 1 and 2).
