

BOROUGH OF RED LION YORK COUNTY 66-424

LIQUID FUELS TAX FUND EXAMINATION REPORT

FOR THE PERIOD
JANUARY 1, 2010 TO DECEMBER 31, 2012

COMMONWEALTH OF PENNSYLVANIA

EUGENE A. DEPASQUALE - AUDITOR GENERAL

DEPARTMENT OF THE AUDITOR GENERAL

Commonwealth of Pennsylvania Department of the Auditor General Harrisburg, PA 17120-0018 Facebook: Pennsylvania Auditor General Twitter: @PAAuditorGen

EUGENE A. DEPASQUALE AUDITOR GENERAL

Independent Auditor's Report

The Honorable Barry J. Schoch, P.E. Secretary
Department of Transportation
Harrisburg, PA 17120

We examined the accompanying Forms MS-965 With Adjustments for the Liquid Fuels Tax Fund of the Borough of Red Lion, York County, for the period January 1, 2010 to December 31, 2012. The municipality's management is responsible for the Forms MS-965. Our responsibility is to express an opinion on the Forms MS-965 With Adjustments based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. An examination includes examining, on a test basis, evidence supporting the Borough of Red Lion, York County's Forms MS-965 for the period January 1, 2010 to December 31, 2012 and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

We are mandated by Section 403 of *The Fiscal Code*, 72 P.S. § 403, to audit each municipality's Liquid Fuels Tax Fund to ensure that funds received are expended in accordance with applicable laws and regulations. *Government Auditing Standards* issued by the Comptroller General of the United States include attestation engagements as a separate type of audit. An attestation engagement performed pursuant to *Government Auditing Standards* involves additional standards that exceed the standards provided by the American Institute of Certified Public Accountants. Accordingly, this attestation engagement complies with both *Government Auditing Standards* and Section 403 of *The Fiscal Code*.

As described in Note 4, the adjustments included on the Forms MS-965 With Adjustments are made by the Department of the Auditor General.

Independent Auditor's Report (Continued)

As discussed in Finding No. 1, during 2011 the borough expended \$10,942.35 for anti-skid. The borough stated that the purchases were made from COSTARS contracts. However, the borough could not provide us with documentation that the purchases were made from a COSTARS contract. Additionally, as discussed in Finding No. 3, the borough expended \$6,338.37 for various purchases of pipe. However, documentation for price quotations was not maintained.

In our opinion, except for the matters discussed in the preceding paragraph, the Forms MS-965 With Adjustments present, in all material respects, the information required by the Pennsylvania Department of Transportation for the Liquid Fuels Tax Fund of the Borough of Red Lion, York County, for the period January 1, 2010 to December 31, 2012, in conformity with the criteria set forth in Note 1.

In accordance with *Government Auditing Standards*, we are required to report findings of significant deficiencies in internal control, violations of provisions of contracts or grant agreements, and abuse that are material to the Forms MS-965 and any fraud and illegal acts that are more than inconsequential that come to our attention during our examination. We are also required to obtain the views of management on those matters. We performed our examination to express an opinion on whether the Forms MS-965 are presented in accordance with the criteria described above and not for the purpose of expressing an opinion on the internal control over reporting on the Forms MS-965 or on compliance and other matters; accordingly, we express no such opinions.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Borough of Red Lion, York County's ability to initiate, authorize, record, process, or report data reliably in accordance with the applicable criteria such that there is more than a remote likelihood that a misstatement of the Borough of Red Lion, York County's Forms MS-965 that is more than inconsequential will not be prevented or detected by the Borough of Red Lion, York County's internal control.

A material weakness is a significant deficiency or combination of significant deficiencies that results in more than a remote likelihood that a material misstatement of the Forms MS-965 will not be prevented or detected by the Borough of Red Lion, York County's internal control.

Our consideration of internal control over reporting on the Forms MS-965 was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any significant deficiencies or material weaknesses, as defined above, in internal control over reporting on the Forms MS-965.

<u>Independent Auditor's Report (Continued)</u>

The results of our tests disclosed the following instances of noncompliance that are required to be reported under *Government Auditing Standards*:

- Failure To Maintain Documentation For Purchases Made From COSTARS Contracts.
- Liquid Fuels Money Overexpended On Project.
- Documentation For Price Quotations Was Not Available For Examination.

This report is intended solely for the information and use of the Pennsylvania Department of Transportation and the management of the Borough of Red Lion, York County, and is not intended to be and should not be used by anyone other than these specified parties.

June 26, 2013

EUGENE A. DEPASQUALE Auditor General

Eugraf. O-Pagur

BOROUGH OF RED LION YORK COUNTY LIQUID FUELS TAX FUND BACKGROUND FOR THE PERIOD JANUARY 1, 2010 TO DECEMBER 31, 2012

Background

The Liquid Fuels Tax Municipal Allocation Law, Title 72 P.S. § 2615.5, provides municipalities other than counties (townships, boroughs, cities, towns, home rule, and optional plan governments) with an annual allocation of liquid fuels taxes from the state's Motor License Fund to be used for the maintenance and repair of streets, roads, and bridges for which the municipality is responsible. The allocation of these funds to municipalities is based: (1) 50 percent on the municipality's proportion of local road mileage to the total local road mileage in the state, and (2) 50 percent on the proportion of a municipality's population to the total population in the state.

The Vehicle Code, Title 75 P.S. § 9511, provides municipalities with annual maintenance payments to be received from the Motor License Fund for functionally local highways that were transferred to a municipality from the Commonwealth of Pennsylvania.

Each municipality must deposit the Liquid Fuels Tax Fund money and annual maintenance payments that it receives into a special fund called the Municipal Liquid Fuels Tax Fund or State Fund. A municipality may not deposit any other monies into this fund except when the municipality does not have enough money in the special fund to meet the payments called for by its current annual budget for road and bridge purposes. In this case, the municipality may borrow money or transfer money from its General Fund to its Liquid Fuels Tax Fund.

The Department of Transportation has been given the regulatory authority for the administration of these funds. To qualify for its annual allocation, each municipality shall submit the following documents and information to the Department of Transportation:

- 1. Evidence that the treasurer is bonded in accordance with the law, or that its treasurer is a bank requiring no bond by January 31 of each year.
- 2. A report indicating the manner in which its liquid fuels tax allocation was expended in the previous year (Form MS-965) by January 31 of each year.
- 3. A report of elected and appointed officials by January 31 of each year.
- 4. A Survey of Financial Condition by March 15 of each year.

Department of Transportation *Publication 9* contains the policies and procedures that govern the use of Liquid Fuels Tax Fund money. However, if there is a difference between *Publication 9* and any legislation, the legislation shall govern.

BOROUGH OF RED LION YORK COUNTY LIQUID FUELS TAX FUND NOTES TO FORMS MS-965 WITH ADJUSTMENTS FOR THE PERIOD JANUARY 1, 2010 TO DECEMBER 31, 2012

1. Criteria

Section 1

This section of Form MS-965 With Adjustments provides a summary of Liquid Fuels Tax Fund expenditures by category. Categories requiring explanation include:

- Major equipment purchases are purchases of road machinery and road equipment that cost in excess of \$4,000.00 prior to 2012 and in excess of \$10,000.00 during 2012 and subsequent years.
- Minor equipment purchases are purchases of road machinery and road equipment that cost \$4,000.00 or less prior to 2012 and \$10,000.00 or less during 2012 and subsequent years.
- Agility projects are exchanges of services with the Department of Transportation.

Section 2

This section of Form MS-965 With Adjustments provides information on the fund balance. Categories requiring explanation include:

- The state allocation is generally received from the Department of Transportation during the first week in April of each year. The amount the municipality receives is based half on its population and half on its road mileage.
- The turnback allocation is generally received from the Department of Transportation during the first week in April of each year. A municipality receives a yearly turnback allocation based on road mileage for all roads that were transferred to the municipality from the Commonwealth of Pennsylvania through the Highway Transfer Program.
- Expenditures include the total transferred from Section 1.

BOROUGH OF RED LION YORK COUNTY LIQUID FUELS TAX FUND NOTES TO FORMS MS-965 WITH ADJUSTMENTS FOR THE PERIOD JANUARY 1, 2010 TO DECEMBER 31, 2012

1. <u>Criteria (Continued)</u>

Section 3

This section of Form MS-965 With Adjustments determines if the municipality expended Liquid Fuels Tax Fund money in excess of the permissible amount for equipment and the balance that the municipality may carry forward for the purchase of equipment to the subsequent year.

Department of Transportation *Publication 9* requires that the amount expended for equipment purchases in a given year not exceed the sum of the equipment balance carried forward from the previous year and 20 percent of the current year's Liquid Fuels Tax Fund allocation and, if applicable, 20 percent of the turnback allocation plus other Department of Transportation approved adjustments.

If the municipality spent in excess of the amount listed on Line 4, the excess must be reimbursed to the Liquid Fuels Tax Fund.

The equipment balance to be carried forward for the subsequent year is the lesser of the amount on Line 6 or the ending fund balance on Line 6 of Section 2, but not less than zero.

Basis Of Presentation

The financial activities of the municipality are accounted for in separate funds. The Liquid Fuels Tax Fund is used to account for state aid revenues from the Pennsylvania Department of Transportation used primarily for building and improving local roads and bridges. The Forms MS-965 have been prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation as a result of the Fuels Tax Act 655, dated 1956 and as amended, which does not constitute a complete presentation of the entity's assets, liabilities, expenses, and fund balance. Accordingly, the presentation of Forms MS-965 With Adjustments is restricted to the Liquid Fuels Tax Fund, which represents a segment of the entity.

Basis Of Accounting

The accompanying Forms MS-965 With Adjustments are prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation. Under this method, revenues are recognized when received and expenditures are recorded when paid.

BOROUGH OF RED LION YORK COUNTY LIQUID FUELS TAX FUND NOTES TO FORMS MS-965 WITH ADJUSTMENTS FOR THE PERIOD JANUARY 1, 2010 TO DECEMBER 31, 2012

1. Criteria (Continued)

General Fixed Assets

General fixed assets are recognized as expenditures at the time of purchase. No depreciation has been provided on the heavy equipment used to maintain and repair roads and bridges.

2. Deposits

The Borough Code, Title 53 P.S § 46316, authorizes the borough to deposit its funds in the following:

- Deposits in savings accounts or time deposits, other than certificates of deposit or share accounts of institutions having their principal place of business in the Commonwealth of Pennsylvania and insured by the Federal Deposit Insurance Corporation (FDIC) or other like insurance. For any amount above the insured maximum, the depository shall pledge approved collateral.
- Certificates of deposit purchased from institutions insured by the FDIC or other like insurance to the extent that such accounts are so insured. For any amounts in excess of the insured maximum, such deposits shall be collateralized by a pledge or assignment of assets. Certificates of deposit may not exceed 20 percent of a bank's total capital surplus or 20 percent of a savings and loan's or savings bank's assets minus liabilities.

Deposits consist of receipts and deposits in financial institutions. Pennsylvania statutes require all deposits to be insured and, for any amount above the insured maximum, to be secured with approved collateral as defined.

There were no deposits exposed to custodial credit risk as of December 31, 2012. Custodial credit risk, as defined by GASB No. 40, includes deposits that are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the municipality's name.

BOROUGH OF RED LION YORK COUNTY LIQUID FUELS TAX FUND NOTES TO FORMS MS-965 WITH ADJUSTMENTS

FOR THE PERIOD JANUARY 1, 2010 TO DECEMBER 31, 2012

2. <u>Deposits (Continued)</u>

Fund Balance

The fund balance as of December 31, 2012 consists of the following:

Cash \$56,309.54

3. Interest On Investments

Our examination disclosed that the municipality deposited idle liquid fuels tax money in interest-bearing accounts which earned \$108.01 during 2010, \$38.12 during 2011, and \$25.51 during 2012, thus providing additional funds for road maintenance and repairs.

4. Adjustments

2010 - Section 3

An adjustment of \$(30,474.08) was made to "Prior year equipment balance" because of prior report adjustments that were not carried forward in the equipment balance.

2011 - Section 3

An adjustment of \$(30,474.08) was made to "Prior year equipment balance" to reflect the adjustment made to the equipment balance in 2010 - Section 3.

5. <u>Miscellaneous Receipts</u>

The following miscellaneous receipts were deposited into the Liquid Fuels Tax Fund during the examination period:

| Source | Description | 2011 |
|------------------------------|--|--------------------------|
| General Fund General Fund | Reimbursement (Finding No. 2) Reimbursement (Comment) | \$ 8,878.19 26,998.65 |
| Total | | \$35,876.84 |

<u>Finding No. 1 - Failure To Maintain Documentation For Purchases Made From COSTARS</u> Contracts

Our examination disclosed that during 2011 the borough expended \$10,942.35 for anti-skid. The borough stated that the anti-skid was purchased from a COSTARS contract. COSTARS is a program run by the Department of General Services that permits local government entities to make purchases from state contracts. For items purchased from a COSTARS contract the borough should maintain a contract number, a copy of its supplier's information, pricing/discount information, and any documentation of negotiations with other COSTARS suppliers. However, the borough could not provide us with documentation that the purchases were made from a COSTARS contract.

Because the borough could not provide documentation that the anti-skid was purchased from a COSTARS contract and because the borough did not advertise for bids, we could not determine if the above purchase was made in compliance with the advertising, bidding, and contract requirements of *The Borough Code*, 53 P.S. § 46402(a), (also found at § 1402(a) of *The Borough Code* as published by the Local Government Commission), which requires that purchases made after September 8, 1990, over \$10,000.00 must be advertised, bid, and awarded by contract. *The Borough Code*, 53 P.S. § 46403(a), (also found at § 1403(a) of *The Borough Code* as published by the Local Government Commission) further states that advertising, bidding and contract requirements should not be evaded through piecemeal purchases.

In addition, we could not determine if the above purchases were made in compliance with the Department of Transportation's *Publication 9*, Appendix D, Section 449.7(d), which states, in part:

Each municipality shall make an annual estimate of its requirements of road construction and maintenance materials, and shall advertise for bids on all items and groups of like items ordinarily supplied by a single supplier . . . which are estimated to exceed \$10,000 for the year If the cost during the year of an unadvertised item or group of like items ordinarily supplied by a single supplier exceeds \$10,000 . . . the entire cost shall be ineligible for payment from the Liquid Fuels Tax Fund unless it can be shown to the satisfaction of the Secretary [of the Department of Transportation] that it was reasonably believed that the cost of the year's requirements of that item or group of like items would not exceed \$10,000 . . .

<u>Finding No. 1 - Failure To Maintain Documentation For Purchases Made From COSTARS</u> Contracts (Continued)

The failure to comply with *The Borough Code* and the Department of Transportation's *Publication 9* could result in the township having to reimburse \$10,942.35 to its Liquid Fuels Tax Fund.

A similar finding was also written in our prior report. However, we noted that the borough complied during 2012.

Recommendations

We recommend that the borough reimburse \$10,942.35 to its Liquid Fuels Tax Fund upon official notification by the Department of Transportation.

We further recommend that, in the future, the township continue to maintain a contract number, copies of its supplier's information, price/discount information, and any documentation of negotiations with other COSTARS suppliers.

Management's Response

The borough officials offered no formal response at this time.

Finding No. 2 - Liquid Fuels Money Overexpended On Project

Our examination disclosed that the municipality expended \$61,530.45 and \$152,023.14 during 2011 of Liquid Fuels Tax Fund money on construction project Nos. C-10-66424-54 and C-11-66424-468, respectively. However, the amount approved to be expended from the Liquid Fuels Tax Fund for these projects were \$53,507.01 and \$151,168.39, respectively. The differences of \$8,023.44 and \$854.75, respectively, should have been paid directly from the General Fund.

The Department of Transportation's Regulations do not permit a municipality to expend Liquid Fuels Tax Fund money in excess of the amount approved on Municipal Services Completion Report Form MS-999.

On September 14, 2011 and December 14, 2011, the municipality reimbursed \$8,023.44 and \$854.75, respectively, to the Liquid Fuels Tax Fund.

Recommendation

We recommend that, in the future, the municipality expend only the approved amount of Liquid Fuels Tax Fund money on road construction projects.

Management's Response

The borough manager stated:

This finding was reimbursed prior to the audit.

Auditor's Conclusion

The borough council should ensure that only the approved amount of Liquid Fuels Tax Fund money is expended for road projects. During our next examination we will determine if the municipality complied with our recommendation.

Finding No. 3 - Documentation For Price Quotations Was Not Available For Examination

Our examination disclosed that the borough expended \$6,338.37 during 2011 from the Liquid Fuels Tax Fund for various purchases of pipe. The borough was required to obtain three written or telephonic price quotations for these expenditures. However, documentation for price quotations was not available for examination. The purchases were as follows:

| Invoice <u>Number</u> | Invoice <u>Date</u> | Check Number | Check <u>Date</u> | Amount |
|--------------------------|------------------------|-----------------|----------------------|------------|
| INV227936 | 03/16/11 | 3501260 | 04/11/11 | \$1,456.80 |
| INV227981 | 03/28/11 | 3501260 | 04/11/11 | 3,848.00 |
| INV227990 | 03/29/11 | 3501263 | 05/06/11 | 813.67 |
| INV228817 | 07/15/11 | 3501279 | 08/05/11 | 219.90 |
| | | | | |
| Total | | | | \$6,338.37 |

The above expenditures were not made in compliance with the contract requirements of *The Borough Code*, 53 P.S. § 46402(a.1), (also found at § 1402(a.1) of *The Borough Code* as published by the Local Government Commission), which states, in part:

Written or telephonic price quotations from at least three qualified and responsible contractors shall be requested for all contracts that exceed four thousand dollars (\$4,000.00) but are less than the amount [in excess of \$10,000.00] requiring advertisement and competitive bidding or, in lieu of price quotations, a memorandum shall be kept on file showing that fewer than three qualified contractors exist in the market area within which it is practicable to obtain quotations. A written record of telephonic price quotations shall be made and shall contain at least the date of the quotation, the name of the contractor and the contractor's representative, the construction, reconstruction, repair, maintenance or work which was the subject of the quotation and the price. Written price quotations, written records of telephonic price quotations and memoranda shall be retained for a period of three years.

Finding No. 3 - Documentation For Price Quotations Was Not Available For Examination (Continued)

The threshold for obtaining price quotations was increased for all contracts made during 2012 for purchases that exceed \$10,000.00 but are less than an amount in excess of \$18,500.00. The Department of Labor and Industry shall determine future increases based on the Consumer Price Index for all urban consumers.

The failure to comply with *The Borough Code* and the Department of Transportation's *Publication 9* could result in the borough having to reimburse \$6,338.37 to its Liquid Fuels Tax Fund.

Recommendations

We recommend that the borough reimburse \$6,338.37 to its Liquid Fuels Tax Fund upon official notification by the Department of Transportation.

We further recommend that, in the future, the borough comply with *The Borough Code* as noted in this finding.

Management's Response

The borough officials offered no formal response at this time.

Comment - Summary Of Prior Examination Recommendation

In our prior report we recommended that the Department of Transportation review our examination finding to determine if the municipality should reimburse \$26,998.65 to its Liquid Fuels Tax Fund for failure to maintain documentation for purchases made from COSTARS contracts. A similar finding was also written in our current report (see Finding No. 1).

During our current examination we reviewed a letter dated August 30, 2011, from the Department of Transportation informing the municipality to reimburse \$26,998.65 to its Liquid Fuels Tax Fund. We noted that the municipality reimbursed this amount to its Liquid Fuels Tax Fund on September 14, 2011.

BOROUGH OF RED LION YORK COUNTY LIQUID FUELS TAX FUND SUMMARY OF EXIT CONFERENCE FOR THE PERIOD JANUARY 1, 2010 TO DECEMBER 31, 2012
