TIMOTHY L. DEFOOR AUDITOR GENERAL

# Independent Auditor's Report

The Honorable Yassmin Gramian, P.E. Secretary Department of Transportation Harrisburg, PA 17120

We examined the accompanying Forms MS-965 With Adjustments for the Liquid Fuels Tax Fund of the Borough of Greensboro, Greene County, for the period January 1, 2019 to December 31, 2020. The municipality's management is responsible for presenting the Forms MS-965 in accordance with the criteria described in the Background section of this report and the Department of Transportation's *Publication 9*. Our responsibility is to express an opinion on the Forms MS-965 With Adjustments based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Forms MS-965 are presented in accordance with the criteria described above, in all material respects. An examination involves performing procedures to obtain evidence about the Forms MS-965. The nature, timing and extent of the procedures selected depend on our judgement, including an assessment of the risks of material misstatement of the Forms MS-965, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

As discussed in the Findings No. 1, the municipality expended \$3,575.00 during 2020 from the Liquid Fuels Tax Fund for the construction of a driveway, which is a nonpermissible expenditure. Additionally, as discussed in Finding No. 2, the municipality expended \$2,096.97 during 2020 from the Liquid Fuels Tax Fund for related party transactions.

## Independent Auditor's Report (Continued)

In our opinion, except for the matters discussed in the preceding paragraphs, the Forms MS-965 With Adjustments present, in all material respects, the information required by the Pennsylvania Department of Transportation for the Liquid Fuels Tax Fund of the Borough of Greensboro, Greene County, for the period January 1, 2019 to December 31, 2020, in accordance with the criteria described in the Background section of this report and the Department of Transportation's *Publication 9*.

In accordance with *Government Auditing Standards*, we are required to report all deficiencies that are considered to be significant deficiencies or material weaknesses in internal control; fraud and noncompliance with provisions of laws or regulations that have a material effect on the Forms MS-965; and any other instances that warrant the attention of those charged with governance; noncompliance with provisions of contracts or grant agreements, and abuse that has a material effect on the Forms MS-965. We are also required to obtain and report the views of responsible officials concerning the findings, conclusions, and recommendations, as well as any planned corrective actions. We performed our examination to express an opinion on whether the Forms MS-965 are presented in accordance with the criteria described above and not for the purpose of expressing an opinion on internal control over reporting on the Forms MS-965 or on compliance and other matters; accordingly, we express no such opinions.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Forms MS-965 will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over reporting on the Forms MS-965 was for the limited purpose of expressing an opinion on whether the Forms MS-965 are presented in accordance with the criteria described above and would not necessarily identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our engagement we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### Independent Auditor's Report (Continued)

As part of obtaining reasonable assurance about whether the Forms MS-965 are free from material misstatement, we performed tests of Borough of Greensboro, Greene County's compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of amounts on the Forms MS-965. However, providing an opinion on compliance with those provisions was not an objective of our engagement, and accordingly, we do not express such an opinion. The results of our tests disclosed the following instances of noncompliance that are required to be reported under *Government Auditing Standards*:

- Nonpermissible Expenditure Recurring.
- Related Party Transactions.

We also noted a matter that, while not required to be included in this report by *Government Auditing Standards*, has been included in the finding below:

• Late Receipt Of Allocations.

The examination finding contained in this report cites a condition that existed in the operation of the municipality during the previous engagement period and was not corrected during the current examination period. The municipality should strive to comply with the recommendations in this report.

The purpose of this report is to determine whether the municipality's Liquid Fuels Tax Fund money is spent in accordance with the laws and regulations identified in the Background section of this report and the Department of Transportation's *Publication 9*. This report is not suitable for any other purpose.

We appreciate the courtesy extended by the Borough of Greensboro, Greene County, to us during the course of our examination. If you have any questions, please feel free to contact the Bureau of County Audits at 717-787-1363.

Timothy L. Detoor

#### Background

The Liquid Fuels Tax Municipal Allocation Law, Act 655 of 1956, as amended, (72 P.S. § 2615.5 et sec.), provides municipalities other than counties (townships, boroughs, cities, towns, home rule, and optional plan governments) with an annual allocation of liquid fuels taxes from the state's Motor License Fund to be used for the maintenance and repair of streets, roads, and bridges for which the municipality is responsible. The allocation of these funds to municipalities is based: (1) 50 percent on the municipality's proportion of local road mileage to the total local road mileage in the state, and (2) 50 percent on the proportion of a municipality's population to the total population in the state.

*The Vehicle Code*, Title 75 P.S. § 9511, provides municipalities with annual maintenance payments to be received from the Motor License Fund for functionally local highways that were transferred to a municipality from the Commonwealth of Pennsylvania.

Each municipality must deposit the allocation of Liquid Fuels Tax funds and annual maintenance payments that it receives into a special fund called either the Municipal Liquid Fuels Tax Fund or State Fund. A municipality may not deposit any other monies into this fund except when the municipality does not have enough money in the special fund to meet the payments called for by its current annual budget for road and bridge purposes. In such a case, the municipality may borrow money or transfer money from its General Fund to its Liquid Fuels Tax Fund.

The Department of Transportation has been given the regulatory authority for the administration of these funds. Department of Transportation's *Publication 9* includes the policies and procedures for the administration of Act 655, as amended, and the Liquid Fuels Tax Fund money. However, if there is a difference between *Publication 9* and any legislation, the legislation shall govern.

To qualify for the annual allocation of Liquid Fuels Tax funds, *Publication 9* indicates that each municipality shall:

- 1. Submit annual reports (MS-965, Actual Use Report, MS-965P, Project and Miscellaneous Receipts, and MS-965S, Record of Checks).
- 2. Make deposits and payments or expenditures in compliance with Act 655 of 1956, as amended. Failure to do so may result in not receiving allocations from PennDOT until all discrepancies are resolved. *Publication 9*, Section 2.6, includes information about investing Liquid Fuels Tax monies, using loan or bond proceeds, and types of receipts into the Liquid Fuels Tax Fund.

# Background (Continued)

- 3. Submit the Pennsylvania Department of Community and Economic Development's (DCED) Report of Elected and Appointed Officials by January 31<sup>st</sup> and the Survey of Financial Condition By March 15<sup>th</sup>.
- 4. Ensure resolution of all Contractor Responsibility Program (CRP) holds and blocks imposed by the Department of Revenue and the Department of Labor and Industry.
- 5. Ensure resolution of all reimbursements required as a result of audits performed by the Department of the Auditor General or monitoring reviews performed by the Department of Transportation's Financial Consultants.

# Criteria

The criteria for the Form MS-965 With Adjustment are described below.

Section 1 of Form MS-965 With Adjustments provides a summary of Liquid Fuels Tax Fund expenditures by category. Categories requiring explanation include:

• Major equipment purchases are purchases of road machinery and road equipment with varying yearly costs in excess of the amounts indicated below:

2017	2018	2019	2020
\$10,700.00	\$10,900.00	\$11,100.00	\$11,300.00

• Minor equipment purchases are purchases of road machinery and road equipment with varying yearly costs that are less than or equal to the amounts indicated below:

2017	2018	2019	2020
\$10,700.00	\$10,900.00	\$11,100.00	\$11,300.00

• Agility projects are exchanges of services with the Department of Transportation.

# Background (Continued)

Section 2 of Form MS-965 With Adjustments provides information on the fund balance. Categories requiring explanation include:

- The state allocation is available from the Department of Transportation in March of each year. The amount the municipality receives is based half on its population and half on its road mileage.
- Municipalities that transferred roads from the Commonwealth of Pennsylvania to the municipality through the Highway Transfer Program receive annual turnback allocations in March of each year from the Department of Transportation. Turnback allocations are based on the mileage of the roads transferred.
- Expenditures include the total transferred from Section 1.

Section 3 of Form MS-965 With Adjustments determines if the municipality expended Liquid Fuels Tax Fund money in excess of the permissible amount for equipment and the balance that the municipality may carry forward for the purchase of equipment to the subsequent year.

Department of Transportation *Publication 9* requires that the amount expended for equipment purchases in a given year not exceed the sum of the equipment balance carried forward from the previous year and 20 percent of the current year's Liquid Fuels Tax Fund allocation and, if applicable, 20 percent of the turnback allocation plus other Department of Transportation approved adjustments.

If the municipality spent in excess of the amount listed on Line 4, the excess must be reimbursed to the Liquid Fuels Tax Fund.

The equipment balance to be carried forward for the subsequent year is the lesser of the amount on Line 6 or the ending fund balance on Line 6 of Section 2, but not less than zero.

#### Background (Continued)

#### Basis of Presentation

The financial activities of the municipality are accounted for in separate funds. The Liquid Fuels Tax Fund is used to account for state aid revenues from the Pennsylvania Department of Transportation used primarily for building and improving local roads and bridges. The Form MS-965 has been prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation as a result of the Fuels Tax Act 655, dated 1956 and as amended, which does not constitute a complete presentation of the entity's assets, liabilities, expenses, and fund balance. Accordingly, the presentation of Form MS-965 With Adjustments is restricted to the Liquid Fuels Tax Fund, which represents a segment of the entity.

#### Basis Of Accounting

The accompanying Form MS-965 With Adjustments is prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation. Under this method, revenues are recognized when received and expenditures are recorded when paid.

#### General Fixed Assets

General fixed assets are recognized as expenditures at the time of purchase. No depreciation has been provided on the heavy equipment used to maintain and repair roads and bridges.

# BOROUGH OF GREENSBORO GREENE COUNTY LIQUID FUELS TAX FUND AUDITOR DESCRIPTION OF SELECT TRANSACTIONS FOR THE PERIOD JANUARY 1, 2019 TO DECEMBER 31, 2020

The following information relates to certain types of transactions for which the Pennsylvania Department of Transportation requested that we provide additional detail.

#### Miscellaneous Receipts

On January 24, 2020, the municipality transferred \$1,800.00 from its General Fund to its Liquid Fuels Tax Fund that was received from the General Fund for reimbursement a reimbursement of prior examination recommendation (see Summary Of Prior Examination Recommendations).

#### Miscellaneous Expenditures

The following miscellaneous expenditures were paid from the Liquid Fuels Tax Fund during the examination period:

Payee	Description	2019
Vendor Vendor	Advertising License plate application	\$ 92.34 32.00
Totals		\$124.34

# Finding No. 1 - Nonpermissible Expenditure - Recurring

We cited the municipality for nonpermissible expenditures in our prior two reports with the most recent being for the period of January 1, 2018 to December 31, 2018. Our current examination disclosed that the municipality expended \$3,575.00 during 2020 from the Liquid Fuels Tax Fund for a driveway, which is a nonpermissible expenditure.

The Liquid Fuels Tax Municipal Allocation Law, 72 P.S. § 2615.4, provides, in part, that monies herein allocated may be used only for construction, reconstruction, maintenance, and repairs of such public roads or streets, including bridges, culverts and drainage structures, for which they are legally responsible. Also permitted are expenditures involving acquisition, maintenance, repairs and operation of street signs, traffic signs, traffic signal control systems, road equipment, and snow fences.

The Department of Transportation has been statutorily authorized to promulgate regulations concerning the administration of Liquid Fuels Tax Fund money and has determined that certain items, including driveways, are outside the scope of permissible expenditures.

The failure to follow the Liquid Fuels Tax Municipal Allocation Law and the Department of Transportation's Regulations as noted above could result in the municipality having to reimburse \$3,575.00 to its Liquid Fuels Tax Fund.

The municipality purchased a new winter maintenance truck that required the construction of a driveway/parking space due to the vehicle's size. The municipality incorrectly believed that this expenditure was permissible.

#### Recommendations

We recommend that the municipality reimburse \$3,575.00 to its Liquid Fuels Tax Fund upon official notification by the Department of Transportation.

We further recommend that, in the future, the municipality comply with the Liquid Fuels Tax Municipal Allocation Law and the Department of Transportation's Regulations regarding permissible expenditures.

# **Finding No. 1 - Nonpermissible Expenditure - Recurring (Continued)**

#### Management's Response

The Secretary/Treasurer stated:

Will pay expenses from General Fund in the future if we need to make a driveway/parking space.

#### Auditor's Conclusion

During our next examination, we will determine if the municipality complied with our recommendations.

## Finding No. 2 - Related Party Transactions

Our examination disclosed that the borough expended \$2,096.97 during 2020 from the Liquid Fuels Tax Fund for equipment parts and labor for repairs to a 2001 International dump truck with a snow plow. The parts were purchased from and the repairs were done by a person who is the spouse of one council member and the father of another council member. Because of the relationship with two council members and the lack of an open and public award process, these expenditures appear to violate *The Borough Code* and The Public Official and Employee Ethics Act. Therefore, they should not have been paid from the Liquid Fuels Tax Fund.

The Borough Code, 53 P.S. § 46404, as amended, states, in part:

... no borough official, either elected or appointed, or township employee who knows, or who by the exercise of reasonable diligence could know, shall be interested to any appreciable degree, either directly or indirectly, in any purchase made or contract entered into or expenditure of money made by the borough or relating to the business of the borough, involving the expenditure by the borough of more than one thousand dollars (\$1000.00) in any calendar year, but this limitation shall not apply to cases where such officer or appointee of the borough is an employee of the person, firm or corporation to which the money is to be paid in a capacity with no possible influence on the transaction and in which he cannot be possibly benefited thereby either financially or otherwise. But in the case of a councilman or mayor, if he knows that he is within the exception just mentioned he shall so inform council and shall refrain from voting on the expenditure or any ordinance relating thereto, and shall in no manner participate therein....

This information is also published in § 1404 of *The Borough Code* as published by the Local Government Commission.

The Public Official and Employee Ethics Act ("Ethics Act"), 65 P.S. 1103(f), states, in part:

No public official or public employee or his spouse or child or any business in which the person or his spouse or child is associated shall enter into any contract valued at \$500 or more with the governmental body with which the public official or public employee is associated or any subcontract valued at \$500 or more with any person who has been awarded a contract with the governmental body with which the public official or public employee is associated, unless the contract has been awarded through an open and public process, including prior public notice and subsequent public disclosure of all proposals considered and contracts awarded. In such a case, the public official or public employee shall not have any supervisory or overall responsibility for the implementation or administration of the contract.

# Finding No. 2 - Related Party Transactions (Continued)

Because these expenditures violate *The Borough Code* and the Ethics Act the borough could be required by the Pennsylvania Department of Transportation to reimburse \$2,096.97 to its Liquid Fuels Tax Fund.

Copies of this finding will be forwarded to the Pennsylvania Department of Transportation and the State Ethics Commission for their review and whatever action they may deem appropriate.

This condition occurred because the borough felt that the truck needed emergency repairs and that they couldn't wait for a commercial repair shop to do the repairs.

#### Recommendations

We recommend that the borough reimburse \$2,096.97 to its Liquid Fuels Tax Fund upon official notification by the Department of Transportation.

We further recommend that, in the future, the borough complies with *The Borough Code* and the Ethics Act.

#### Management's Response

The Secretary/Treasurer stated:

We do not believe that there was a problem with the person we hired repairing the vehicle. Because it was not anticipated that the truck was in need of so many parts, and the repairs were imminent due to inclement weather conditions, this was an emergency because we could not wait for a commercial repair shop. To have this work bid out would have taken an extensive amount of time that we did not have. We have advertised multiple times for snow removal and did not receive bids at all. Therefore, we had to purchase our own vehicle. Unfortunately, the vehicle was not in the condition that we believed and caused emergency repairs to be made. Moving forward, we will ensure that the vehicle(s) are maintained, operational, and serviced prior to winter. In this case, we do not feel that a finding should be made due to the emergency situation that was at hand. The council handled the emergency with the best solution at that particular time.

# Finding No. 2 - Related Party Transactions (Continued)

#### Auditor's Conclusion

*The Borough Code* and the Ethics Act do not permit contracts between related parties over the above thresholds unless they were awarded through the public bid process. The Department of Transportation will determine if the municipality is required to reimburse \$2,096.97 to its Liquid Fuels Tax Fund. During our next examination, we will determine if the municipality complied with our recommendations.

# Finding No. 3 - Late Receipt Of Allocations

Our examination disclosed that the 2019 and 2020 Liquid Fuels Tax Fund allocations of \$12,773.91 and \$12,430.66, respectively, which should have been distributed from the Department of Transportation to the municipality during the first week of March of each year, were not received until August 28, 2019 and May 27, 2020, respectively, because the municipality failed to comply with the Department of Transportation's *Publication 9*, Chapter Two, Section 2.4, which states:

To qualify for the annual liquid fuels tax allocation, a municipality shall:

- Submit annual reports (MS-965, Actual Use Report, MS-965P, Project and Miscellaneous Receipts, and MS-965S, Record of Checks).
- Make deposits and payments or expenditures in compliance with the Act 655. Failure to do so may result in not receiving allocations from PENNDOT until all discrepancies are resolved.
- Submit the Pennsylvania Department of Community and Economic Development's (DCED) Report of Elected and Appointed Officials by January 31<sup>st</sup> and the Survey of Financial Condition by March 15<sup>th</sup>.
- Ensure resolution of all Contractor Responsibility Program (CRP) holds and blocks imposed by the Department of Revenue and the Department of Labor and Industry.
- Ensure resolution of all reimbursements required as a result of audits performed by the Department of the Auditor General or monitoring reviews performed by the Department of Transportation's Financial Consultants.

Because the municipality failed to file documents and information timely as noted above, the municipality did not have use of the 2019 allocation for more than five months and the 2020 allocation for more than two months. Furthermore, had the allocations been received timely, money may have been available for investment purposes, potentially earning interest income which could have been used for road maintenance and repairs.

# Finding No. 3 - Late Receipt Of Allocations (Continued)

#### Recommendation

We recommend that, in the future, the municipality complies with the Department of Transportation's *Publication 9* to ensure that the allocations are received during the first week in March as outlined above.

#### Management's Response

The Secretary/Treasurer stated:

I have since made certain that I can access the account prior to due dates and continue to follow this plan.

#### Auditor's Conclusion

During our next examination, we will determine if the municipality complied with our recommendation.

# BOROUGH OF GREENSBORO GREENE COUNTY LIQUID FUELS TAX FUND SUMMARY OF PRIOR EXAMINATION RECOMMENDATIONS FOR THE PERIOD JANUARY 1, 2019 TO DECEMBER 31, 2020

#### Summary Of Prior Examination Recommendations

In our prior report, we recommended that the Department of Transportation review our examination finding to determine if the municipality should reimburse \$1,800.00 to its Liquid Fuels Tax Fund for nonpermissible expenditures.

During our current examination, we reviewed a letter dated November 18, 2019, from the Department of Transportation directing the municipality to reimburse \$1,800.00 to its Liquid Fuels Tax Fund. We noted that the municipality reimbursed this amount to its Liquid Fuels Tax Fund on January 20, 2020.

In our prior report, we also recommended that the municipality comply with the Liquid Fuels Tax Municipal Allocation Law and the Department of Transportation's regulations regarding permissible expenditures.

During our current examination, we noted that the municipality did not comply with our recommendations (see Finding No. 1).

# BOROUGH OF GREENSBORO GREENE COUNTY LIQUID FUELS TAX FUND SUMMARY OF EXIT CONFERENCE FOR THE PERIOD JANUARY 1, 2019 TO DECEMBER 31, 2020

An exit conference was held June 8, 2021. Those participating were:

# BOROUGH OF GREENSBORO

Mrs. Lisa A. Miller, Secretary/Treasurer

# DEPARTMENT OF THE AUDITOR GENERAL

Mrs. Michele Simpson, Auditor

The results of the examination were presented and discussed in their entirety.

This report was initially distributed to:

#### The Honorable Yassmin Gramian, P.E.

Secretary Department of Transportation

#### **Borough of Greensboro**

Greene County P.O. Box 153 110 Front Street Greensboro, PA 15338

#### The Honorable Shawn McManis

President of Council

# The Honorable Charles Mallory

Vice-President of Council

#### Mrs. Lisa A. Miller Secretary/Treasurer

Secretary/Treasurer
