TOWNSHIP OF TIOGA TIOGA COUNTY LIQUID FUELS TAX FUND BACKGROUND FOR THE PERIOD JANUARY 1, 2010 TO DECEMBER 31, 2011

Background

The Liquid Fuels Tax Municipal Allocation Law, Title 72 P.S. § 2615.5, provides municipalities other than counties (townships, boroughs, cities, towns, home rule, and optional plan governments) with an annual allocation of liquid fuels taxes from the state's Motor License Fund to be used for the maintenance and repair of streets, roads, and bridges for which the municipality is responsible. The allocation of these funds to municipalities is based: (1) 50 percent on the municipality's proportion of local road mileage to the total local road mileage in the state, and (2) 50 percent on the proportion of a municipality's population to the total population in the state.

The Vehicle Code, Title 75 P.S. § 9511, provides municipalities with annual maintenance payments to be received from the Motor License Fund for functionally local highways that were transferred to a municipality from the Commonwealth of Pennsylvania.

Each municipality must deposit the Liquid Fuels Tax Fund money and annual maintenance payments that it receives into a special fund called the Municipal Liquid Fuels Tax Fund or State Fund. A municipality may not deposit any other monies into this fund except when the municipality does not have enough money in the special fund to meet the payments called for by its current annual budget for road and bridge purposes. In this case, the municipality may borrow money or transfer money from its General Fund to its Liquid Fuels Tax Fund.

The Department of Transportation has been given the regulatory authority for the administration of these funds. To qualify for its annual allocation, each municipality shall submit the following documents and information to the Department of Transportation:

- 1. Evidence that the treasurer is bonded in accordance with the law, or that its treasurer is a bank requiring no bond by January 31 of each year.
- 2. A report indicating the manner in which its liquid fuels tax allocation was expended in the previous year (Form MS-965) by January 31 of each year.
- 3. A report of elected and appointed officials by January 31 of each year.
- 4. A Survey of Financial Condition by March 15 of each year.

Department of Transportation *Publication 9* contains the policies and procedures that govern the use of Liquid Fuels Tax Fund money. However, if there is a difference between *Publication 9* and any legislation, the legislation shall govern.

EUGENE A. DEPASQUALE AUDITOR GENERAL

Independent Auditor's Report

The Honorable Barry J. Schoch, P.E. Secretary
Department of Transportation
Harrisburg, PA 17120

We examined the accompanying Forms MS-965 With Adjustments for the Liquid Fuels Tax Fund of the Township of Tioga, Tioga County, for the period January 1, 2010 to December 31, 2011. The municipality's management is responsible for the Forms MS-965. Our responsibility is to express an opinion on the Forms MS-965 With Adjustments based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. An examination includes examining, on a test basis, evidence supporting the Township of Tioga, Tioga County's Forms MS-965 for the period January 1, 2010 to December 31, 2011 and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

We are mandated by Section 403 of *The Fiscal Code*, 72 P.S. § 403, to audit each municipality's Liquid Fuels Tax Fund to ensure that funds received are expended in accordance with applicable laws and regulations. *Government Auditing Standards* issued by the Comptroller General of the United States include attestation engagements as a separate type of audit. An attestation engagement performed pursuant to *Government Auditing Standards* involves additional standards that exceed the standards provided by the American Institute of Certified Public Accountants. Accordingly, this attestation engagement complies with both *Government Auditing Standards* and Section 403 of *The Fiscal Code*.

As described in Note 4, the adjustments included on the Forms MS-965 With Adjustments are made by the Department of the Auditor General.

<u>Independent Auditor's Report (Continued)</u>

As discussed in the Finding and Recommendations section of this report, the municipality expended \$24,959.59 from its Liquid Fuels Tax Fund during 2010 for the purchase of used equipment from the COSTARS contract.

In our opinion, except for the matter discussed in the preceding paragraph, the Forms MS-965 With Adjustments present, in all material respects, the information required by the Pennsylvania Department of Transportation for the Liquid Fuels Tax Fund of the Township of Tioga, Tioga County, for the period January 1, 2010 to December 31, 2011, in conformity with the criteria set forth in Note 1.

In accordance with *Government Auditing Standards*, we are required to report findings of significant deficiencies in internal control, violations of provisions of contracts or grant agreements, and abuse that are material to the Forms MS-965 and any fraud and illegal acts that are more than inconsequential that come to our attention during our examination. We are also required to obtain the views of management on those matters. We performed our examination to express an opinion on whether the Forms MS-965 are presented in accordance with the criteria described above and not for the purpose of expressing an opinion on the internal control over reporting on the Forms MS-965 or on compliance and other matters; accordingly, we express no such opinions.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Township of Tioga, Tioga County's ability to initiate, authorize, record, process, or report data reliably in accordance with the applicable criteria such that there is more than a remote likelihood that a misstatement of the Township of Tioga, Tioga County's Forms MS-965 that is more than inconsequential will not be prevented or detected by the Township of Tioga, Tioga County's internal control.

A material weakness is a significant deficiency or combination of significant deficiencies that results in more than a remote likelihood that a material misstatement of the Forms MS-965 will not be prevented or detected by the Township of Tioga, Tioga County's internal control.

<u>Independent Auditor's Report (Continued)</u>

Our consideration of internal control over reporting on the Forms MS-965 was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any significant deficiencies or material weaknesses, as defined above, in internal control over reporting on the Forms MS-965.

The results of our tests disclosed the following instance of noncompliance that is required to be reported under *Government Auditing Standards*:

• Purchase Of Used Equipment From COSTARS Contract.

This report is intended solely for the information and use of the Pennsylvania Department of Transportation and the management of the Township of Tioga, Tioga County, and is not intended to be and should not be used by anyone other than these specified parties.

1. Criteria

Section 1

This section of Form MS-965 With Adjustments provides a summary of Liquid Fuels Tax Fund expenditures by category. Categories requiring explanation include:

- Major equipment purchases are purchases of road machinery and road equipment that cost in excess of \$4,000.00.
- Minor equipment purchases are purchases of road machinery and road equipment that cost \$4,000.00 or less.
- Agility projects are exchanges of services with the Department of Transportation.

Section 2

This section of Form MS-965 With Adjustments provides information on the fund balance. Categories requiring explanation include:

- The state allocation is generally received from the Department of Transportation during the first week in April of each year. The amount the municipality receives is based half on its population and half on its road mileage.
- The turnback allocation is generally received from the Department of Transportation during the first week in April of each year. A municipality receives a yearly turnback allocation based on road mileage for all roads that were transferred to the municipality from the Commonwealth of Pennsylvania through the Highway Transfer Program.
- Expenditures include the total transferred from Section 1.

Section 3

This section of Form MS-965 With Adjustments determines if the municipality expended Liquid Fuels Tax Fund money in excess of the permissible amount for equipment and the balance that the municipality may carry forward for the purchase of equipment to the subsequent year.

1. <u>Criteria (Continued)</u>

Section 3 (Continued)

Department of Transportation *Publication 9* requires that the amount expended for equipment purchases in a given year not exceed the sum of the equipment balance carried forward from the previous year and 20 percent of the current year's Liquid Fuels Tax Fund allocation and, if applicable, 20 percent of the turnback allocation plus other Department of Transportation approved adjustments.

If the municipality spent in excess of the amount listed on Line 4, the excess must be reimbursed to the Liquid Fuels Tax Fund.

The equipment balance to be carried forward for the subsequent year is the lesser of the amount on Line 6 or the ending fund balance on Line 6 of Section 2, but not less than zero.

Basis Of Presentation

The financial activities of the municipality are accounted for in separate funds. The Liquid Fuels Tax Fund is used to account for state aid revenues from the Pennsylvania Department of Transportation used primarily for building and improving local roads and bridges. The Forms MS-965 have been prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation as a result of the Fuels Tax Act 655, dated 1956 and as amended, which does not constitute a complete presentation of the entity's assets, liabilities, expenses, and fund balance. Accordingly, the presentation of Forms MS-965 With Adjustments is restricted to the Liquid Fuels Tax Fund, which represents a segment of the entity.

Basis Of Accounting

The accompanying Forms MS-965 With Adjustments are prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation. Under this method, revenues are recognized when received and expenditures are recorded when paid.

1. Criteria (Continued)

General Fixed Assets

General fixed assets are recognized as expenditures at the time of purchase. No depreciation has been provided on the heavy equipment used to maintain and repair roads and bridges.

2. Deposits

The Second Class Township Code, Title 53 P.S. § 68204, authorizes the township to deposit its funds in the following:

- Deposits in savings accounts or time deposits, other than certificates of deposit or share accounts of institutions having their principal place of business in the Commonwealth of Pennsylvania and insured by the Federal Deposit Insurance Corporation (FDIC) or other like insurance. For any amount above the insured maximum, the depository shall pledge approved collateral.
- Certificates of deposit purchased from institutions insured by the FDIC or other like insurance to the extent that such accounts are so insured. For any amounts in excess of the insured maximum, such deposits shall be collateralized by a pledge or assignment of assets. Certificates of deposit may not exceed 20 percent of a bank's total capital surplus or 20 percent of a savings and loan's or savings bank's assets minus liabilities.

Deposits consist of receipts and deposits in a financial institution. Pennsylvania statutes require all deposits to be insured and, for any amount above the insured maximum, to be secured with approved collateral as defined.

There were no deposits exposed to custodial credit risk as of December 31, 2011. Custodial credit risk, as defined by GASB No. 40, includes deposits that are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the municipality's name.

2. <u>Deposits (Continued)</u>

Fund Balance

The fund balance as of December 31, 2011 consists of the following:

Cash \$68,923.56

3. <u>Interest On Investments</u>

Our examination disclosed that the municipality deposited idle liquid fuels tax money in an interest-bearing account which earned \$97.32 during 2010, and \$63.13 during 2011, thus providing additional funds for road maintenance and repairs.

4. Adjustments

2011- Section 2

An adjustment of \$8.06 was made to "Interest on investments" because interest earnings were understated.

An adjustment of \$(15,000.00) was made to "Miscellaneous" because a transfer from a state fund savings account was misclassified as a receipt.

5. <u>Miscellaneous Receipts</u>

The following miscellaneous receipts were deposited into the Liquid Fuels Tax Fund during the examination period:

Source	Description	2010	2011
General Fund	County aid	\$2,815.00	\$ 2,815.00
Commonwealth of			277.20
Pennsylvania	Gas tax refund	-	277.20
Commonwealth of	Carrage recently an againt and		20.520.70
Pennsylvania	Severe weather assistance	-	29,539.79
General Fund	Reimbursement (Comment)		17,000.00
Total		<u>\$2,815.00</u>	<u>\$49,631.99</u>

6. Bank Loan

On May 13, 2011, the municipality purchased a 2006 Dynapac Roller for \$59,900.00. This purchase was incorrectly made from the COSTARS contract and is not eligible to be paid with Liquid Fuels Tax Fund money (see Finding). The municipality made a down payment of \$15,000.00 from the Liquid Fuels Tax Fund. Additionally, the municipality incurred a filing fee of \$384.00, leaving a balance of \$45,284.00 to be financed. The term of the loan was for five years at an interest rate of 4.99 percent. Principal and interest payments of \$9,959.59 are due annually.

During the current examination period the municipality paid principal of \$8,991.65 and interest of \$967.94 from the Liquid Fuels Tax Fund. These amounts and the down payment are reflected in major equipment purchases on the 2011 Form MS-965 – Section 1. The outstanding balance of the loan as of December 31, 2011 was \$36,292.35, plus interest.

TOWNSHIP OF TIOGA TIOGA COUNTY LIQUID FUELS TAX FUND FINDING AND RECOMMENDATIONS FOR THE PERIOD JANUARY 1, 2010 TO DECEMBER 31, 2011

Finding - Purchase Of Used Equipment From COSTARS Contract

Our examination disclosed that on May 13, 2011 the municipality purchased a 2006 Dynapac roller for \$59,900.00. The municipality made a down payment of \$15,000.00 from its Liquid Fuels Tax Fund. Additionally, the municipality incurred a filing fee of \$384.00 leaving a balance of \$45,284.00 to be financed (see Note 6). Also, on June 21, 2011, the municipality paid principal of \$8,991.65 and interest of \$967.94 from its Liquid Fuels Tax Fund. The roller was purchased through a COSTARS contract. COSTARS is a program run by the Department of General Services that permits municipalities to purchase from state contacts. The roller had 220 hours usage as a demo unit. Only new and unused equipment is eligible to be purchased from COSTARS contracts.

The above expenditure was not made in compliance with the contractor's terms and conditions of COSTARS section I.13 IFB.1 New Equipment (Nov 2006), which states:

Unless otherwise specified in this invitation for bids, all products offered by bidders must be new or remanufactured. A "new" product is one that will be used first by the Commonwealth after it is manufactured or produced. A "remanufactured" product is one which: 1) has been rebuilt, using new or used parts, to a condition which meets the original manufacturer's most recent specifications for the item: 2) does not, in the opinion of the issuing Office, differ in appearance from a new item: and 3) has the same warranty as a new item. Unless otherwise specified in this invitation for bids, used or reconditioned products are not acceptable. This clause shall not be construed to prohibit bidders from offering products with recycled content, provided the product is new or remanufactured.

Because the municipality did not purchase a new product the above purchase was not made in compliance with the advertising, bidding, and contract requirements of *The Second Class Township Code*, 53 P.S. § 68102(a), (also found at § 3102(a) of The *Second Class Township Code* as published by the Local Government Commission), which requires that purchases over \$10,000.00 must be advertised, bid, and awarded by contract. *The Second Class Township Code*, 53 P.S. § 68104(a), (also found at § 3104(a) of the *Second Class Township Code* as published by the Local Government Commission) further states that advertising, bidding and contract requirements should not be evaded through piecemeal purchases.

TOWNSHIP OF TIOGA TIOGA COUNTY LIQUID FUELS TAX FUND FINDING AND RECOMMENDATIONS FOR THE PERIOD JANUARY 1, 2010 TO DECEMBER 31, 2011

Finding - Purchase Of Used Equipment From COSTARS Contract (Continued)

The failure to comply with the terms and conditions of COSTARS contracts and *The Second Class Township Code*, could result in the township having to reimburse \$24,959.59 to its Liquid Fuels Tax Fund.

Recommendations:

We recommend that the township reimburse \$24,959.59 to its Liquid Fuels Tax Fund upon official notification by the Department of Transportation.

We also recommend that the township comply with the terms and conditions of COSTARS contracts and *The Second Class Township Code*, as stated above.

Management's Response:

The municipal officials stated:

The Tioga Township Supervisors were recently informed by their state audit that the transaction with their 2006 Dynapac Roller was not properly purchased correctly because it was not a brand new roller.

The supervisors were under the impression from the vendor that this product was covered under state contract number 440006039 and that it could be purchased through the state funds account for equipment. The Dynapac Roller that we purchased was a demo product that had around 200+ hours on the machine when purchased. Even though it was a 2006 roller purchased in 2010 by Tioga Township, the roller did not have a previous owner, so therefore it was being sold a new roller.

We also spoke with a representative from the vendor and he said he was under the impression that it could be sold as a new roller and that it could be purchased under a state contract. Therefore it was sold to Tioga Township under the state contract.

TOWNSHIP OF TIOGA TIOGA COUNTY LIQUID FUELS TAX FUND FINDING AND RECOMMENDATIONS FOR THE PERIOD JANUARY 1, 2010 TO DECEMBER 31, 2011

Finding - Purchase Of Used Equipment From COSTARS Contract (Continued)

Auditor's Conclusion:

Only new and unused equipment may be purchased from state contracts. Therefore, this purchase of a roller with 220 hours of usage is nonpermissible. During our next examination we will determine if the municipality complied with our recommendations.

TOWNSHIP OF TIOGA TIOGA COUNTY LIQUID FUELS TAX FUND COMMENT FOR THE PERIOD JANUARY 1, 2010 TO DECEMBER 31, 2011

<u>Comment – Summary Of Prior Examination Recommendations</u>

In our prior report we recommended that the Department of Transportation review our examination finding to determine if the municipality should reimburse \$17,000.00 to its Liquid Fuels Tax Fund for restrictive bidding.

During our current examination we reviewed a letter dated February 2, 2011, from the Department of Transportation informing the municipality to reimburse \$17,000.00 to its Liquid Fuels Tax Fund. We noted that the municipality reimbursed this amount to its Liquid Fuels Tax Fund on March 8, 2011.

In our prior report we also recommended that the municipality comply with the Department of Transportation's *Publication 9* if it uses brand names in advertisements for purchases.

During our current examination we noted that the municipality complied with our recommendations.

TOWNSHIP OF TIOGA TIOGA COUNTY LIQUID FUELS TAX FUND SUMMARY OF EXIT CONFERENCE FOR THE PERIOD JANUARY 1, 2010 TO DECEMBER 31, 2011

An exit conference was held August 20, 2012. Those participating were:

TOWNSHIP OF TIOGA

Ms. Carthy Patrick, Secretary/Treasurer

DEPARTMENT OF THE AUDITOR GENERAL

Mrs. Edith M. Carpenter, Auditor

The results of the examination were presented and discussed in their entirety.

TOWNSHIP OF TIOGA TIOGA COUNTY LIQUID FUELS TAX FUND REPORT DISTRIBUTION FOR THE PERIOD JANUARY 1, 2010 TO DECEMBER 31, 2011

This report was initially distributed to:

The Honorable Barry J. Schoch, P.E. Secretary
Department of Transportation

Township of Tioga Tioga County 50 Coleman Street Tioga, PA 16946

The Honorable Michael D. Gee Chairman of the Board of Supervisors

Ms. Carthy Patrick Secretary/Treasurer
