Independent Auditor's Report

The Honorable Barry J. Schoch, P.E.
Secretary
Department of Transportation
Harrisburg, PA 17120

We examined the accompanying Forms MS-965 With Adjustments for the Liquid Fuels Tax Fund of the Township of West Taylor, Cambria County, for the period January 1, 2010 to December 31, 2012. The municipality's management is responsible for the Forms MS-965. Our responsibility is to express an opinion on the Forms MS-965 With Adjustments based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. An examination includes examining, on a test basis, evidence supporting the Township of West Taylor, Cambria County's Forms MS-965 for the period January 1, 2010 to December 31, 2012 and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

We are mandated by Section 403 of *The Fiscal Code*, 72 P.S. § 403, to audit each municipality's Liquid Fuels Tax Fund to ensure that funds received are expended in accordance with applicable laws and regulations. *Government Auditing Standards* issued by the Comptroller General of the United States include attestation engagements as a separate type of audit. An attestation engagement performed pursuant to *Government Auditing Standards* involves additional standards that exceed the standards provided by the American Institute of Certified Public Accountants. Accordingly, this attestation engagement complies with both *Government Auditing Standards* and Section 403 of *The Fiscal Code*.

As described in Note 4, the adjustments included on the Forms MS-965 With Adjustments are made by the Department of the Auditor General.

Independent Auditor's Report (Continued)

In our opinion, the Forms MS-965 With Adjustments present, in all material respects, the information required by the Pennsylvania Department of Transportation for the Liquid Fuels Tax Fund of the Township of West Taylor, Cambria County, for the period January 1, 2010 to December 31, 2012, in conformity with the criteria set forth in Note 1.

In accordance with *Government Auditing Standards*, we are required to report findings of significant deficiencies in internal control, violations of provisions of contracts or grant agreements, and abuse that are material to the Forms MS-965 and any fraud and illegal acts that are more than inconsequential that come to our attention during our examination. We are also required to obtain the views of management on those matters. We performed our examination to express an opinion on whether the Forms MS-965 are presented in accordance with the criteria described above and not for the purpose of expressing an opinion on the internal control over reporting on the Forms MS-965 or on compliance and other matters; accordingly, we express no such opinions.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Township of West Taylor, Cambria County's ability to initiate, authorize, record, process, or report data reliably in accordance with the applicable criteria such that there is more than a remote likelihood that a misstatement of the Township of West Taylor, Cambria County's Forms MS-965 that is more than inconsequential will not be prevented or detected by the Township of West Taylor, Cambria County's internal control.

A material weakness is a significant deficiency or combination of significant deficiencies that results in more than a remote likelihood that a material misstatement of the Forms MS-965 will not be prevented or detected by the Township of West Taylor, Cambria County's internal control.

Independent Auditor's Report (Continued)

Our consideration of internal control over reporting on the Forms MS-965 was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any significant deficiencies or material weaknesses, as defined above, in internal control over reporting on the Forms MS-965.

The results of our tests disclosed the following instance of noncompliance that is required to be reported under *Government Auditing Standards*:

- Liquid Fuels Money Overexpended On Project - Recurring.

We also noted another matter that, while not required to be included in this report by *Government Auditing Standards*, has been included in the finding below:

- Late Receipt Of Allocation.

This report is intended solely for the information and use of the Pennsylvania Department of Transportation and the management of the Township of West Taylor, Cambria County, and is not intended to be and should not be used by anyone other than these specified parties.

TOWNSHIP OF WEST TAYLOR
CAMBRIA COUNTY
LIQUID FUELS TAX FUND
BACKGROUND
FOR THE PERIOD
JANUARY 1, 2010 TO DECEMBER 31, 2012

Background

The Liquid Fuels Tax Municipal Allocation Law, Title 72 P.S. § 2615.5, provides municipalities other than counties (townships, boroughs, cities, towns, home rule, and optional plan governments) with an annual allocation of liquid fuels taxes from the state's Motor License Fund to be used for the maintenance and repair of streets, roads, and bridges for which the municipality is responsible. The allocation of these funds to municipalities is based: (1) 50 percent on the municipality's proportion of local road mileage to the total local road mileage in the state, and (2) 50 percent on the proportion of a municipality's population to the total population in the state.

The Vehicle Code, Title 75 P.S. § 9511, provides municipalities with annual maintenance payments to be received from the Motor License Fund for functionally local highways that were transferred to a municipality from the Commonwealth of Pennsylvania.

Each municipality must deposit the Liquid Fuels Tax Fund money and annual maintenance payments that it receives into a special fund called the Municipal Liquid Fuels Tax Fund or State Fund. A municipality may not deposit any other monies into this fund except when the municipality does not have enough money in the special fund to meet the payments called for by its current annual budget for road and bridge purposes. In this case, the municipality may borrow money or transfer money from its General Fund to its Liquid Fuels Tax Fund.

The Department of Transportation has been given the regulatory authority for the administration of these funds. To qualify for its annual allocation, each municipality shall submit the following documents and information to the Department of Transportation:

1. Evidence that the treasurer is bonded in accordance with the law, or that its treasurer is a bank requiring no bond by January 31 of each year.
2. A report indicating the manner in which its liquid fuels tax allocation was expended in the previous year (Form MS-965) by January 31 of each year.
3. A report of elected and appointed officials by January 31 of each year.
4. A Survey of Financial Condition by March 15 of each year.

Department of Transportation *Publication 9* contains the policies and procedures that govern the use of Liquid Fuels Tax Fund money. However, if there is a difference between *Publication 9* and any legislation, the legislation shall govern.

TOWNSHIP OF WEST TAYLOR
CAMBRIA COUNTY
LIQUID FUELS TAX FUND
NOTES TO FORMS MS-965 WITH ADJUSTMENTS
FOR THE PERIOD
JANUARY 1, 2010 TO DECEMBER 31, 2012

1. Criteria

Section 1

This section of Form MS-965 With Adjustments provides a summary of Liquid Fuels Tax Fund expenditures by category. Categories requiring explanation include:

- Major equipment purchases are purchases of road machinery and road equipment that cost in excess of \$4,000.00 prior to 2012 and in excess of \$10,000.00 during 2012 and subsequent years.
- Minor equipment purchases are purchases of road machinery and road equipment that cost \$4,000.00 or less prior to 2012 and \$10,000.00 or less during 2012 and subsequent years.
- Agility projects are exchanges of services with the Department of Transportation.

Section 2

This section of Form MS-965 With Adjustments provides information on the fund balance. Categories requiring explanation include:

- The state allocation is generally received from the Department of Transportation during the first week in April of each year. The amount the municipality receives is based half on its population and half on its road mileage.
- The turnback allocation is generally received from the Department of Transportation during the first week in April of each year. A municipality receives a yearly turnback allocation based on road mileage for all roads that were transferred to the municipality from the Commonwealth of Pennsylvania through the Highway Transfer Program.
- Expenditures include the total transferred from Section 1.

1. Criteria (Continued)

Section 3

This section of Form MS-965 With Adjustments determines if the municipality expended Liquid Fuels Tax Fund money in excess of the permissible amount for equipment and the balance that the municipality may carry forward for the purchase of equipment to the subsequent year.

Department of Transportation *Publication 9* requires that the amount expended for equipment purchases in a given year not exceed the sum of the equipment balance carried forward from the previous year and 20 percent of the current year's Liquid Fuels Tax Fund allocation and, if applicable, 20 percent of the turnback allocation plus other Department of Transportation approved adjustments.

If the municipality spent in excess of the amount listed on Line 4, the excess must be reimbursed to the Liquid Fuels Tax Fund.

The equipment balance to be carried forward for the subsequent year is the lesser of the amount on Line 6 or the ending fund balance on Line 6 of Section 2, but not less than zero.

Basis Of Presentation

The financial activities of the municipality are accounted for in separate funds. The Liquid Fuels Tax Fund is used to account for state aid revenues from the Pennsylvania Department of Transportation used primarily for building and improving local roads and bridges. The Forms MS-965 have been prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation as a result of the Fuels Tax Act 655, dated 1956 and as amended, which does not constitute a complete presentation of the entity's assets, liabilities, expenses, and fund balance. Accordingly, the presentation of Forms MS-965 With Adjustments is restricted to the Liquid Fuels Tax Fund, which represents a segment of the entity.

Basis Of Accounting

The accompanying Forms MS-965 With Adjustments are prepared in accordance with reporting requirements prescribed by the Pennsylvania Department of Transportation. Under this method, revenues are recognized when received and expenditures are recorded when paid.

1. Criteria (Continued)

General Fixed Assets

General fixed assets are recognized as expenditures at the time of purchase. No depreciation has been provided on the heavy equipment used to maintain and repair roads and bridges.

2. Deposits

The Second Class Township Code, Title 53 P.S. § 68204, authorizes the township to deposit its funds in the following:

- Deposits in savings accounts or time deposits, other than certificates of deposit or share accounts of institutions having their principal place of business in the Commonwealth of Pennsylvania and insured by the Federal Deposit Insurance Corporation (FDIC) or other like insurance. For any amount above the insured maximum, the depository shall pledge approved collateral.
- Certificates of deposit purchased from institutions insured by the FDIC or other like insurance to the extent that such accounts are so insured. For any amounts in excess of the insured maximum, such deposits shall be collateralized by a pledge or assignment of assets. Certificates of deposit may not exceed 20 percent of a bank's total capital surplus or 20 percent of a savings and loan's or savings bank's assets minus liabilities.

Deposits consist of receipts and deposits in a financial institution. Pennsylvania statutes require all deposits to be insured and, for any amount above the insured maximum, to be secured with approved collateral as defined.

There were no deposits exposed to custodial credit risk as of December 31, 2012. Custodial credit risk, as defined by GASB No. 40, includes deposits that are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the municipality's name.

Fund Balance

The fund balance as of December 31, 2012 consists of the following:

Cash	\$17,684.02
------	-------------

3. Interest On Investments

Our examination disclosed that the municipality deposited idle liquid fuels tax money in an interest-bearing account which earned \$23.35 during 2010, \$6.79 during 2011, and \$9.89 during 2012, thus providing additional funds for road maintenance and repairs.

4. Adjustments

2011 - Section 1

An adjustment of \$3,000.00 was made to “Miscellaneous” because check No. 1676 was not reported.

2011 - Section 2

An adjustment of \$3,000.00 was made to “Miscellaneous” because a reimbursement from the General Fund was not reported.

5. Miscellaneous Receipts

The following miscellaneous receipts were deposited into the Liquid Fuels Tax Fund during the examination period:

Source	Description	2010	2011
General Fund	Reimbursement (Finding No. 1)	\$2,300.00	\$ -
P.E.M.A.	Severe weather assistance	2,796.41	37.00

<u>Payee</u>	<u>Description</u>	<u>2011</u>
General Fund	Repayment of temporary loans (Note 7)	\$3,200.00
Financial institution	Bank service charges	<u>56.00</u>
Totals		<u>\$3,256.00</u>

7. Temporary Loans

On February 25, 2011, and November 23, 2011, the municipality loaned \$3,000.00 and \$200.00, respectively, from its General Fund to its Liquid Fuels Tax Fund. On May 18, 2011 and November 25, 2011, the municipality transferred \$3,000.00 and \$200.00, respectively, from its Liquid Fuels Tax Fund to its General Fund to repay the temporary loans.

8. Bank Loan

On April 4, 2007, the municipality borrowed \$51,360.00 from First National Bank of Pennsylvania to purchase a 2007 Ford truck and various plow accessories. The term of the loan was for five years at an interest rate of 5.5 percent. Principal and interest payments of \$9,986.83 are due annually. Prior years' principal payments from the Liquid Fuels Tax Fund were \$4,000.00. Additionally, the municipality paid principal of \$25,039.06 and interest of \$5,434.60 from the General Fund.

During the current examination period the municipality paid principal of \$22,320.94 and interest of \$2,244.37 from the General Fund. The loan was paid-in-full on August 28, 2012.

TOWNSHIP OF WEST TAYLOR
CAMBRIA COUNTY
LIQUID FUELS TAX FUND
FINDINGS AND RECOMMENDATIONS
FOR THE PERIOD
JANUARY 1, 2010 TO DECEMBER 31, 2012

Finding No. 1 - Liquid Fuels Money Overexpended On Project - Recurring

We cited the municipality for overexpending Liquid Fuels Tax Fund money on road construction projects in our prior examination for the period ending December 31, 2009. However, our current examination found that the municipality did not correct this issue. Once again our examination disclosed that the municipality expended \$18,755.00 of Liquid Fuels Tax Fund money on construction project No. 10-11-228-01CA. However, the amount approved to be expended from the Liquid Fuels Tax Fund for this project was \$16,455.00. The difference of \$2,300.00 should have been paid directly from the General Fund.

The Department of Transportation's Regulations do not permit a municipality to expend Liquid Fuels Tax Fund money in excess of the amount approved on Municipal Services Completion Report Form MS-999.

On October 29, 2010, the municipality reimbursed \$2,300.00 to the Liquid Fuels Tax Fund.

This condition occurred because the municipality failed to comply with our prior examination recommendation to expend only the approved amount of Liquid Fuels Tax Fund money on road construction projects.

Recommendation

We again strongly recommend that, in the future, the municipality expend only the approved amount of Liquid Fuels Tax Fund money on road construction projects.

Management's Response

The municipal officials stated:

We expended the total invoice out of Liquid Fuels. We reimbursed county aid in the same year.

Auditor's Conclusion

This is a recurring finding. We strongly recommend that the municipality comply with our recommendation. When a municipality receives county aid for a road project, the municipality must pay the portion of the project for which it receives the county aid from the General Fund. The county aid reimbursement should be deposited into the General Fund upon receipt. During our next examination we will determine if the municipality complied with our recommendation.

FINDINGS AND RECOMMENDATIONS
FOR THE PERIOD
JANUARY 1, 2010 TO DECEMBER 31, 2012

Finding No. 2 - Late Receipt Of Allocation

Our examination disclosed that the 2011 Liquid Fuels Tax Fund allocation of \$28,865.96, which should have been distributed from the Department of Transportation to the municipality during the first week of April of that year, was not received until May 18, 2011, because the municipality failed to comply with the Department of Transportation's *Publication 9*, Chapter Two, Section 2.4, which states:

To qualify for the annual liquid fuels tax allocation, a municipality shall:

- Submit annual reports (MS-965, Actual Use Report, MS-965P, Project and Miscellaneous Receipts, and MS-965S, Record of Checks).
- Make deposits and payments or expenditures in compliance with the Act 655. Failure to do so may result in not receiving allocations from PENNDOT until all discrepancies are resolved.
- Submit the Pennsylvania Department of Community and Economic Development's (DCED) Report of Elected and Appointed Officials by January 31st and the Survey of Financial Condition by March 15th.
- Ensure resolution of all Contractor Responsibility Program (CRP) holds and blocks imposed by the Department of Revenue and the Department of Labor and Industry.

Because the municipality failed to file documents and information timely as noted above, the municipality did not have use of the 2011 allocation for more than one month. Furthermore, had the allocation been received timely, money may have been available for investment purposes, potentially earning interest income which could have been used for road maintenance and repairs.

Recommendation

We recommend that, in the future, the municipality comply with the Department of Transportation's *Publication 9* to ensure that the allocations are received during the first week in April as outlined above.
