TIMOTHY L. DEFOOR  
AUDITOR GENERAL

### Independent Auditor's Report

The Honorable Michael Carroll  
Secretary  
Department of Transportation  
Harrisburg, PA 17120

We examined the accompanying Forms MS-965 With Adjustments for the Liquid Fuels Tax Fund of the Township of Warrington, Bucks County, for the period January 1, 2020 to December 31, 2022. The municipality's management is responsible for presenting the Forms MS-965 in accordance with the criteria described in the Background section of this report and the Department of Transportation's *Publication 9*. Our responsibility is to express an opinion on the Forms MS-965 With Adjustments based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. An examination involves performing procedures to obtain reasonable assurance about whether the Forms MS-965 are presented in accordance with the criteria described above, in all material respects. An examination involves performing procedures to obtain evidence about the Forms MS-965. The nature, timing and extent of the procedures selected depend on our judgement, including an assessment of the risks of material misstatement of the Forms MS-965, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with ethical requirements relating to the engagement.

As described in the Auditor Description of Select Transactions section of this report, the adjustments included on the Forms MS-965 With Adjustments are made by the Department of the Auditor General.

## Independent Auditor's Report (Continued)

In our opinion, the Forms MS-965 With Adjustments present, in all material respects, the information required by the Pennsylvania Department of Transportation for the Liquid Fuels Tax Fund of the Township of Warrington, Bucks County, for the period January 1, 2020 to December 31, 2022, in accordance with the criteria described in the Background section of this report and the Department of Transportation's *Publication 9*.

In accordance with *Government Auditing Standards*, we are required to report all deficiencies that are considered to be significant deficiencies or material weaknesses in internal control; fraud and noncompliance with provisions of laws or regulations that have a material effect on the Forms MS-965; and any other instances that warrant the attention of those charged with governance; noncompliance with provisions of contracts or grant agreements, and abuse that has a material effect on the Forms MS-965. We are also required to obtain and report the views of responsible officials concerning the findings, conclusions, and recommendations, as well as any planned corrective actions. We performed our examination to express an opinion on whether the Forms MS-965 are presented in accordance with the criteria described above and not for the purpose of expressing an opinion on internal control over reporting on the Forms MS-965 or on compliance and other matters; accordingly, we express no such opinions.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Forms MS-965 will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over reporting on the Forms MS-965 was for the limited purpose of expressing an opinion on whether the Forms MS-965 are presented in accordance with the criteria described above and would not necessarily identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our engagement we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

As part of obtaining reasonable assurance about whether the Forms MS-965 are free from material misstatement, we performed tests of the Township of Warrington, Bucks County's compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of amounts on the Forms MS-965. However, providing an opinion on compliance with those provisions was not an objective of our engagement, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. However, we did note a matter that, while not required to be included in this report by *Government Auditing Standards*, has been included in the finding below:

- Failure to Obtain Project Approval.

Independent Auditor's Report (Continued)

The purpose of this report is to determine whether the municipality's Liquid Fuels Tax Fund money is spent in accordance with the laws and regulations identified in the Background section of this report and the Department of Transportation's *Publication 9*. This report is not suitable for any other purpose.

We appreciate the courtesy extended by the Township of Warrington, Bucks County, to us during the course of our examination. If you have any questions, please feel free to contact the Bureau of County Audits at 717-787-1363.

A handwritten signature in black ink that reads "Timothy L. DeFoor". The signature is written in a cursive style with a long horizontal line extending to the left of the first letter.

TOWNSHIP OF WARRINGTON  
BUCKS COUNTY  
LIQUID FUELS TAX FUND  
BACKGROUND  
FOR THE PERIOD  
JANUARY 1, 2020 TO DECEMBER 31, 2022

Background

The Liquid Fuels Tax Municipal Allocation Law, Act 655 of 1956, as amended, see also 72 P.S. § 2615.5, et sec., provides municipalities other than counties (i.e., townships, boroughs, cities, towns, home rule, and optional plan governments) with an annual allocation of liquid fuels taxes from the state's Motor License Fund to be used for the maintenance and repair of streets, roads, and bridges for which the municipality is responsible. The allocation of these funds to municipalities is based upon: (1) 50 percent on the municipality's proportion of local road mileage to the total local road mileage in the state; and (2) 50 percent on the proportion of a municipality's population to the total population in the state.

Title 75 Pa.C.S. § 9511 of the Pennsylvania Vehicle Code provides municipalities with annual maintenance payments to be received from the Motor License Fund for functionally local highways that were transferred to a municipality from the Commonwealth of Pennsylvania.

Each municipality must deposit the allocation of Liquid Fuels Tax funds and annual maintenance payments that it receives into a special fund called either the Municipal Liquid Fuels Tax Fund or State Fund. A municipality may not deposit any other monies into this fund except when the municipality does not have enough money in the special fund to meet the payments called for by its current annual budget for road and bridge purposes. In such a case, the municipality may borrow money or transfer money from its General Fund to its Liquid Fuels Tax Fund.

The Department of Transportation has been given the regulatory authority for the administration of these funds. Department of Transportation's *Publication 9* includes the policies and procedures for the administration of Act 655, as amended, and the Liquid Fuels Tax Fund money. However, if there is a difference between *Publication 9* and any legislation, the legislation shall govern.

To qualify for the annual allocation of Liquid Fuels Tax funds, *Publication 9* indicates that each municipality shall:

1. Submit annual reports (MS-965, Actual Use Report, MS-965P, Project and Miscellaneous Receipts, and MS-965S, Record of Checks).
2. Make deposits and payments or expenditures in compliance with Act 655 of 1956, as amended. Failure to do so may result in not receiving allocations from PennDOT until all discrepancies are resolved. *Publication 9*, Section 2.6, includes information about investing Liquid Fuels Tax monies, using loan or bond proceeds, and types of receipts into the Liquid Fuels Tax Fund.

TOWNSHIP OF WARRINGTON  
 BUCKS COUNTY  
 LIQUID FUELS TAX FUND  
 BACKGROUND  
 FOR THE PERIOD  
 JANUARY 1, 2020 TO DECEMBER 31, 2022

Background (Continued)

3. Submit the Pennsylvania Department of Community and Economic Development’s (DCED) Report of Elected and Appointed Officials by January 31<sup>st</sup> and the Survey of Financial Condition By March 15<sup>th</sup>.
4. Ensure resolution of all Contractor Responsibility Program (CRP) holds and blocks imposed by the Department of Revenue and the Department of Labor and Industry.
5. Ensure resolution of all reimbursements required as a result of audits performed by the Department of the Auditor General or monitoring reviews performed by the Department of Transportation’s Financial Consultants.

*Criteria*

The criteria for the Form MS-965 With Adjustment are described below.

Section 1 of Form MS-965 With Adjustments provides a summary of Liquid Fuels Tax Fund expenditures by category. Categories requiring explanation include:

- Major equipment purchases are purchases of road machinery and road equipment with varying yearly costs in excess of the amounts indicated below:

2019	2020	2021	2022
\$11,100.00	\$11,300.00	\$11,500.00	\$11,800.00

- Minor equipment purchases are purchases of road machinery and road equipment with varying yearly costs that are less than or equal to the amounts indicated below:

2019	2020	2021	2022
\$11,100.00	\$11,300.00	\$11,500.00	\$11,800.00

- Agility projects are exchanges of services with the Department of Transportation.

TOWNSHIP OF WARRINGTON  
BUCKS COUNTY  
LIQUID FUELS TAX FUND  
BACKGROUND  
FOR THE PERIOD  
JANUARY 1, 2020 TO DECEMBER 31, 2022

Background (Continued)

Section 2 of Form MS-965 With Adjustments provides information on the fund balance. Categories requiring explanation include:

- The state allocation is available from the Department of Transportation in March of each year. The amount the municipality receives is based half on its population and half on its road mileage.
- Municipalities that transferred roads from the Commonwealth of Pennsylvania to the municipality through the Highway Transfer Program receive annual turnback allocations in March of each year from the Department of Transportation. Turnback allocations are based on the mileage of the roads transferred.
- Expenditures include the total transferred from Section 1.

Section 3 of Form MS-965 With Adjustments determines if the municipality expended Liquid Fuels Tax Fund money in excess of the permissible amount for equipment and the balance that the municipality may carry forward for the purchase of equipment to the subsequent year.

Department of Transportation *Publication 9* requires that the amount expended for equipment purchases in a given year not exceed the sum of the equipment balance carried forward from the previous year and 20 percent of the current year's Liquid Fuels Tax Fund allocation and, if applicable, 20 percent of the turnback allocation plus other Department of Transportation approved adjustments.

If the municipality spent in excess of the amount listed on Line 4, the excess must be reimbursed to the Liquid Fuels Tax Fund.

The equipment balance to be carried forward for the subsequent year is the lesser of the amount on Line 6 or the ending fund balance on Line 6 of Section 2, but not less than zero.

TOWNSHIP OF WARRINGTON  
BUCKS COUNTY  
LIQUID FUELS TAX FUND  
BACKGROUND  
FOR THE PERIOD  
JANUARY 1, 2020 TO DECEMBER 31, 2022

Background (Continued)

*Basis of Presentation*

The financial activities of the municipality are accounted for in separate funds. The Liquid Fuels Tax Fund is used to account for state aid revenues from the Pennsylvania Department of Transportation used primarily for building and improving local roads and bridges. The Form MS-965 has been prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation as a result of the Fuels Tax Act 655, dated 1956 and as amended, which does not constitute a complete presentation of the entity's assets, liabilities, expenses, and fund balance. Accordingly, the presentation of Form MS-965 With Adjustments is restricted to the Liquid Fuels Tax Fund, which represents a segment of the entity.

*Basis Of Accounting*

The accompanying Form MS-965 With Adjustments is prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation. Under this method, revenues are recognized when received and expenditures are recorded when paid.

*General Fixed Assets*

General fixed assets are recognized as expenditures at the time of purchase. No depreciation has been provided on the heavy equipment used to maintain and repair roads and bridges.

AUDITOR DESCRIPTION OF SELECT TRANSACTIONS  
FOR THE PERIOD  
JANUARY 1, 2020 TO DECEMBER 31, 2022

The following information relates to certain types of transactions for which the Pennsylvania Department of Transportation requested that we provide additional detail:

Adjustments

2020 - Section 1

Adjustments were made to “Highway construction and rebuilding projects” and “Miscellaneous” because expenditures of \$252,808.76 were misclassified.

2021 - Section 1

An adjustment of \$2,629.29 was made to “Maintenance and repair of roads and bridges” because check No. 40397 and check No. 40398 were not reported.

Adjustments were made to “Highway construction and rebuilding projects” and “Miscellaneous” because expenditures of \$245,715.55 were misclassified.

2022 - Section 1

An adjustment of (\$2,608.26) was made to “Maintenance and repair of roads and bridges” because these expenditures were overstated.

Adjustments were made to “Highway construction and rebuilding projects” and “Miscellaneous” because expenditures of \$242,247.58 were misclassified.

2022 - Section 2

An adjustment of (\$2,629.29) was made to “Balance, January 1, 2022” to reflect the adjustment made to the fund balance in 2021 - Section 2.

An adjustment of \$21.03 was made to “Interest on investments” because interest earnings were understated.

JANUARY 1, 2020 TO DECEMBER 31, 2022

General Obligation Bond

On December 12, 2012, the municipality borrowed \$2,945,000.00 from The New York Bank Mellon for road construction projects. The term of the loan was for 14 years at a variable interest rate. Principal and interest payments are due annually. Prior years' principal and interest payments from the Liquid Fuels Tax Fund were \$1,350,000.00 and \$410,161.32, respectively. Additionally, the municipality paid interest of \$34,240.24 from the General Fund.

During the current examination period, the municipality paid principal of 436,258.89 and interest of \$35,658.76 from the Liquid Fuels Tax Fund. These amounts are reflected in highway construction and rebuilding projects on the 2020 and 2021 Forms MS-965 - Section 1. The outstanding balance of the loan as of September 13, 2021, was \$1,158,741.11 plus interest.

On September 14, 2021, the municipality restructured the general obligation bond with Concord Public Finance through TD Bank. The new principal balance, after restructuring fees of \$20,458.89, was \$1,179,200.00.

During the current examination period, the municipality paid principal of \$232,400.00 and interest of \$17,549.86 from the Liquid Fuels Tax Fund. These amounts are reflected in highway construction and rebuilding projects on the 2021, and 2022 Forms MS-965 - Section 1. The outstanding balance of the loan as of December 31, 2022, was \$946,800.00 plus interest.

TOWNSHIP OF WARRINGTON  
BUCKS COUNTY  
LIQUID FUELS TAX FUND  
FINDING AND RECOMMENDATIONS  
FOR THE PERIOD  
JANUARY 1, 2020 TO DECEMBER 31, 2022

**Finding - Failure To Obtain Project Approval**

Our examination disclosed that the municipality expended \$15,225.00 for replacing existing guide rail with a better type without obtaining the approval of the Department of Transportation. Before the replacement of existing items with an upgrade or better technology the municipality must obtain the approval of the Department of Transportation. However, the municipality did not file an application with the Department of Transportation for the project and failed to submit specifications for approval.

The Department of Transportation's *Publication 9* contains the policies and procedures for the administration of the Liquid Fuels Tax Fund. *Publication 9*, Chapter Two, Section 2.7.2, states that nonpermissible expenditures include "Construction and reconstruction projects without prior PENNDOT approval."

Additionally, *Publication 9*, Chapter Two, Section 2.8, states, in part:

The following criteria is used to determine when a project is required for work on local roads utilizing Liquid Fuels Tax Funds, when construction, reconstruction and/or resurfacing work exceeds one inch or more in depth as well as other activities.

Guide Rail:	New installation location or replacement with upgrade or better technology
-------------	--

The Finance Director stated that this condition occurred because the municipality does not agree that the replacement of guiderail with a better type requires the approval of the Department of Transportation.

The failure to comply with the Department of Transportation's *Publication 9* could result in the municipality having to reimburse \$15,225.00 to its Liquid Fuels Tax Fund.

**Recommendations**

We recommend that the municipality reimburse \$15,225.00 to its Liquid Fuels Tax Fund upon official notification by the Department of Transportation.

We further recommend that before the municipality expends money on a project, it applies for and obtains prior approval for the project, and when the project is completed, it obtains approval of the completed work.

LIQUID FUELS TAX FUND  
FINDING AND RECOMMENDATIONS  
FOR THE PERIOD  
JANUARY 1, 2020 TO DECEMBER 31, 2022

**Finding - Failure To Obtain Project Approval (Continued)**

Management's Response:

The Finance Director stated:

“Rail Replacement should not be considered a project.”

Auditor's Conclusion:

As stated above, the Department of Transportation's *Publication 9* requires municipalities to obtain the approval of the Department of Transportation before replacing old guiderail with an upgrade or better technology. The Department of Transportation will determine if the municipality is required to reimburse \$15,225.00 to its Liquid Fuels Tax Fund. During our next examination, we will determine if the municipality complied with our recommendations.

BUCKS COUNTY  
LIQUID FUELS TAX FUND  
SUMMARY OF PRIOR EXAMINATION RECOMMENDATIONS  
FOR THE PERIOD  
JANUARY 1, 2020 TO DECEMBER 31, 2022

Summary Of Prior Examination Recommendations

In our prior report, we recommended that the Department of Transportation review our examination finding to determine if the municipality should reimburse \$88,210.03 to its Liquid Fuels Tax Fund, which consisted of \$53,969.79 for failing to maintain documentation supporting expenditures and \$34,240.24 for retroactive expenditures.

During our current examination, we reviewed a letter dated August 25, 2021, from the Department of Transportation directing the municipality to reimburse \$88,210.03 to its Liquid Fuels Tax Fund. We noted that the municipality reimbursed this amount to its Liquid Fuels Tax Fund on September 30, 2021.

In our prior report, we also recommended that the municipality:

- Ensure good internal control over expenditures by maintaining adequate documentation to support all expenditures.
- Comply with the Department of Transportation's *Publication 9* regarding retroactive expenditures.

During our current examination, we noted that the municipality complied with our recommendations.
