BACKGROUND

Pursuant to Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code, Act of April 9, 1929, (P.L. 343, No. 176), and the Volunteer Firefighters' Relief Association Act, as consolidated by the Act of November 23, 2010, (P.L. 1181, No. 118), at 35 Pa.C.S. § 7411 *et seq.*, the Department of the Auditor General's duty is to audit the accounts and records of every volunteer firefighters' relief association to determine that funds received under the Foreign Fire Insurance Tax Distribution Law, Act of December 18, 1984, (P.L. 1005, No. 205), as amended, 53 P.S. § 895.701 *et seq.* (commonly referred to as Act 205), are properly expended.

The Tyrone Volunteer Firemen's Relief Association, herein referred to as Tyrone Volunteer Firefighters' Relief Association, is a charitable organization that was formed primarily to afford financial protection to volunteer firefighters and to encourage individuals to participate in volunteer fire service.

Act 118 governs the overall operation of the volunteer firefighters' relief association. The relief association's bylaws define the specific operational procedures by which the volunteer firefighters' relief association conducts business. To fulfill its primary purpose, Act 118 authorizes specific types of expenditures and prescribes appropriate volunteer firefighters' relief association investment options. Within the parameters established by Act 118, it is the responsibility of the volunteer firefighters' relief association to choose investments in a proper and prudent manner.

Volunteer firefighters' relief associations receive public tax monies, and the association officers therefore have a responsibility to the public to conduct the association's financial affairs in a businesslike manner and to maintain sufficient financial records to support the propriety of all association transactions. Volunteer firefighters' relief association officers are also responsible for ensuring that the association operates in accordance with applicable state laws, contracts, bylaws and administrative procedures.

Act 205 sets forth the computation of the Foreign Fire Insurance Tax Distribution paid to each applicable municipality throughout the Commonwealth of Pennsylvania. The amount of the distribution is based upon the population of each municipality and the market value of real estate within the municipality. Upon receipt of this distribution, the municipality must allocate the funds to the volunteer firefighters' relief association of the fire service organization or fire service organizations, which is or are recognized as providing the service to the municipality. The Tyrone Volunteer Firefighters' Relief Association was allocated state aid from the following municipalities:

<u>Municipality</u>	<u>County</u>	<u>2009</u>	<u>2010</u>
Tyrone Borough	Blair	\$25,833	\$29,077
Birmingham Borough	Huntingdon	\$ 381	\$ 428

BACKGROUND (Continued)

The volunteer firefighters' relief association and the affiliated fire service organizations are separate, legal entities. The Tyrone Volunteer Firefighters' Relief Association is affiliated with the following fire service organizations:

Blazing Arrow Hook & Ladder Co.
Neptune Fire Company
Tyrone Fire Police

Mr. Alan Walls, President
TYRONE VOLUNTEER FIREFIGHTERS'
RELIEF ASSOCIATION
Blair County

We have conducted a compliance audit of the Tyrone Volunteer Firefighters' Relief Association pursuant to authority derived from Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code, Act of April 9, 1929, (P.L. 343, No. 176), and mandated by the Volunteer Firefighters' Relief Association Act, as consolidated by the Act of November 23, 2010 (P.L. 1181, No. 118), at 35 Pa.C.S. § 7411 *et seq.*, for the period January 1, 2009 to December 31, 2010.

We conducted this compliance audit in accordance with *Government Auditing Standards* applicable to performance audits, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our audit results and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our audit results and conclusions based on our audit objectives.

The objectives of the audit were:

1. To determine if the volunteer firefighters' relief association took appropriate corrective action to address the finding contained in our prior audit report; and
2. To determine if the volunteer firefighters' relief association received and expended state aid and accumulated relief funds in compliance with applicable state laws, contracts, bylaws and administrative procedures.

Our audit was limited to the areas related to the objectives identified above.

Volunteer firefighters' relief association officers are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the Tyrone Volunteer Firefighters' Relief Association's administration of state aid and accumulated relief funds

complies with applicable state laws, contracts, bylaws and administrative procedures including the safeguarding of assets. In conducting our audit, we obtained an understanding of the volunteer firefighters' relief association's internal controls as they relate to the association's compliance with those requirements and that we considered to be significant within the context of the audit objectives, and assessed whether those significant controls were properly designed and implemented. Our audit procedures also included tests of documentary evidence supporting the Tyrone Volunteer Firefighters' Relief Association's recorded financial transactions, tests of the physical existence of inventories, interviews of selected officials and direct confirmation of the Tyrone Volunteer Firefighters' Relief Association's cash, investments, and certain other assets and liabilities as of December 31, 2010, with the custodians of the funds, debtors, creditors, and financial institutions to the extent necessary to satisfy the audit objectives. Additionally, we performed procedures to provide a reasonable assurance of detecting instances of violations of legal and regulatory requirements or violations of provisions of contracts that are significant within the context of the audit objectives.

The results of our audit, for the period January 1, 2009 to December 31, 2010, found the Tyrone Volunteer Firefighters' Relief Association took appropriate corrective action to address one of the two findings contained in our prior audit report. However, the Tyrone Volunteer Firefighters' Relief Association failed to take appropriate corrective action to address the remaining finding contained in our prior audit report, as listed below and discussed in the Status of Prior Findings section of this report. In addition, the results of our audit found the Tyrone Volunteer Firefighters' Relief Association, in all significant respects, received and expended state aid and accumulated relief funds in compliance with applicable state laws, contracts, bylaws and administrative procedures, except as noted in the finding listed below and discussed in detail in the Finding and Recommendation section of this report. The results of our tests also indicated the Tyrone Volunteer Firefighters' Relief Association expended funds as presented in the Accompanying Expenditure Information and, as of December 31, 2010, had a cash balance of \$46,037 and an investment balance with a fair value of \$135,019.

Finding – Noncompliance With the Prior Audit Recommendation –
Insufficient Officer's Bond Coverage

We also noted another matter that has been included in the following observation and detailed in the Observation section of this report.

Observation – Diversification of Investments

The contents of this report were discussed with the management of the Tyrone Volunteer Firefighters' Relief Association and, where appropriate, their response has been included in the report.

November 15, 2011, except for the finding,
for which the date is November 21, 2011.

STATUS OF PRIOR FINDINGS

COMPLIANCE WITH PRIOR AUDIT FINDING AND RECOMMENDATION

The Tyrone Volunteer Firefighters' Relief Association has complied with the following prior audit finding and recommendation:

- Undocumented Expenditures

By receiving reimbursement, in the amount of \$1,964, from the affiliated fire service organization for the undocumented expenditures that were made during the prior audit period. In addition, we did not detect any additional undocumented expenditures during the current audit period.

NONCOMPLIANCE WITH PRIOR AUDIT FINDING AND RECOMMENDATION

The Tyrone Volunteer Firefighters' Relief Association has not complied with one of the two prior audit findings. This finding is noted below and discussed in detail in the Finding and Recommendation section of this report:

- Noncompliance With Prior Audit Recommendation –
Failure to Maintain Officer's Bond Coverage

The relief association obtained bond coverage, but it was not in a sufficient amount. (See the finding in the Findings and Recommendations section of this report).

We are concerned with the volunteer firefighters' relief association's failure to correct a previously reported audit finding. The association management should strive to implement the recommendation and corrective action noted in this audit report.

TYRONE VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION
FINDING AND RECOMMENDATION

Finding – Noncompliance With Prior Audit Recommendation –
Insufficient Officer's Bond Coverage

Condition: As cited in our prior audit report, the relief association did not maintain a bond in a sufficient amount to cover the authorized disbursing officer. The relief association's bond coverage was \$40,000; however, as of December 31, 2010, the relief association's cash assets totaled \$46,037.

Criteria: Act 118 at 35 Pa.C.S. § 7415(c)(4) states, in part, that:

. . . the disbursing officer, whether designated treasurer, comptroller, financial secretary or otherwise, shall be bonded by corporate surety for faithful performance of duty. The amount of the bond shall be at least as great as the maximum cash balance in current funds of the association at any time during the fiscal year, and the premium on the bond shall be a proper charge against the funds of the association.

Cause: While notified of this condition during our prior audit, relief association officials, again, neglected to monitor the cash balance to ensure the officer's bond coverage was in compliance with Act 118 provisions.

Effect: As a result of the disbursing officer of the relief association being insufficiently bonded, the relief association's cash assets were not adequately safeguarded.

However, as a result of our audit, and subsequent to the audit period, on November 21, 2011, the relief association increased its coverage to \$100,000, which is a sufficient amount to cover its total cash assets.

Recommendation: We, again, recommend the relief association ensure that a performance bond sufficiently covers the authorizing disbursing officer, as required by Act 118. This requirement may be accomplished by increasing the officer's bond coverage to an amount greater than the expected maximum balance of cash assets, or by decreasing the cash assets to an amount anticipated to remain below the coverage amount. Relief association officials should monitor the cash balance to ensure that unexpected events affecting current funds do not again result in an insufficient officer's bond coverage. For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

Management's Response: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.

TYRONE VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION
OBSERVATION

Observation – Diversification of Investments

Within the parameters established by the Volunteer Firefighters' Relief Association Act¹, it is the responsibility of the volunteer firefighters' relief association to invest its funds in a proper and prudent manner.

As these investments typically provide an income stream to the relief association for annual operations, it is generally sensible not to invest all VFRA money in one asset or asset class that places the principal at risk. In fact, state law requires VFRA's to "reasonably diversify investments, unless the [VFRA] reasonably determines that it is in the interest of the beneficiaries not to diversify..."².

By diversifying investments, the VFRA can help preserve capital, increase liquidity and decrease volatility. Diversification means spreading one's money among different investments; asset allocation diversifies total investments among different investment classes, such as stocks, bonds, government securities, and cash equivalents.

As of December 31, 2010, the VFRA had \$135,019 (fair value) or 75% of the VFRA's cash and investments in mutual funds.

The VFRA management should periodically review its specific cash needs and investment goals and ensure that its investments are allocated and diversified to prudently meet those needs and goals.

² 20 Pa. C.S.A. § 7204(a) (Supp. 2005).
