BACKGROUND

Pursuant to Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code, Act of April 9, 1929, (P.L. 343, No. 176), and the Volunteer Firefighters' Relief Association Act, as consolidated by the Act of November 23, 2011, (P.L. 1181, No. 118), at 35 Pa.C.S. § 7411 *et seq.*, the Department of the Auditor General's duty is to audit the accounts and records of every volunteer firefighters' relief association to determine that funds received under the Foreign Fire Insurance Tax Distribution Law, Act of December 18, 1984, (P.L. 1005, No. 205), as amended, 53 P.S. § 895.701 *et seq.* (commonly referred to as Act 205), are properly expended.

The Martin's Corner Firemen's Relief Association, herein referred to as Martin's Corner Volunteer Firefighters' Relief Association, is a charitable organization that was formed primarily to afford financial protection to volunteer firefighters and to encourage individuals to participate in volunteer fire service.

Act 118 governs the overall operation of the volunteer firefighters' relief association. The relief association's bylaws define the specific operational procedures by which the volunteer firefighters' relief association conducts business. To fulfill its primary purpose, Act 118 authorizes specific types of expenditures and prescribes appropriate volunteer firefighters' relief association investment options. Within the parameters established by Act 118, it is the responsibility of the volunteer firefighters' relief association to choose investments in a proper and prudent manner.

Volunteer firefighters' relief associations receive public tax monies, and the association officers therefore have a responsibility to the public to conduct the association's financial affairs in a businesslike manner and to maintain sufficient financial records to support the propriety of all association transactions. Volunteer firefighters' relief association officers are also responsible for ensuring that the association operates in accordance with applicable state laws, contracts, bylaws and administrative procedures.

Act 205 sets forth the computation of the Foreign Fire Insurance Tax Distribution paid to each applicable municipality throughout the Commonwealth of Pennsylvania. The amount of the distribution is based upon the population of each municipality and the market value of real estate within the municipality. Upon receipt of this distribution, the municipality must allocate the funds to the volunteer firefighters' relief association of the fire service organization or fire service organizations, which is or are recognized as providing the service to the municipality. The Martin's Corner Volunteer Firefighters' Relief Association was allocated state aid from the following municipalities:

<u>Municipality</u>	<u>County</u>	<u>2008</u>	<u>2009</u>	<u>2010</u>	<u>2011</u>
West Brandywine Township	Chester	\$ 5,495	\$ 5,069	\$ 5,705	\$ 8,721
West Caln Township	Chester	\$30,143	\$27,546	\$31,005	53,273

BACKGROUND (Continued)

The volunteer firefighters' relief association and the affiliated fire service organization are separate, legal entities. The Martin's Corner Volunteer Firefighters' Relief Association is affiliated with the following fire service organization:

Martin's Corner Volunteer Fire Company

Mr. Richard King, President
MARTIN'S CORNER VOLUNTEER FIREFIGHTERS'
RELIEF ASSOCIATION
Chester County

We have conducted a compliance audit of the Martin's Corner Volunteer Firefighters' Relief Association pursuant to authority derived from Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code, Act of April 9, 1929, (P.L. 343, No. 176), and mandated by the Volunteer Firefighters' Relief Association Act, as consolidated by the Act of November 23, 2011 (P.L. 1181, No. 118), at 35 Pa.C.S. § 7411 *et seq.*, for the period January 1, 2008 to December 31, 2011.

We conducted this compliance audit in accordance with *Government Auditing Standards* applicable to performance audits, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our audit results and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our audit results and conclusions based on our audit objectives.

The objectives of the audit were:

1. To determine if the volunteer firefighters' relief association took appropriate corrective action to address the findings contained in our prior audit report; and
2. To determine if the volunteer firefighters' relief association received and expended state aid and accumulated relief funds in compliance with applicable state laws, contracts, bylaws and administrative procedures.

Our audit was limited to the areas related to the objectives identified above.

Volunteer firefighters' relief association officers are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the Martin's Corner Volunteer Firefighters' Relief Association's administration of state aid and accumulated relief funds complies with applicable state laws, contracts, bylaws and administrative procedures including

the safeguarding of assets. In conducting our audit, we obtained an understanding of the volunteer firefighters' relief association's internal controls as they relate to the association's compliance with those requirements and that we considered to be significant within the context of the audit objectives, and assessed whether those significant controls were properly designed and implemented. Our audit procedures also included tests of documentary evidence supporting the Martin's Corner Volunteer Firefighters' Relief Association's recorded financial transactions, tests of the physical existence of inventories, interviews of selected officials and direct confirmation of the Martin's Corner Volunteer Firefighters' Relief Association's cash, investments, and certain other assets and liabilities as of December 31, 2011, with the custodians of the funds, debtors, creditors, and financial institutions to the extent necessary to satisfy the audit objectives. Additionally, we performed procedures to provide a reasonable assurance of detecting instances of violations of legal and regulatory requirements or violations of provisions of contracts that are significant within the context of the audit objectives.

The results of our audit, for the period January 1, 2008 to December 31, 2011, found the Martin's Corner Volunteer Firefighters' Relief Association took appropriate corrective action to address the findings contained in our prior audit report and, in all significant respects, received and expended state aid and accumulated relief funds in compliance with applicable state laws, contracts, bylaws and administrative procedures, except as noted in the finding listed below and discussed later in this report. The results of our tests also indicated the Martin's Corner Volunteer Firefighters' Relief Association expended funds as presented in the Accompanying Expenditure Information and, as of December 31, 2011, had a cash balance of \$89,937 and an investment balance with a fair value of \$30,522.

Finding – Failure to Disclose Related Party Transactions

The contents of this report were discussed with the management of the Martin's Corner Volunteer Firefighters' Relief Association and, where appropriate, their response has been included in the report.

JACK WAGNER
Auditor General

MARTIN'S CORNER VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION
STATUS OF PRIOR FINDINGS

COMPLIANCE WITH PRIOR AUDIT FINDINGS AND RECOMMENDATIONS

The Martin's Corner Volunteer Firefighters' Relief Association has complied with the following prior audit findings and recommendations:

- Undocumented Expenditures

By providing adequate documentation to determine the validity of two of the ten undocumented expenditures that were made during the prior audit period and by receiving reimbursement from Martin's Corner Volunteer Fire Company for the remaining amount of undocumented expenditures, totaling \$1,455. For the remaining undocumented expenditures, documentation was provided and payment was made subsequent to the audit period on March 22, 2012. In addition, we did not detect any additional undocumented expenditures during the current audit period.

- Inadequate Signatory Authority for the Disbursement of Funds

By requiring more than one signature on all negotiable instruments.

- Failure to Maintain a Federal Tax Identification Number

By obtaining a new federal tax identification number and furnishing it to the financial institution in which the relief association maintains funds.

- Unauthorized Expenditures

By receiving reimbursement during the current audit period from Martin's Corner Volunteer Fire Company totaling \$3,822 for the unauthorized expenditures made during the prior audit period. In addition, we did not detect any additional undocumented expenditures during the current audit period.

- Untimely Deposit of State Aid

By adopting internal control procedures to ensure the timely deposit of all income received.

- Inadequate Minutes of Meetings

By maintaining detailed minutes of all relief association meetings.

- Failure to Maintain a Complete and Accurate Equipment Roster

By maintain a complete and accurate equipment roster of all equipment owned.

MARTIN'S CORNER VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION
FINDING AND RECOMMENDATION

Finding – Failure to Disclose Related Party Transactions

Condition: Relief association officials failed to disclose related party transactions to the relief association membership. The relief association did business with a vendor that employs a relief association officer. During the current audit period, the relief association expended/purchased \$2,667 with this vendor for equipment and equipment repairs.

A related party transaction occurs when the relief association does business with a vendor that employs or is owned by a relief association officer or a member of an officer's immediate family. Such a transaction may provide a less than arm's length financial benefit to such officer or member of such officer's immediate family through a commission or a profit from a sale.

Criteria: Ethics laws state that all potential related party transactions should be disclosed to the membership and recorded in the minutes of relief association meetings. In addition, all officers and/or members involved with a business that is party to the related party transaction should abstain from all votes concerning such transactions.

Cause: Relief association officials were unaware that related party transactions should be disclosed to the membership.

Effect: Failure to properly disclose related party transaction(s) may create potential conflicts of interest which could result in the relief association being involved in less than arm's length financial transactions.

Recommendation: We recommend the relief association officials take the actions necessary to eliminate the appearance of conflicts of interests. Actions should include, but are not limited to, written notification to the relief association membership for each related party transaction, and the abstention from decisions and voting rights by the relief association officials who are involved owners of businesses that have business dealings with the relief association. These actions should be documented in the relief association's minutes. Furthermore, the relief association should closely review all related party transactions to ensure that all transactions are at arm's length, i.e., the cost of the services rendered by the firm is competitive.

Management's Response: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.
