EUGENE A. DePASQUALE
AUDITOR GENERAL

Independent Auditor's Report

The Honorable Leslie Richards
Secretary
Department of Transportation
Harrisburg, PA 17120

We examined the accompanying Forms MS-965 With Adjustments for the Liquid Fuels Tax Fund of the Borough of East Lansdowne, Delaware County, for the period January 1, 2014 to December 31, 2016. The municipality's management is responsible for presenting the Forms MS-965 in accordance with the criteria set forth in Note 1. Our responsibility is to express an opinion on the Forms MS-965 With Adjustments based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Forms MS-965 are presented in accordance with the criteria described above, in all material respects. An examination involves performing procedures to obtain evidence about the Forms MS-965. The nature, timing and extent of the procedures selected depend on our judgement, including an assessment of the risks of material misstatement of the Forms MS-965, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are mandated by Section 403 of *The Fiscal Code*, 72 P.S. § 403, to audit each municipality's Liquid Fuels Tax Fund to ensure that funds received are expended in accordance with applicable laws and regulations. *Government Auditing Standards* issued by the Comptroller General of the United States include attestation engagements as a separate type of audit. An attestation engagement performed pursuant to *Government Auditing Standards* involves additional standards that exceed the standards provided by the American Institute of Certified Public Accountants. Accordingly, this attestation engagement complies with both *Government Auditing Standards* and Section 403 of *The Fiscal Code*.

As described in Note 4, the adjustments included on the Forms MS-965 With Adjustments are made by the Department of the Auditor General.

Independent Auditor's Report (Continued)

In our opinion, the Forms MS-965 With Adjustments present, in all material respects, the information required by the Pennsylvania Department of Transportation for the Liquid Fuels Tax Fund of the Borough of East Lansdowne, Delaware County, for the period January 1, 2014 to December 31, 2016, in accordance with the criteria set forth in Note 1.

In accordance with *Government Auditing Standards*, we are required to report all deficiencies that are considered to be significant deficiencies or material weaknesses in internal control; fraud and noncompliance with provisions of laws or regulations that have a material effect on the Forms MS-965; and any other instances that warrant the attention of those charged with governance; noncompliance with provisions of contracts or grant agreements, and abuse that has a material effect on the Forms MS-965. We are also required to obtain and report the views of responsible officials concerning the findings, conclusions, and recommendations, as well as any planned corrective actions. We performed our examination to express an opinion on whether the Forms MS-965 are presented in accordance with the criteria described above and not for the purpose of expressing an opinion on internal control over reporting on the Forms MS-965 or on compliance and other matters; accordingly, we express no such opinions.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Forms MS-965 will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over reporting on the Forms MS-965 was for the limited purpose of expressing an opinion on whether the Forms MS-965 are presented in accordance with the criteria described above and would not necessarily identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our engagement we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Independent Auditor's Report (Continued)

As part of obtaining reasonable assurance about whether the Forms MS-965 are free from material misstatement, we performed tests of the Borough of East Lansdowne, Delaware County's compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of amounts on the Forms MS-965. However, providing an opinion on compliance with those provisions was not an objective of our engagement, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. However, we did note a matter that, while not required to be included in this report by *Government Auditing Standards*, has been included in the finding below:

- Late Receipts Of Allocations And Allocations Deposited Into The Holding Fund - Recurring.

The examination finding contained in this report cites a condition that existed in the operation of the municipality during the previous engagement period and was not corrected during the current examination period. The municipality should strive to comply with the recommendations and corrective actions noted in this report.

The purpose of this report is to determine whether the municipality's Liquid Fuels Tax Fund money is spent in accordance with the laws and regulations identified in the Background section of this report and the Department of Transportation's *Publication 9*. This report is not suitable for any other purpose.

We appreciate the courtesy extended by the Borough of East Lansdowne, Delaware County, to us during the course of our examination. If you have any questions, please feel free to contact Michael B. Kashishian, CPA, CGAP, CFE, Director, Bureau of County Audits, at 717-787-1363.

BOROUGH OF EAST LANSDOWNE
DELAWARE COUNTY
LIQUID FUELS TAX FUND
BACKGROUND
FOR THE PERIOD
JANUARY 1, 2014 TO DECEMBER 31, 2016

Background

The Liquid Fuels Tax Municipal Allocation Law, Act 655 of 1956, as amended, (72 P.S. § 2615.5 et seq.), provides municipalities other than counties (townships, boroughs, cities, towns, home rule, and optional plan governments) with an annual allocation of liquid fuels taxes from the state's Motor License Fund to be used for the maintenance and repair of streets, roads, and bridges for which the municipality is responsible. The allocation of these funds to municipalities is based: (1) 50 percent on the municipality's proportion of local road mileage to the total local road mileage in the state, and (2) 50 percent on the proportion of a municipality's population to the total population in the state.

The Vehicle Code, Title 75 P.S. § 9511, provides municipalities with annual maintenance payments to be received from the Motor License Fund for functionally local highways that were transferred to a municipality from the Commonwealth of Pennsylvania.

Each municipality must deposit the allocation of Liquid Fuels Tax funds and annual maintenance payments that it receives into a special fund called either the Municipal Liquid Fuels Tax Fund or State Fund. A municipality may not deposit any other monies into this fund except when the municipality does not have enough money in the special fund to meet the payments called for by its current annual budget for road and bridge purposes. In such a case, the municipality may borrow money or transfer money from its General Fund to its Liquid Fuels Tax Fund.

The Department of Transportation has been given the regulatory authority for the administration of these funds. Department of Transportation's *Publication 9* includes the policies and procedures for the administration of Act 655, as amended, and the Liquid Fuels Tax Fund money. However, if there is a difference between *Publication 9* and any legislation, the legislation shall govern.

To qualify for the annual allocation of Liquid Fuels Tax funds, *Publication 9* indicates that each municipality shall:

1. Submit annual reports (MS-965, Actual Use Report, MS-965P, Project and Miscellaneous Receipts, and MS-965S, Record of Checks).
2. Make deposits and payments or expenditures in compliance with Act 655 of 1956, as amended. Failure to do so may result in not receiving allocations from PennDOT until all discrepancies are resolved. *Publication 9*, Section 2.6, includes information about investing Liquid Fuels Tax monies, using loan or bond proceeds, and types of receipts into the Liquid Fuels Tax Fund.

 NOTES TO FORMS MS-965 WITH ADJUSTMENTS
 FOR THE PERIOD
 JANUARY 1, 2014 TO DECEMBER 31, 2016

1. Criteria

Section 1

This section of Form MS-965 With Adjustments provides a summary of Liquid Fuels Tax Fund expenditures by category. Categories requiring explanation include:

- Major equipment purchases are purchases of road machinery and road equipment with varying yearly costs in excess of the amounts indicated below:

| 2012 | 2013 | 2014 | 2015/2016 |
|-------------|-------------|-------------|-------------|
| \$10,000.00 | \$10,200.00 | \$10,300.00 | \$10,500.00 |

- Minor equipment purchases are purchases of road machinery and road equipment with varying yearly costs that are less than or equal to the amounts indicated below:

| 2012 | 2013 | 2014 | 2015/2016 |
|-------------|-------------|-------------|-------------|
| \$10,000.00 | \$10,200.00 | \$10,300.00 | \$10,500.00 |

- Agility projects are exchanges of services with the Department of Transportation.

Section 2

This section of Form MS-965 With Adjustments provides information on the fund balance. Categories requiring explanation include:

- The state allocation is available from the Department of Transportation in March of each year. The amount the municipality receives is based half on its population and half on its road mileage.
- Municipalities that transferred roads from the Commonwealth of Pennsylvania to the municipality through the Highway Transfer Program receive annual turnback allocations in March of each year from the Department of Transportation. Turnback allocations are based on the mileage of the roads transferred.

1. Criteria (Continued)

Section 2 (Continued)

- Expenditures include the total transferred from Section 1.

Section 3

This section of Form MS-965 With Adjustments determines if the municipality expended Liquid Fuels Tax Fund money in excess of the permissible amount for equipment and the balance that the municipality may carry forward for the purchase of equipment to the subsequent year.

Department of Transportation *Publication 9* requires that the amount expended for equipment purchases in a given year not exceed the sum of the equipment balance carried forward from the previous year and 20 percent of the current year's Liquid Fuels Tax Fund allocation and, if applicable, 20 percent of the turnback allocation plus other Department of Transportation approved adjustments.

If the municipality spent in excess of the amount listed on Line 4, the excess must be reimbursed to the Liquid Fuels Tax Fund.

The equipment balance to be carried forward for the subsequent year is the lesser of the amount on Line 6 or the ending fund balance on Line 6 of Section 2, but not less than zero.

Basis Of Presentation

The financial activities of the municipality are accounted for in separate funds. The Liquid Fuels Tax Fund is used to account for state aid revenues from the Pennsylvania Department of Transportation used primarily for building and improving local roads and bridges. The Forms MS-965 have been prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation as a result of the Fuels Tax Act 655, dated 1956 and as amended, which does not constitute a complete presentation of the entity's assets, liabilities, expenses, and fund balance. Accordingly, the presentation of Forms MS-965 With Adjustments is restricted to the Liquid Fuels Tax Fund, which represents a segment of the entity.

LIQUID FUELS TAX FUND
NOTES TO FORMS MS-965 WITH ADJUSTMENTS
FOR THE PERIOD

1. Criteria (Continued)

Basis Of Accounting

The accompanying Forms MS-965 With Adjustments are prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation. Under this method, revenues are recognized when received and expenditures are recorded when paid.

General Fixed Assets

General fixed assets are recognized as expenditures at the time of purchase. No depreciation has been provided on the heavy equipment used to maintain and repair roads and bridges.

2. Deposits

The Borough Code, Title 53 P.S. § 46316, authorizes the borough to deposit its funds in the following:

- Deposits in savings accounts or time deposits, other than certificates of deposit or share accounts, of institutions having their principal place of business in the Commonwealth of Pennsylvania and insured by the Federal Deposit Insurance Corporation (FDIC) or other like insurance. For any amount above the insured maximum, the depository shall pledge approved collateral.
- Certificates of deposit purchased from institutions insured by the FDIC or other like insurance to the extent that such accounts are so insured. For any amounts in excess of the insured maximum, such deposits shall be collateralized by a pledge or assignment of assets. Certificates of deposit may not exceed 20 percent of a bank's total capital surplus or 20 percent of a savings and loan or savings bank's assets minus liabilities.

Deposits consist of receipts and deposits in a financial institution. Pennsylvania statutes require all deposits to be insured and, for any amount above the insured maximum, to be secured with approved collateral as defined.

2. Deposits (Continued)

There were no deposits exposed to custodial credit risk as of December 31, 2016. Custodial credit risk, as defined by GASB No. 40, as amended, includes deposits that are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the municipality's name.

Fund Balance

The fund balance as of December 31, 2016, consists of the following:

| | |
|------|---------------------------|
| Cash | <u><u>\$81,272.12</u></u> |
|------|---------------------------|

3. Interest On Investments

Our examination disclosed that the municipality deposited idle liquid fuels tax money in an interest-bearing account which earned \$3.87 during 2014, \$12.87 during 2015, and \$134.65 during 2016, thus providing additional funds for road maintenance and repairs.

4. Adjustments

2015 - Section 2

An adjustment of \$(8,532.90) was made to "State allocation" because this receipt was overstated.

An adjustment of \$(89,276.62) was made to "Miscellaneous" because there were no miscellaneous receipts.

2015 - Section 3

An adjustment of \$(1,706.58) was made to "Current year equipment allocation" because the state allocation of \$42,964.52 from 2015 - Section 2, which is used to calculate this figure, was over stated.

4. Adjustments (Continued)

2016 - Section 1

Adjustments of \$104.00 were made to “Maintenance and repair of roads and bridges” and “Highway construction and rebuilding projects” because these expenditures were misclassified.

2016 - Section 2

An adjustment of \$(97,809.52) was made to “Balance, January 1, 2016” to reflect the adjustment made to the fund balance in 2015 – Section 2.

An adjustment of \$97,809.52 was made to “State allocation” because these receipts were understated.

2016 - Section 3

An adjustment of \$(19,561.90) was made to “Prior year equipment balance” because an incorrect equipment balance was carried forward.

An adjustment of \$19,561.90 was made to “Current year equipment allocation” because the state allocation of \$157,945.93 from 2016 - Section 2, which is used to calculate this figure, was understated.

5. Miscellaneous Receipts

The following miscellaneous receipts were deposited into the Liquid Fuels Tax Fund during the examination period.

FINDING AND RECOMMENDATIONS
FOR THE PERIOD
JANUARY 1, 2014 TO DECEMBER 31, 2016

**Finding - Late Receipt Of Allocations And Allocations Deposited Into
The Holding Fund - Recurring**

We cited the borough for non-receipt of allocation during our prior report for the period January 1, 2012 to December 31, 2013. The 2014, 2015, and 2016 Liquid Fuels Tax Fund allocations of \$46,312.10, \$51,497.42, and \$60,136.41, respectively, which should have been distributed from the Department of Transportation to the municipality during the first week of March of each year, were not received until January 23, 2015, June 15, 2015, and April 5, 2016, respectively, because the municipality failed to comply with the Department of Transportation's *Publication 9*, Chapter Two, Section 2.4, which states:

To qualify for the annual liquid fuels tax allocation, a municipality shall;

- Submit annual reports (MS-965, Actual Use Report, MS-965P, Project and Miscellaneous Receipts, and MS-965S, Record of Checks).
- Make deposits and payments or expenditures in compliance with the Act 655. Failure to do so may result in not receiving allocations from PENNDOT until all discrepancies are resolved.
- Submit the Pennsylvania Department of Community and Economic Development's (DCED) Report of Elected and Appointed Officials by January 31st and the Survey of Financial Condition by March 15th.
- Ensure resolution of all Contractor Responsibility Program (CRP) holds and blocks imposed by the Department of Revenue and the Department of Labor and Industry.

Additionally, the Commonwealth of Pennsylvania electronically deposited the allocations into the Holding Fund on January 23, 2015, June 15, 2015 and April 5, 2016, respectively. The municipality should have discovered the error by reconciling bank statements monthly. However, the municipality did not transfer the 2014, 2015 and 2016 allocations to the Liquid Fuels Tax Fund until September 29, 2016.

FINDING AND RECOMMENDATIONS
FOR THE PERIOD
JANUARY 1, 2014 TO DECEMBER 31, 2016

**Finding - Late Receipts Of Allocations And Allocations Deposited Into The Holding Fund -
Recurring (Continued)**

The practice of depositing liquid fuels money into any account other than the Liquid Fuels Tax Fund account is contrary to the Act of June 1, 1956, P.L. (1955) 1944, 72 P.S. § 2615.5, known as the Liquid Fuels Tax Municipal Allocation Law, which states:

. . . each city, borough, town and township, shall . . . Establish and maintain a special fund into which the moneys [liquid fuels tax funds] . . . shall be deposited and into which no other moneys may be deposited or commingled . . .

Because the municipality failed to file documents and information timely as noted above and because the allocations were deposited into the Holding Fund, the municipality did not have use of the 2014 allocation for more than two years, the 2015 allocation for more than one year, and the 2016 allocation for more than six months. Furthermore, had the allocation been received and deposited into the Liquid Fuels Tax Fund timely, money may have been available for investment purposes, potentially earning interest income which could have been used for road maintenance and repairs. Also, the risk that Liquid Fuels Tax Fund money may be used for unauthorized purposes increases when liquid fuels money is comingled with other funds.

Recommendations

We again recommend that, in the future, the municipality complies with the Department of Transportation's *Publication 9* to ensure that the allocations are received during the first week in March as outlined above.

We further recommend that the municipality ensure that all liquid fuels tax allocations are deposited into the Liquid Fuels Tax Fund. Additionally, the municipality should ensure that the bank statements are reconciled monthly to reduce the risk of allocations being deposited into an incorrect account not being detected timely.

Management's Response

The treasurer stated:

I agree with the finding of late allocations.

SUMMARY OF PRIOR EXAMINATIONS' RECOMMENDATIONS
FOR THE PERIOD
JANUARY 1, 2014 TO DECEMBER 31, 2016

Summary Of 2006-2007 Examination Recommendation

In our 2006-2007 report we recommended that the Department of Transportation review our examination finding to determine if the municipality should reimburse \$12,676.98 to its Liquid Fuels Tax Fund for retroactive expenditures. In our 2012-2013 report we noted that the municipality reimbursed \$11,000.00 to its Liquid Fuels Tax Fund on December 31, 2013, leaving \$1,676.98 due the Liquid Fuels Tax Fund.

During our current examination, we noted that on December 29, 2014, the municipality reimbursed the final \$1,678.98 to its Liquid Fuels Tax Fund.

Summary Of 2012-2013 Examination Recommendation

In our 2012-2013 report noted that the municipality did not received its 2013 allocation of \$42,964.52 during the examination period. We recommended that the municipality file all required documents and information timely to receive its allocations timely.

During our current examination we noted that the municipality did not comply with our recommendations (see Finding) but did receive its 2013 Liquid Fuels Tax Fund allocation on January 26, 2015.
