Finding No. 1 – Noncompliance With Prior Audit Recommendation – Failure to Maintain a Complete and Accurate Equipment Roster	6
Finding No. 2 – Insufficient Officer's Bond Coverage	8
Accompanying Expenditure Information	9
Report Distribution List	11

BACKGROUND

Pursuant to Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code, Act of April 9, 1929, (P.L. 343, No. 176), and the Volunteer Firefighters' Relief Association Act, as consolidated by the Act of November 23, 2010, (P.L. 1181, No. 118), at 35 Pa.C.S. § 7411 et seq., the Department of the Auditor General's duty is to audit the accounts and records of every volunteer firefighters' relief association to determine that funds received under the Foreign Fire Insurance Tax Distribution Law, Act of December 18, 1984, (P.L. 1005, No. 205), as amended, 53 P.S. § 895.701 et seq. (commonly referred to as Act 205), are properly expended.

The Ideal Volunteer Firemen's Relief Association, herein referred to as Ideal Volunteer Firefighters' Relief Association, is a charitable organization that was formed primarily to afford financial protection to volunteer firefighters and to encourage individuals to participate in volunteer fire service.

Act 118 governs the overall operation of the volunteer firefighters' relief association. The relief association's bylaws define the specific operational procedures by which the volunteer firefighters' relief association conducts business. To fulfill its primary purpose, Act 118 authorizes specific types of expenditures and prescribes appropriate volunteer firefighters' relief association investment options. Within the parameters established by Act 118, it is the responsibility of the volunteer firefighters' relief association to choose investments in a proper and prudent manner.

Volunteer firefighters' relief associations receive public tax monies, and the association officers therefore have a responsibility to the public to conduct the association's financial affairs in a businesslike manner and to maintain sufficient financial records to support the propriety of all association transactions. Volunteer firefighters' relief association officers are also responsible for ensuring that the association operates in accordance with applicable state laws, contracts, bylaws and administrative procedures.

Act 205 sets forth the computation of the Foreign Fire Insurance Tax Distribution paid to each applicable municipality throughout the Commonwealth of Pennsylvania. The amount of the distribution is based upon the population of each municipality and the market value of real estate within the municipality. Upon receipt of this distribution, the municipality must allocate the funds to the volunteer firefighters' relief association of the fire service organization or fire service organizations, which is or are recognized as providing the service to the municipality. The Ideal Volunteer Firefighters' Relief Association was allocated state aid from the following municipality:

Municipality	County	2007	2008	2009
Conemaugh Township	Somerset	\$10,216	\$10,491	\$10,888

BACKGROUND (Continued)

The volunteer firefighters' relief association and the affiliated fire service organization are separate, legal entities. The Ideal Volunteer Firefighters' Relief Association is affiliated with the following fire service organization:

Ideal Volunteer Fire Company

Mr. John D. Kimmel, President IDEAL VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION Somerset County

We have conducted a compliance audit of the Ideal Volunteer Firefighters' Relief Association pursuant to authority derived from Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code, Act of April 9, 1929, (P.L. 343, No. 176), and mandated by the Volunteer Firefighters' Relief Association Act, as consolidated by the Act of November 23, 2010 (P.L. 1181, No. 118), at 35 Pa.C.S. § 7411 et seq., for the period January 1, 2007 to December 31, 2009.

We conducted this compliance audit in accordance with *Government Auditing Standards* applicable to performance audits, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our audit results and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our audit results and conclusions based on our audit objectives.

The objectives of the audit were:

- 1. To determine if the volunteer firefighters' relief association took appropriate corrective action to address the findings contained in our prior audit report; and
- 2. To determine if the volunteer firefighters' relief association received and expended state aid and accumulated relief funds in compliance with applicable state laws, contracts, bylaws and administrative procedures.

Our audit was limited to the areas related to the objectives identified above.

Volunteer firefighters' relief association officers are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the Ideal Volunteer Firefighters' Relief Association's administration of state aid and accumulated relief funds complies with applicable state laws, contracts, bylaws and administrative procedures including the safeguarding of assets. In conducting our audit, we obtained an understanding of the volunteer firefighters'

relief association's internal controls as they relate to the association's compliance with those requirements and that we considered to be significant within the context of the audit objectives, and assessed whether those significant controls were properly designed and implemented. Our audit procedures also included tests of documentary evidence supporting the Ideal Volunteer Firefighters' Relief Association's recorded financial transactions, tests of the physical existence of inventories, interviews of selected officials and direct confirmation of the Ideal Volunteer Firefighters' Relief Association's cash, investments, and certain other assets and liabilities as of December 31, 2009, with the custodians of the funds, debtors, creditors, and financial institutions to the extent necessary to satisfy the audit objectives. Additionally, we performed procedures to provide a reasonable assurance of detecting instances of violations of legal and regulatory requirements or violations of provisions of contracts that are significant within the context of the audit objectives.

The results of our audit, for the period January 1, 2007 to December 31, 2009, found the Ideal Volunteer Firefighters' Relief Association took appropriate corrective action to address one of the two findings contained in our prior audit report. However, the Ideal Volunteer Firefighters' Relief Association failed to take appropriate corrective action to address the remaining finding contained in our prior audit report, as listed below and discussed in the Status of Prior Findings section of this report. In addition, the results of our audit found the Ideal Volunteer Firefighters' Relief Association, in all significant respects, received and expended state aid and accumulated relief funds in compliance with applicable state laws, contracts, bylaws and administrative procedures, except as noted in the findings listed below and discussed in detail in the Findings and Recommendations section of this report. The results of our tests also indicated the Ideal Volunteer Firefighters' Relief Association expended funds as presented in the Accompanying Expenditure Information and, as of December 31, 2009, had a cash balance of \$12,199 and no investments.

Finding No. 1 – Noncompliance With Prior Audit Recommendation – Failure to Maintain a Complete and Accurate Equipment Roster

Finding No. 2 – Insufficient Officer's Bond Coverage

The contents of this report were discussed with the management of the Ideal Volunteer Firefighters' Relief Association and, where appropriate, their responses have been included in the report.

JACK WAGNER Auditor General

IDEAL VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION STATUS OF PRIOR FINDINGS

COMPLIANCE WITH PRIOR AUDIT FINDING AND RECOMMENDATION

The Ideal Volunteer Firefighters' Relief Association has complied with the following prior audit finding and recommendation:

• Undocumented Expenditures

Received reimbursement from the Ideal Volunteer Fire Company, in the amount of \$4,322, for the undocumented expenditures made during the prior audit. In addition, we did not detect any additional undocumented expenditures during the current audit period.

NONCOMPLIANCE WITH PRIOR AUDIT FINDING AND RECOMMENDATION

The Ideal Volunteer Firefighters' Relief Association has not complied with one of the two prior audit findings. This finding is noted below and discussed in detail in the Findings and Recommendations section of this report:

Noncompliance With Prior Audit Recommendation –
 Failure to Maintain a Complete and Accurate Equipment Roster

We are concerned with the volunteer firefighters' relief association's failure to correct a previously reported audit finding. The association management should strive to implement the recommendations and corrective actions noted in this audit report.

IDEAL VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION FINDINGS AND RECOMMENDATIONS

<u>Finding No. 1 – Noncompliance With Prior Audit Recommendation –</u> Failure to Maintain a Complete and Accurate Equipment Roster

<u>Condition</u>: As cited in our prior two audit reports, the relief association officials did not maintain a complete and accurate roster of equipment owned by the relief association. While a current roster was provided, it only contained equipment purchases made in 2007 and 2008. Therefore, it did not contain \$3,109 of equipment purchased in 2009. In addition, there was no indication that a physical inventory of equipment was conducted on an annual basis, nor whether such inventory accounted for all of the relief association assets.

<u>Criteria</u>: The relief association should establish adequate internal control procedures to ensure the maintenance of a cumulative equipment roster of all items purchased by the relief association in order to provide an effective accounting control over the relief association's fixed assets. A cumulative equipment roster of all relief association equipment should include the following:

Types of equipment purchased;
Dates of purchases;
Unit costs;
Names of suppliers;
Serial numbers, if applicable;
Current locations of items;
Final dispositions of sold or damaged equipment; and
Evidence of the results of an annual physical inventory.

Furthermore, sound business practice requires the performance of an annual physical inventory of all relief association owned equipment.

<u>Cause</u>: While notified of this condition during our prior audit, relief association officials neglected to establish adequate internal control procedures over fixed assets to include the maintenance of a cumulative equipment roster and the performance of an annual physical inventory of equipment.

<u>Effect</u>: The failure to properly record equipment purchases in a detailed equipment roster prevents officials from effectively monitoring the relief association's equipment purchases. In addition, the failure to maintain a detailed equipment roster and perform an annual physical inventory of fixed assets prevents adequate accountability for, and safeguarding of, relief association fixed assets.

IDEAL VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION FINDINGS AND RECOMMENDATIONS

Finding No. 1 – (Continued)

<u>Recommendation</u>: We again recommend the relief association officials maintain a cumulative equipment roster of all relief association owned equipment. Furthermore, the relief association should ensure it performs an annual physical inventory of all operable equipment and that the completion of the inventory be sufficiently documented. For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

<u>Management's Response</u>: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.

IDEAL VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION FINDINGS AND RECOMMENDATIONS

Finding No. 2 – Insufficient Officer's Bond Coverage

<u>Condition</u>: The relief association did not maintain a bond in a sufficient amount to cover the authorized disbursing officer. The relief association's bond coverage was \$10,000; however, as of December 31, 2009, the cash assets totaled \$12,198.

Criteria: Act 118 at 35 Pa.C.S. § 7415(c)(4) states, in part, that:

. . . the disbursing officer, whether designated treasurer, comptroller, financial secretary or otherwise, shall be bonded by corporate surety for faithful performance of duty. The amount of the bond shall be at least as great as the maximum cash balance in current funds of the association at any time during the fiscal year, and the premium on the bond shall be a proper charge against the funds of the association.

<u>Cause</u>: Relief association officials failed to monitor the cash balance to ensure the officer's bond coverage was sufficient, pursuant to the requirements in Act 118.

<u>Effect</u>: As a result of the disbursing officer of the relief association being insufficiently bonded, the relief association's cash assets were not adequately safeguarded.

<u>Recommendation</u>: We recommend the relief association ensure that a performance bond sufficiently covers the authorizing disbursing officer, as required by Act 118. This requirement may be accomplished by increasing the officer's bond coverage to an amount greater than the expected maximum balance of cash assets, or by decreasing the cash assets to an amount anticipated to remain below the coverage amount. Relief association officials should monitor the cash balance to ensure that unexpected events affecting current funds do not again result in an insufficient officer's bond coverage. For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

<u>Management's Response</u>: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.

IDEAL VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION ACCOMPANYING EXPENDITURE INFORMATION FOR THE PERIOD JANUARY 1, 2007 TO DECEMBER 31, 2009

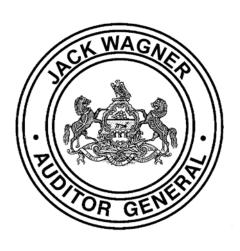

Act 118 at 35 Pa.C.S. § 7412 states: a volunteer firefighters' relief association is an organization formed primarily for the purpose of affording financial protection to volunteer firefighters against the consequences of misfortune suffered as a result of their participation in the fire service. The organization may contain within its membership the members of one or more fire companies and may serve secondary purposes, as set forth in this subchapter, but only if adequate provisions have been first made to serve the primary purpose.

Act 118 at 35 Pa.C.S. § 7416 authorizes the investment of relief association funds and outlines the types of benefits and services that can be provided with volunteer firefighters' relief association funds.

Furthermore, all expenditures must be properly authorized as prescribed in the volunteer firefighters' relief association bylaws and approved at an association meeting.
