Report Distribution List	7

BACKGROUND

Pursuant to Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code, Act of April 9, 1929, (P.L. 343, No. 176), and the Volunteer Firefighters' Relief Association Act, Act of June 11, 1968, (P.L. 149, No. 84), as amended, 53 P.S. § 8501 et seq. (commonly referred to as Act 84), the Department of the Auditor General's duty is to audit the accounts and records of every volunteer firefighters' relief association to determine that funds received under the Foreign Fire Insurance Tax Distribution Law, Act of December 18, 1984, (P.L. 1005, No. 205), as amended 53 P.S. § 895.701 et seq. (commonly referred to as Act 205), are properly expended.

The McCalmont Township Firemen's Relief Association, herein referred to as McCalmont Township Volunteer Firefighters' Relief Association, is a charitable organization that was formed primarily to afford financial protection to volunteer firefighters and to encourage individuals to participate in volunteer fire service.

Act 84 governs the overall operation of the volunteer firefighters' relief association. The relief association's bylaws define the specific operational procedures by which the volunteer firefighters' relief association conducts business. To fulfill its primary purpose, Act 84 authorizes specific types of expenditures and prescribes appropriate volunteer firefighters' relief association investment options. Within the parameters established by Act 84, it is the responsibility of the volunteer firefighters' relief association to choose investments in a proper and prudent manner.

Volunteer firefighters' relief associations receive public tax monies, and the association officers therefore have a responsibility to the public to conduct the association's financial affairs in a businesslike manner and to maintain sufficient financial records to support the propriety of all association transactions. Volunteer firefighters' relief association officers are also responsible for ensuring that the association operates in accordance with applicable state laws, contracts, bylaws and administrative procedures.

Act 205 sets forth the computation of the Foreign Fire Insurance Tax Distribution paid to each applicable municipality throughout the Commonwealth of Pennsylvania. The amount of the distribution is based upon the population of each municipality and the market value of real estate within the municipality. Upon receipt of this distribution, the municipality must allocate the funds to the volunteer firefighters' relief association of the fire service organization or fire service organizations, which is or are recognized as providing the service to the municipality. The McCalmont Township Volunteer Firefighters' Relief Association was allocated state aid from the following municipalities:

<u>Municipality</u>	<u>County</u>	<u>2007</u>	<u>2008</u>	<u>2009</u>
Bell Township	Jefferson	\$2,746	\$2,818	\$2,613
McCalmont Township	Jefferson	\$5,394	\$5,550	\$5,044

BACKGROUND (Continued)

The volunteer firefighters' relief association and the affiliated fire service organization are separate, legal entities. The McCalmont Township Volunteer Firefighters' Relief Association is affiliated with the following fire service organization:

McCalmont Township Volunteer Fire Company

Mr. Donald Byerly, President
MCCALMONT TOWNSHIP VOLUNTEER FIREFIGHTERS'
RELIEF ASSOCIATION
Jefferson County

We have conducted a compliance audit of the McCalmont Township Volunteer Firefighters' Relief Association pursuant to authority derived from Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code, Act of April 9, 1929, (P.L. 343, No. 176), and mandated by the Volunteer Firefighters' Relief Association Act, Act of June 11, 1968, (P.L. 149, No. 84), as amended, 53 P.S. § 8501 *et seq.* (commonly referred to as Act 84), for the period January 1, 2007 to December 31, 2009.

We conducted this compliance audit in accordance with *Government Auditing Standards* applicable to performance audits, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our audit results and conclusions based on our audit objective. We believe that the evidence obtained provides a reasonable basis for our audit results and conclusions based on our audit objective.

The objective of the audit was to determine if the volunteer firefighters' relief association received and expended state aid and accumulated relief funds in compliance with applicable state laws, contracts, bylaws and administrative procedures.

Our audit was limited to the areas related to the objective identified above.

Volunteer firefighters' relief association officers are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the McCalmont Township Volunteer Firefighters' Relief Association's administration of state aid and accumulated funds complies with applicable state laws, contracts, bylaws and administrative procedures including the safeguarding of assets. In conducting our audit, we obtained an understanding of the volunteer firefighters' relief association's internal controls as they relate to the association's compliance with those requirements and that we considered to be significant within the context of the audit objective, and assessed whether those significant controls were properly designed and implemented. Our audit procedures also included tests of documentary evidence supporting the McCalmont Township Volunteer Firefighters' Relief Association's recorded financial

transactions, tests of the physical existence of inventories, interviews of selected officials and direct confirmation of the McCalmont Township Volunteer Firefighters' Relief Association's cash, investments, and certain other assets and liabilities as of December 31, 2009, with the custodians of the funds, debtors, creditors, and financial institutions to the extent necessary to satisfy the audit objective. Additionally, we performed procedures to provide a reasonable assurance of detecting instances of violations of legal and regulatory requirements or violations of provisions of contracts that are significant within the context of the audit objective.

The results of our audit for the period January 1, 2007 to December 31, 2009, found, in all significant respects, the McCalmont Township Volunteer Firefighters' Relief Association received and expended funds in compliance with applicable state laws, contracts, bylaws and administrative procedures, except as noted in the following finding discussed later in this report. The results of our tests indicated the McCalmont Township Volunteer Firefighters' Relief Association expended funds as presented in the accompanying information and as of December 31, 2009, had a cash balance of \$9,118 and reported an investment balance with a fair value of \$12,000. We were unable to confirm the fair value of the entire investment balance.

Finding – Inappropriate Ownership of Assets

The contents of this report were discussed with the management of the McCalmont Township Volunteer Firefighters' Relief Association and, where appropriate, their response has been included in the report.

JACK WAGNER
Auditor General

MCCALMONT TOWNSHIP VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION
FINDING AND RECOMMENDATION

Finding – Inappropriate Ownership of Assets

Condition: As of December 31, 2009, the relief association held a certificate of deposit and an interest bearing checking account, with a total market value of \$21,118.15 which were inappropriately registered under the affiliated fire service organization's federal tax identification number rather than the relief association's identification number. These two accounts represented all of the relief association's monetary assets as of December 31, 2009.

Criteria: Sound business practice dictates that the relief association maintains ownership of all monetary assets as a means of safeguarding its assets from unauthorized use or disposition. All monetary assets owned by the relief association should be properly registered under its assigned federal tax identification number.

Cause: The relief association failed to establish adequate internal control procedures to ensure that all monetary assets were registered with the relief association's federal tax identification number. The relief association received its own federal tax identification number in June 2007, but failed to inform its financial institutions to register the accounts under its number.

Effect: As a result of the relief association's certificate of deposit and checking account being inappropriately registered under another entity's federal tax identification number, these relief association assets were not properly safeguarded.

Recommendation: We recommend the relief association secure ownership rights to all monetary assets. This requirement can be accomplished by ensuring that all investments are registered under the relief association's federal tax identification number. The relief association should immediately notify its financial institution and have these accounts properly registered under the relief association's federal tax identification number. For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

Management's Response: Relief association management agreed with the finding and indicated they will take action to comply with the recommendation.
