Mr. Carl Epler, President  
LAWN VOLUNTEER FIREFIGHTERS'  
RELIEF ASSOCIATION  
Lebanon County

We have conducted a compliance audit of the Lawn Volunteer Firefighters' Relief Association pursuant to authority derived from Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code, Act of April 9, 1929, (P.L. 343, No. 176), and mandated by the Volunteer Firefighters' Relief Association Act, as consolidated by the Act of November 23, 2010 (P.L. 1181, No. 118), at 35 Pa.C.S. § 7411 *et seq.*, for the period January 1, 2009 to December 31, 2011.

We conducted this compliance audit in accordance with *Government Auditing Standards* applicable to performance audits, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our audit results and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our audit results and conclusions based on our audit objectives.

The objectives of the audit were:

1. To determine if the volunteer firefighters' relief association took appropriate corrective action to address the finding contained in our prior audit report; and
2. To determine if the volunteer firefighters' relief association received state aid and expended state aid and accumulated relief funds in compliance with applicable state laws, contracts, bylaws and administrative procedures.

Our audit was limited to the areas related to the objectives identified above.

Volunteer firefighters' relief association officers are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the Lawn Volunteer Firefighters' Relief Association's administration of state aid and accumulated relief funds complies with

applicable state laws, contracts, bylaws and administrative procedures including the safeguarding of assets. In conducting our audit, we obtained an understanding of the volunteer firefighters' relief association's internal controls as they relate to the association's compliance with those requirements and that we considered to be significant within the context of the audit objectives, and assessed whether those significant controls were properly designed and implemented. Our audit procedures also included tests of documentary evidence supporting the Lawn Volunteer Firefighters' Relief Association's recorded financial transactions, tests of the physical existence of inventories, interviews of selected officials and direct confirmation of the Lawn Volunteer Firefighters' Relief Association's cash, investments, and certain other assets and liabilities as of December 31, 2011, with the custodians of the funds, debtors, creditors, and financial institutions to the extent necessary to satisfy the audit objectives. Additionally, we performed procedures to provide a reasonable assurance of detecting instances of violations of legal and regulatory requirements or violations of provisions of contracts that are significant within the context of the audit objectives.

The results of our audit, for the period January 1, 2009 to December 31, 2011, found the Lawn Volunteer Firefighters' Relief Association took appropriate corrective action to address the finding contained in our prior audit report and, in all significant respects, received state aid and expended state aid and accumulated relief funds in compliance with applicable state laws, contracts, bylaws and administrative procedures, except as noted in the findings listed below and discussed later in this report. The results of our tests also indicated the Lawn Volunteer Firefighters' Relief Association expended funds as presented in the Accompanying Expenditure Information and, as of December 31, 2011, had a cash balance of \$50,959 and an investment balance with a fair value of \$16,301.

Finding No. 1 – Insufficient Surety (Fidelity) Bond Coverage

Finding No. 2 – Duplicate Payment

Finding No. 3 – Failure to Maintain a Complete and Accurate Equipment Roster

The contents of this report were discussed with the management of the Lawn Volunteer Firefighters' Relief Association and, where appropriate, their responses have been included in the report.

## BACKGROUND

Pursuant to Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code, Act of April 9, 1929, (P.L. 343, No. 176), and the Volunteer Firefighters' Relief Association Act, as consolidated by the Act of November 23, 2010, (P.L. 1181, No. 118), at 35 Pa.C.S. § 7411 *et seq.*, the Department of the Auditor General's duty is to audit the accounts and records of every volunteer firefighters' relief association to determine that funds received under the Foreign Fire Insurance Tax Distribution Law, Act of December 18, 1984, (P.L. 1005, No. 205), as amended, 53 P.S. § 895.701 *et seq.* (commonly referred to as Act 205), are properly expended.

The Lawn Fire Company Relief Association, herein referred to as Lawn Volunteer Firefighters' Relief Association, is a charitable organization that was formed primarily to afford financial protection to volunteer firefighters and to encourage individuals to participate in volunteer fire service.

Act 118 governs the overall operation of the volunteer firefighters' relief association. The relief association's bylaws define the specific operational procedures by which the volunteer firefighters' relief association conducts business. To fulfill its primary purpose, Act 118 authorizes specific types of expenditures and prescribes appropriate volunteer firefighters' relief association investment options. Within the parameters established by Act 118, it is the responsibility of the volunteer firefighters' relief association to choose investments in a proper and prudent manner.

Volunteer firefighters' relief associations receive public tax monies, and the association officers therefore have a responsibility to the public to conduct the association's financial affairs in a businesslike manner and to maintain sufficient financial records to support the propriety of all association transactions. Volunteer firefighters' relief association officers are also responsible for ensuring that the association operates in accordance with applicable state laws, contracts, bylaws and administrative procedures.

Act 205 sets forth the computation of the Foreign Fire Insurance Tax Distribution paid to each applicable municipality throughout the Commonwealth of Pennsylvania. The amount of the distribution is based upon the population of each municipality and the market value of real estate within the municipality. Upon receipt of this distribution, the municipality must allocate the funds to the volunteer firefighters' relief association of the fire service organization or fire service organizations, which is or are recognized as providing the service to the municipality.

BACKGROUND (Continued)

The Lawn Volunteer Firefighters' Relief Association was allocated state aid from the following municipalities:

<u>Municipality</u>	<u>County</u>	<u>2009</u>	<u>2010</u>	<u>2011</u>
Conewago Township	Dauphin	\$ 4,255	\$ 4,789	\$ 7,510

STATUS OF PRIOR FINDING

COMPLIANCE WITH PRIOR AUDIT FINDING AND RECOMMENDATION

The Lawn Volunteer Firefighters' Relief Association has complied with the following prior audit finding and recommendation:

- Unauthorized Expenditure

By receiving reimbursement of \$720 for the unauthorized expenditure that was made during the prior audit period.

LAWN VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION  
FINDINGS AND RECOMMENDATIONS

Finding No. 1 – Insufficient Surety (Fidelity) Bond Coverage

Condition: The relief association did not maintain a Surety (Fidelity) bond in a sufficient amount to cover the relief association's authorized disbursing officer. The relief association's Surety (Fidelity) bond coverage amount was \$35,000; however, as of December 31, 2011, the relief association's cash assets totaled \$50,959.

Criteria: Act 118 at 35 Pa.C.S. § 7415(c)(4) states, in part, that:

. . . the disbursing officer, whether designated treasurer, comptroller, financial secretary or otherwise, shall be bonded by corporate surety for faithful performance of duty. The amount of the bond shall be at least as great as the maximum cash balance in current funds of the association at any time during the fiscal year, and the premium on the bond shall be a proper charge against the funds of the association.

Cause: Relief association officials failed to monitor the relief association's cash balance to ensure that the Surety (Fidelity) bond coverage on the relief association's authorized disbursing officer was in compliance with Act 118 provisions.

Effect: As a result of the authorized disbursing officer of the relief association being insufficiently bonded, the relief association's cash assets were not adequately safeguarded.

Recommendation: We recommend that the relief association officials ensure that its Surety (Fidelity) bond sufficiently covers the relief association's authorized disbursing officer, as required by Act 118. This requirement may be accomplished by increasing the Surety (Fidelity) bond coverage on the relief association's authorized disbursing officer to an amount greater than the expected maximum balance of the relief association's cash assets, or by decreasing the relief association's cash assets to an amount anticipated to remain below the policy coverage amount. Relief association officials should monitor the relief association's cash balance to ensure that unexpected events affecting the relief association's current funds do not again result in insufficient Surety (Fidelity) bond coverage on the relief association's authorized disbursing officer. For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

Management's Response: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.

LAWN VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION  
FINDINGS AND RECOMMENDATIONS (Continued)

Finding No. 2 – Duplicate Payment

Condition: On September 18, 2010, the relief association expended \$493 for a radio installation. On December 5, 2010, the relief association erroneously made a duplicate payment for the same radio installation. As such, the second payment is considered an unauthorized disbursement because no goods or services were received for the payment.

Criteria: Adequate accounting and internal control procedures should be implemented to prevent duplicate payment of invoices.

Cause: The volunteer firefighters' relief association failed to establish internal control procedures which would require that all invoices or other billing documents be canceled or otherwise effectively marked to prevent duplicate payments.

Effect: As a result of this erroneous payment, the relief association was unable to use these funds for other general operating expenses or for investment purposes.

Recommendation: We recommend the relief association be reimbursed \$493 for the erroneous duplicate payment. The relief association should consider contacting the vendor to recover the duplicate payment. In addition, the relief association should establish accounting and internal control procedures to monitor future relief association expenditures. For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

Management's Response: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.

LAWN VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION  
FINDINGS AND RECOMMENDATIONS (Continued)

Finding No. 3 – Failure to Maintain a Complete and Accurate Equipment Roster

Condition: The relief association officials failed to maintain a complete and accurate roster of equipment owned by the relief association. Specifically, not all relief association owned equipment purchased during the audit period, in the amount of \$57,519, was documented on the equipment roster. In addition, there was no indication that a physical inventory of equipment was conducted on an annual basis, nor whether such inventory accounted for all of the relief association's equipment.

Criteria: Prudent business practice dictates the relief association should establish adequate internal control procedures to ensure the maintenance of a cumulative equipment roster of all items purchased by the relief association in order to provide an effective accounting control over the relief association's equipment. A cumulative equipment roster of all relief association equipment should include the following:

- Types of equipment purchased;
- Dates of purchase;
- Unit costs;
- Names of suppliers;
- Serial numbers, if applicable;
- Current locations of items;
- Final dispositions of sold or damaged equipment; and
- Evidence of the performance and results of an annual physical inventory.

Furthermore, prudent business practice requires the performance of an annual physical inventory of all relief association owned equipment.

Cause: Relief association officials failed to establish adequate internal control procedures over equipment requiring the maintenance of a cumulative equipment roster and the performance of an annual physical inventory of equipment.

Effect: The failure to properly record equipment purchases in a detailed equipment roster prevents officials from effectively monitoring the relief association's equipment purchases. In addition, the failure to maintain a detailed equipment roster and perform an annual physical inventory of equipment prevents adequate accountability for, and safeguarding of, relief association equipment.

Recommendation: We recommend the relief association officials maintain a cumulative equipment roster of all relief association owned equipment. Furthermore, the relief association should ensure it performs an annual physical inventory of all operable equipment and that the completion of the inventory be sufficiently documented. For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.
