Findings and Recommendations:	
Finding No. 1 – Insufficient Officer's Bond Coverage	5
Finding No. 2 – Failure to Maintain a Complete and Accurate Equipment Roster.....	6
Accompanying Expenditure Information	7
Report Distribution List	9

BACKGROUND

Pursuant to Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code, Act of April 9, 1929, (P.L. 343, No. 176), and the Volunteer Firefighters' Relief Association Act, Act of June 11, 1968, (P.L. 149, No. 84), as amended, 53 P.S. § 8501 et seq. (commonly referred to as Act 84), the Department of the Auditor General's duty is to audit the accounts and records of every volunteer firefighters' relief association to determine that funds received under the Foreign Fire Insurance Tax Distribution Law, Act of December 18, 1984, (P.L. 1005, No. 205), as amended 53 P.S. § 895.701 et seq. (commonly referred to as Act 205), are properly expended.

The Liberty Volunteer Firefighters' Relief Association is a charitable organization that was formed primarily to afford financial protection to volunteer firefighters and to encourage individuals to participate in volunteer fire service.

Act 84 governs the overall operation of the volunteer firefighters' relief association. The relief association's bylaws define the specific operational procedures by which the volunteer firefighters' relief association conducts business. To fulfill its primary purpose, Act 84 authorizes specific types of expenditures and prescribes appropriate volunteer firefighters' relief association investment options. Within the parameters established by Act 84, it is the responsibility of the volunteer firefighters' relief association to choose investments in a proper and prudent manner.

Volunteer firefighters' relief associations receive public tax monies, and the association officers therefore have a responsibility to the public to conduct the association's financial affairs in a businesslike manner and to maintain sufficient financial records to support the propriety of all association transactions. Volunteer firefighters' relief association officers are also responsible for ensuring that the association operates in accordance with applicable state laws, contracts, bylaws and administrative procedures.

Act 205 sets forth the computation of the Foreign Fire Insurance Tax Distribution paid to each applicable municipality throughout the Commonwealth of Pennsylvania. The amount of the distribution is based upon the population of each municipality and the market value of real estate within the municipality. Upon receipt of this distribution, the municipality must allocate the funds to the volunteer firefighters' relief association of the fire service organization or fire service organizations, which is or are recognized as providing the service to the municipality. The Liberty Volunteer Firefighters' Relief Association was allocated state aid from the following municipality:

<u>Municipality</u>	<u>County</u>	<u>2004</u>	<u>2005</u>	<u>2006</u>
Liberty Borough	Allegheny	\$11,958	\$12,863	\$12,888

BACKGROUND (Continued)

The volunteer firefighters' relief association and the affiliated fire service organization are separate, legal entities. The Liberty Volunteer Firefighters' Relief Association is affiliated with the following fire service organization:

Liberty Borough Volunteer Firemen's Relief Association

We have conducted a compliance audit of the Liberty Volunteer Firefighters' Relief Association pursuant to authority derived from Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code, Act of April 9, 1929, (P.L. 343, No. 176), and mandated by the Volunteer Firefighters' Relief Association Act, Act of June 11, 1968, (P.L. 149, No. 84), as amended, 53 P.S. § 8501 et seq. (commonly referred to as Act 84), for the period January 1, 2004 to December 31, 2006. The audit was conducted in accordance with *Government Auditing Standards* applicable to performance audits, issued by the Comptroller General of the United States.

The objective of the audit was to determine if the volunteer firefighters' relief association received and expended state aid and accumulated relief funds in compliance with applicable state laws, contracts, bylaws and administrative procedures.

Our audit was limited to the areas related to the objective identified above.

The Department of the Auditor General (Department) is mandated by state statute to calculate state aid provided to volunteer firefighters' relief associations and to audit volunteer firefighters' relief associations having received such aid. An administrative unit of the Department's Comptroller's Office that is not involved in the audit process calculates state aid and submits requests to the Commonwealth's Treasury Department for the disbursement of state aid to the municipality. The Department has implemented procedures to ensure that Department audit personnel are not directly involved in the calculation and disbursement processes. The Department's mandatory responsibilities are being disclosed in accordance with *Government Auditing Standards*.

Volunteer firefighters' relief association officers are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the Liberty Volunteer Firefighters' Relief Association's administration of state aid and accumulated funds complies with applicable state laws, contracts, bylaws and administrative procedures including the safeguarding of assets. In conducting our audit, we obtained an understanding of the volunteer

firefighters' relief association's internal controls as they relate to the association's compliance with applicable state laws, contracts, bylaws and administrative procedures significant within the context of the audit objective. We also tested transactions, confirmed the Liberty Volunteer Firefighters' Relief Association's investment balance and the cash balance as of December 31, 2006, with the custodian of the funds, and interviewed selected officials to the extent necessary to satisfy the audit objective.

The results of our audit found that for the period January 1, 2004 to December 31, 2006, the Liberty Volunteer Firefighters' Relief Association expended funds as presented in the accompanying information and as of December 31, 2006, had a cash balance of \$31,689 and an investment balance with a fair value of \$908. Additionally, the results of our tests indicated that, in all significant respects, the Liberty Volunteer Firefighters' Relief Association received and expended state aid and accumulated relief association funds in compliance with applicable state laws, contracts, bylaws and administrative procedures, except as noted in the following findings discussed later in this report.

Finding No. 1 – Insufficient Officer's Bond Coverage

Finding No. 2 – Failure to Maintain a Complete and Accurate Equipment Roster

JACK WAGNER
Auditor General

LIBERTY VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION
FINDINGS AND RECOMMENDATIONS

Finding No. 1 – Insufficient Officer's Bond Coverage

Condition: The relief association did not maintain a bond in a sufficient amount to cover the authorized disbursing officer. The relief association's bond coverage was \$30,000; however, as of December 31, 2006, the cash assets totaled \$31,689.

Criteria: Act 84 at 53 P.S. § 8505(c) states, in part, that:

. . . the disbursing officer, whether designated treasurer, comptroller, financial secretary, or otherwise, shall be bonded by corporate surety for the faithful performance of his duties. The amount of such bond shall be at least as great as the maximum cash balance in current funds of the association at any time during the fiscal year, and the premium on such bond shall be a proper charge against the funds of the association.

Cause: Relief association officials failed to monitor the cash balance to ensure the officer's bond coverage was in compliance with Act 84 provisions.

Effect: As a result of the disbursing officer of the relief association being insufficiently bonded, the relief association's cash assets were not adequately safeguarded.

Recommendation: We recommend the relief association ensure that a faithful performance bond adequately covers the disbursing officer, as required by Act 84. This requirement may be accomplished by increasing the officer's bond coverage to an amount greater than the expected maximum balance of cash assets, or by decreasing the cash assets to an amount anticipated to remain below the coverage amount. Relief association officials should monitor the cash balance to ensure that unexpected events affecting current funds do not again result in an insufficient officer's bond coverage. For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

Management's Response: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.

LIBERTY VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION FINDINGS AND RECOMMENDATIONS

Finding No. 2 – Failure to Maintain a Complete and Accurate Equipment Roster

Condition: The relief association officials did not maintain a complete and accurate roster of equipment owned by the relief association. While a roster of equipment was provided, it did not contain dates of purchase, unit costs, names of suppliers, or serial numbers for most items. As such, it was impossible to determine if all items purchased during the audit period had been recorded. Furthermore, there was no indication that an inventory of the equipment was performed to account for the relief association's fixed assets.

Criteria: The relief association should establish adequate internal control procedures to ensure the maintenance of a cumulative equipment roster of all items purchased by the relief association in order to provide an effective accounting control over the relief association's fixed assets. A cumulative roster of all relief association equipment should include the following:

- Type of equipment purchased.
- Date of purchase.
- Unit cost.
- Serial number, if applicable.
- Current location of item.
- Final disposition of sold or damaged equipment.
- Notation of the annual inventory.

Cause: Relief association officials failed to establish adequate internal control procedures over fixed assets to include the maintenance of a cumulative equipment roster and the performance of an annual equipment inventory.

Effect: The failure to properly record equipment purchases in a detailed equipment roster prevents officials from effectively monitoring the relief association's equipment purchases. In addition, the failure to maintain a detailed equipment roster and the failure to perform an annual equipment inventory prevents adequate accountability and safeguarding of relief association assets.

Recommendation: We recommend the relief association officials maintain a cumulative roster of all relief association owned equipment. Furthermore, the relief association should ensure it performs an annual inventory of all operable equipment and that the inventory be sufficiently documented. For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

Management's Response: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.
