TIMOTHY L. DEFOOR AUDITOR GENERAL

Independent Auditor's Report

The Honorable Michael Carroll Secretary Department of Transportation Harrisburg, PA 17120

We examined the accompanying Forms MS-965 With Adjustments for the Liquid Fuels Tax Fund of the Borough of Tullytown, Bucks County, for the period January 1, 2020 to December 31, 2021. The municipality's management is responsible for presenting the Forms MS-965 in accordance with the criteria described in the Background section of this report and the Department of Transportation's *Publication 9*. Our responsibility is to express an opinion on the Forms MS-965 With Adjustments based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. An examination involves performing procedures to obtain reasonable assurance about whether the Forms MS-965 are presented in accordance with the criteria described above, in all material respects. An examination involves performing procedures to obtain evidence about the Forms MS-965. The nature, timing and extent of the procedures selected depend on our judgement, including an assessment of the risks of material misstatement of the Forms MS-965, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with ethical requirements relating to the engagement.

As described in the Auditor Description of Select Transactions section of this report, the adjustments included on the Forms MS-965 With Adjustments are made by the Department of the Auditor General.

### <u>Independent Auditor's Report (Continued)</u>

As discussed in the Findings and Recommendations section of this report:

- The 2021 Liquid Fuels Tax Fund allocation of \$60,323.77, which should have been distributed from the Department of Transportation to the borough during the first week of March of that year, was not received as of the exit conference date of this report of May 25, 2023 (see Finding No. 1).
- During 2021, the borough expended \$13,366.00 for the purchase of crack seal and \$16,825.90 for the purchase of road salt without maintaining documentation for price quotations (see Finding No 2).
- During 2020, the borough expended \$10,625.86 in excess of the amount available for the purchase of equipment. This amount was reimbursed to its Liquid Fuels Tax Fund on February 22, 2022, which was subsequent to our examination period (see Finding No. 3).

In our opinion, except for the bullet matters discussed above, the Forms MS-965 With Adjustments present, in all material respects, the information required by the Pennsylvania Department of Transportation for the Liquid Fuels Tax Fund of the Borough of Tullytown, Bucks County, for the period January 1, 2020 to December 31, 2021, in accordance with the criteria described in the Background section of this report and the Department of Transportation's *Publication 9*.

In accordance with *Government Auditing Standards*, we are required to report all deficiencies that are considered to be significant deficiencies or material weaknesses in internal control; fraud and noncompliance with provisions of laws or regulations that have a material effect on the Forms MS-965; and any other instances that warrant the attention of those charged with governance; noncompliance with provisions of contracts or grant agreements, and abuse that has a material effect on the Forms MS-965. We are also required to obtain and report the views of responsible officials concerning the findings, conclusions, and recommendations, as well as any planned corrective actions. We performed our examination to express an opinion on whether the Forms MS-965 are presented in accordance with the criteria described above and not for the purpose of expressing an opinion on internal control over reporting on the Forms MS-965 or on compliance and other matters; accordingly, we express no such opinions.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Forms MS-965 will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

#### Independent Auditor's Report (Continued)

Our consideration of internal control over reporting on the Forms MS-965 was for the limited purpose of expressing an opinion on whether the Forms MS-965 are presented in accordance with the criteria described above and would not necessarily identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our engagement we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

As part of obtaining reasonable assurance about whether the Forms MS-965 are free from material misstatement, we performed tests of Borough of Tullytown, Bucks County's compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of amounts on the Forms MS-965. However, providing an opinion on compliance with those provisions was not an objective of our engagement, and accordingly, we do not express such an opinion. The results of our tests disclosed the following instances of noncompliance that are required to be reported under *Government Auditing Standards*:

- Non Receipt Of Allocation.
- Documentation For Price Quotations Was Not Available For Examination.
- Over Expended Equipment Purchase Tally.

Timothy L. Detool

The purpose of this report is to determine whether the municipality's Liquid Fuels Tax Fund money is spent in accordance with the laws and regulations identified in the Background section of this report and the Department of Transportation's *Publication 9*. This report is not suitable for any other purpose.

We appreciate the courtesy extended by the Borough of Tullytown, Bucks County, to us during the course of our examination. If you have any questions, please feel free to contact the Bureau of County Audits at 717-787-1363.

Timothy L. DeFoor Auditor General

#### Background

The Liquid Fuels Tax Municipal Allocation Law, Act 655 of 1956, as amended, see also 72 P.S. § 2615.5, et sec., provides municipalities other than counties (i.e., townships, boroughs, cities, towns, home rule, and optional plan governments) with an annual allocation of liquid fuels taxes from the state's Motor License Fund to be used for the maintenance and repair of streets, roads, and bridges for which the municipality is responsible. The allocation of these funds to municipalities is based upon: (1) 50 percent on the municipality's proportion of local road mileage to the total local road mileage in the state; and (2) 50 percent on the proportion of a municipality's population to the total population in the state.

Title 75 Pa.C.S. § 9511 of the Pennsylvania Vehicle Code provides municipalities with annual maintenance payments to be received from the Motor License Fund for functionally local highways that were transferred to a municipality from the Commonwealth of Pennsylvania.

Each municipality must deposit the allocation of Liquid Fuels Tax funds and annual maintenance payments that it receives into a special fund called either the Municipal Liquid Fuels Tax Fund or State Fund. A municipality may not deposit any other monies into this fund except when the municipality does not have enough money in the special fund to meet the payments called for by its current annual budget for road and bridge purposes. In such a case, the municipality may borrow money or transfer money from its General Fund to its Liquid Fuels Tax Fund.

The Department of Transportation has been given the regulatory authority for the administration of these funds. Department of Transportation's *Publication 9* includes the policies and procedures for the administration of Act 655, as amended, and the Liquid Fuels Tax Fund money. However, if there is a difference between *Publication 9* and any legislation, the legislation shall govern.

To qualify for the annual allocation of Liquid Fuels Tax funds, *Publication 9* indicates that each municipality shall:

- 1. Submit annual reports (MS-965, Actual Use Report, MS-965P, Project and Miscellaneous Receipts, and MS-965S, Record of Checks).
- 2. Make deposits and payments or expenditures in compliance with Act 655 of 1956, as amended. Failure to do so may result in not receiving allocations from PennDOT until all discrepancies are resolved. *Publication 9*, Section 2.6, includes information about investing Liquid Fuels Tax monies, using loan or bond proceeds, and types of receipts into the Liquid Fuels Tax Fund.

### Background (Continued)

- 3. Submit the Pennsylvania Department of Community and Economic Development's (DCED) Report of Elected and Appointed Officials by January 31<sup>st</sup> and the Survey of Financial Condition By March 15<sup>th</sup>.
- 4. Ensure resolution of all Contractor Responsibility Program (CRP) holds and blocks imposed by the Department of Revenue and the Department of Labor and Industry.
- 5. Ensure resolution of all reimbursements required as a result of audits performed by the Department of the Auditor General or monitoring reviews performed by the Department of Transportation's Financial Consultants.

#### Criteria

The criteria for the Form MS-965 With Adjustment are described below.

Section 1 of Form MS-965 With Adjustments provides a summary of Liquid Fuels Tax Fund expenditures by category. Categories requiring explanation include:

• Major equipment purchases are purchases of road machinery and road equipment with varying yearly costs in excess of the amounts indicated below:

2019	2020	2021	2022
\$11,100.00	\$11,300.00	\$11,500.00	\$11,800.00

• Minor equipment purchases are purchases of road machinery and road equipment with varying yearly costs that are less than or equal to the amounts indicated below:

2019	2020	2021	2022
\$11,100.00	\$11,300.00	\$11,500.00	\$11,800.00

• Agility projects are exchanges of services with the Department of Transportation.

#### Background (Continued)

Section 2 of Form MS-965 With Adjustments provides information on the fund balance. Categories requiring explanation include:

- The state allocation is available from the Department of Transportation in March of each year. The amount the municipality receives is based half on its population and half on its road mileage.
- Municipalities that transferred roads from the Commonwealth of Pennsylvania to the municipality through the Highway Transfer Program receive annual turnback allocations in March of each year from the Department of Transportation. Turnback allocations are based on the mileage of the roads transferred.
- Expenditures include the total transferred from Section 1.

Section 3 of Form MS-965 With Adjustments determines if the municipality expended Liquid Fuels Tax Fund money in excess of the permissible amount for equipment and the balance that the municipality may carry forward for the purchase of equipment to the subsequent year.

Department of Transportation *Publication 9* requires that the amount expended for equipment purchases in a given year not exceed the sum of the equipment balance carried forward from the previous year and 20 percent of the current year's Liquid Fuels Tax Fund allocation and, if applicable, 20 percent of the turnback allocation plus other Department of Transportation approved adjustments.

If the municipality spent in excess of the amount listed on Line 4, the excess must be reimbursed to the Liquid Fuels Tax Fund.

The equipment balance to be carried forward for the subsequent year is the lesser of the amount on Line 6 or the ending fund balance on Line 6 of Section 2, but not less than zero.

#### **Background** (Continued)

### Basis of Presentation

The financial activities of the municipality are accounted for in separate funds. The Liquid Fuels Tax Fund is used to account for state aid revenues from the Pennsylvania Department of Transportation used primarily for building and improving local roads and bridges. The Form MS-965 has been prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation as a result of the Fuels Tax Act 655, dated 1956 and as amended, which does not constitute a complete presentation of the entity's assets, liabilities, expenses, and fund balance. Accordingly, the presentation of Form MS-965 With Adjustments is restricted to the Liquid Fuels Tax Fund, which represents a segment of the entity.

### Basis Of Accounting

The accompanying Form MS-965 With Adjustments is prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation. Under this method, revenues are recognized when received and expenditures are recorded when paid.

#### General Fixed Assets

General fixed assets are recognized as expenditures at the time of purchase. No depreciation has been provided on the heavy equipment used to maintain and repair roads and bridges.

### BOROUGH OF TULLYTOWN BUCKS COUNTY LIQUID FUELS TAX FUND 2020 FORM MS-965 – SECTION 1 WITH ADJUSTMENTS

## BOROUGH OF TULLYTOWN BUCKS COUNTY LIQUID FUELS TAX FUND AUDITOR DESCRIPTION OF SELECT TRANSACTIONS FOR THE PERIOD JANUARY 1, 2020 TO DECEMBER 31, 2021

The following information relates to certain types of transactions for which the Pennsylvania Department of Transportation requested that we provide additional detail:

### **Adjustments**

#### 2020 - Section 1

An adjustment of \$(350.00) was made to "Street lighting" because check No. 1060 was voided but was included as an expenditure.

### 2021 - Section 2

An adjustment of \$350.00 was made to "Balance, January 1, 2021" to reflect the adjustment made to the fund balance in 2020 – Section 2.

### Miscellaneous Receipts

The following miscellaneous receipts were deposited into the Liquid Fuels Tax Fund during the examination period:

Source	Description	2020	2021
Local business Vendor	1 1		\$ - 47,100.59
Totals		\$11,600.00	\$47,100.59

#### Finding No. 1 - Non Receipt Of Allocation

Our examination disclosed that the 2021 Liquid Fuels Tax Fund allocation of \$60,323.77, which should have been distributed from the Department of Transportation to the borough during the first week of March of that year, was not received as of the exit conference date of this report of May 25, 2023, because the borough failed to comply with the Department of Transportation's *Publication 9*, Chapter Two, Section 2.4, which states:

To qualify for the annual liquid fuels tax allocation, a municipality shall:

- Submit annual reports (MS-965, Actual Use Report, MS-965P, Project and Miscellaneous Receipts, and MS-965S, Record of Checks).
- Make deposits and payments or expenditures in compliance with the Act 655. Failure to do so may result in not receiving allocations from PENNDOT until all discrepancies are resolved.
- Submit the Pennsylvania Department of Community and Economic Development's (DCED) Report of Elected and Appointed Officials by January 31<sup>st</sup> and the Survey of Financial Condition by March 15<sup>th</sup>.
- Ensure resolution of all Contractor Responsibility Program (CRP) holds and blocks imposed by the Department of Revenue and the Department of Labor and Industry.
- Ensure resolution of all reimbursements required as a result of audits performed by the Department of the Auditor General or monitoring reviews performed by the Department of Transportation's Financial Consultants.

Because the borough failed to file documents and information timely as noted above, the municipality did not have use of the 2021 allocation. Furthermore, had the allocation been received timely, money may have been available for investment purposes, potentially earning interest income which could have been used for road maintenance and repairs.

This condition occurred because the municipality never submitted a completed DCED Report of Elected and Appointed Officials.

#### Finding No. 1 - Non Receipt Of Allocation (Continued)

### Recommendation

We recommend that, in the future, the borough comply with the Department of Transportation's *Publication 9* to ensure that the allocations are received during the first week in March as outlined above.

### Management's Response

The treasurer stated:

We will comply with all future recommendations.

### **Auditor's Conclusion**

During our next examination we will determine if the municipality complied with our recommendations.

### Finding No. 2 - Documentation For Price Quotations Was Not Available For Examination

Our examination disclosed that the borough expended \$13,366.00 for the purchase of crack seal and \$16,825.90 for the purchase of road salt during 2021 from the Liquid Fuels Tax Fund. The borough was required to obtain three written or telephonic price quotations for these expenditures. However, documentation for price quotations was not available for examination. The crack seal and salt purchases were as follows:

Invoice	Invoice	Check	Check	
<u>Number</u>	<u>Date</u>	<u>Number</u>	<u>Date</u>	Amount
2005465	04/13/21	1068	04/13/21	\$ 9,717.00
2005676	04/13/21	1068	04/13/21	2,133.00
2006028	04/13/21	1068	04/13/21	1,516.00
Total				\$13,366.00
Invoice	Invoice	Check	Check	
<u>Number</u>	<u>Date</u>	Number	<u>Date</u>	Amount
178465	02/02/21	1065	02/13/21	2,161.88
178457	02/03/21	1065	02/13/21	2,428.44
179164	02/05/21	1065	02/13/21	629.28
180343	02/09/21	1065	02/13/21	2,319.66
180344	02/09/21	1067	03/01/21	2,147.18
181721	02/12/21	1067	03/01/21	2,362.78
181720	02/15/21	1067	03/01/21	2,411.78
184347	02/22/21	1067	03/01/21	2,234.40
189718	03/01/21	1067	03/01/21	130.50
Total				\$16,825.90

The above expenditures were not made in compliance with the contract requirements of *The Borough Code*, 53 P.S. § 46402(a.1), (also found at § 1402(a.1) of *The Borough Code* as published by the Local Government Commission), which states, in part:

### <u>Finding No. 2 - Documentation For Price Quotations Was Not Available For Examination</u> (Continued)

Written or telephonic price quotations from at least three qualified and responsible contractors shall be requested for all contracts [during 2012] that exceed ten thousand dollars (\$10,000.00) but are less than the amount [in excess of \$18,500.00] requiring advertisement and competitive bidding or, in lieu of price quotations, a memorandum shall be kept on file showing that fewer than three qualified contractors exist in the market area within which it is practicable to obtain quotations. A written record of telephonic price quotations shall be made and shall contain at least the date of the quotation, the name of the contractor and the contractor's representative, the construction, reconstruction, repair, maintenance or work which was the subject of the quotation and the price. Written price quotations, written records of telephonic price quotations and memoranda shall be retained for a period of three years.

The thresholds for obtaining price quotations increased to purchases between \$11,100.00 and \$20,600.00 for 2019, \$11,300.00 and \$21,000.00 for 2020, \$11,500.00 and \$21,300.00 for 2021, \$11,800.00 and \$21,900.00, and \$12,200.00 and \$22,500.00 for 2023.

We were unable to determine why the borough failed to maintain documentation for price quotations.

The failure to comply with *The Borough Code* could result in the borough having to reimburse \$30,191.90 to its Liquid Fuels Tax Fund.

#### Recommendations

We recommend that the borough reimburse \$30,191.90 to its Liquid Fuels Tax Fund upon official notification by the Department of Transportation.

We further recommend that, in the future, the borough comply with *The Borough Code* as noted in this finding.

### <u>Finding No. 2 - Documentation For Price Quotations Was Not Available For Examination (Continued)</u>

### Management's Response

The treasurer stated:

We will comply with all future recommendations.

### Auditor's Conclusion

During our next examination we will determine if the municipality complied with our recommendations.

#### Finding No. 3 - Over Expended Equipment Purchase Tally

Our examination disclosed that the borough expended \$10,625.86 in excess of the amount available for the purchase of equipment for 2020, as follows:

<u>2020</u>		Actual
1.	Prior year equipment balance	\$11,852.55
2.	Current year equipment allocation (20% of Lines 2 + 2A, Section 2)	11,535.63
3.	PENNDOT approved adjustments	11,600.00
4.	Total funds available for equipment acquisition	34,988.18
5.	Less: Major equipment purchases	(45,614.04)
6.	Amount Over Expended for equipment – 2020	\$(10,625.86)

The Department of Transportation's, *Publication 9*, Appendix D, Section 449.11, requires that the amount expended for equipment purchases in a given year not exceed the sum of the equipment balance carried forward from the previous year, 20 percent of the current year's Liquid Fuels Tax Fund allocations, and any approved adjustments.

On February 22, 2022, the borough reimbursed \$10,625.86 to the Liquid Fuels Tax Fund, which was subsequent to our examination period.

This condition occurred because the public works director was not aware of the equipment balance at time of purchase.

### Recommendation

We recommend that the borough only expend up to the approved amount on equipment expenditures in accordance with the Department of Transportation's *Publication 9*.

### Finding No. 3 - Over Expended Equipment Purchase Tally (Continued)

### Management's Response

The treasurer stated:

We will comply with all future recommendations.

### Auditor's Conclusion

During our next examination we will determine if the municipality complied with our recommendations.

## BOROUGH OF TULLYTOWN BUCKS COUNTY LIQUID FUELS TAX FUND SUMMARY OF EXIT CONFERENCE FOR THE PERIOD JANUARY 1, 2020 TO DECEMBER 31, 2021

An exit conference was held on May 25, 2023. Those participating were:

### **BOROUGH OF TULLYTOWN**

Mr. Joseph McPadden, Treasurer

### **DEPARTMENT OF THE AUDITOR GENERAL**

Mr. Fred Casella, Auditor

The results of the examination were presented and discussed in their entirety.

This report was initially distributed to:

The Honorable Michael Carroll

Secretary
Department of Transportation

**Borough of Tullytown** 

Bucks County 500 Main Street Tullytown, PA 19007

The Honorable David Cutchineal Mayor

The Honorable Nina Chrzanowski

President of Council

Mr. Joseph McPadden

Treasurer

This report is a matter of public record and is available online at <a href="www.PaAuditor.gov">www.PaAuditor.gov</a>. Media questions about the report can be directed to the Pennsylvania Department of the Auditor General, Office of Communications, 229 Finance Building, Harrisburg, PA 17120; via email to: <a href="mailto:news@PaAuditor.gov">news@PaAuditor.gov</a>.
