# HEREIN REFERRED TO AS:

# MIDDLETOWN VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION

# DAUPHIN COUNTY

# **COMPLIANCE AUDIT REPORT**

# FOR THE PERIOD

**JANUARY 1, 2006 TO DECEMBER 31, 2007** 

# CONTENTS

Background 1
Letter From the Auditor General
Status of Prior Findings
Findings and Recommendations:
Finding No. 1 – Noncompliance With Prior Audit Recommendation – Failure to Maintain a Complete and Accurate Membership Roster
Finding No. 2 – Noncompliance With Prior Audit Recommendation – Failure to Maintain a Federal Tax Identification Number
Finding No. 3 – Insufficient Officer's Bond Coverage
Finding No. 4 – Inadequate Relief Association Bylaws
Accompanying Expenditure Information11
Report Distribution List

#### BACKGROUND

Pursuant to Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code, Act of April 9, 1929, (P.L. 343, No. 176), and the Volunteer Firefighters' Relief Association Act, Act of June 11, 1968, (P.L. 149, No. 84), as amended, 53 P.S. § 8501 <u>et seq</u>. (commonly referred to as Act 84), the Department of the Auditor General's duty is to audit the accounts and records of every volunteer firefighters' relief association to determine that funds received under the Foreign Fire Insurance Tax Distribution Law, Act of December 18, 1984, (P.L. 1005, No. 205), as amended 53 P.S. § 895.701 <u>et seq</u>. (commonly referred to as Act 205), are properly expended.

The Middletown Volunteer Firefighters' Relief Association is a charitable organization that was formed primarily to afford financial protection to volunteer firefighters and to encourage individuals to participate in volunteer fire service.

Act 84 governs the overall operation of the volunteer firefighters' relief association. The relief association's bylaws define the specific operational procedures by which the volunteer firefighters' relief association conducts business. To fulfill its primary purpose, Act 84 authorizes specific types of expenditures and prescribes appropriate volunteer firefighters' relief association investment options. Within the parameters established by Act 84, it is the responsibility of the volunteer firefighters' relief association to choose investments in a proper and prudent manner.

Volunteer firefighters' relief associations receive public tax monies, and the association officers therefore have a responsibility to the public to conduct the association's financial affairs in a businesslike manner and to maintain sufficient financial records to support the propriety of all association transactions. Volunteer firefighters' relief association officers are also responsible for ensuring that the association operates in accordance with applicable state laws, contracts, bylaws and administrative procedures.

Act 205 sets forth the computation of the Foreign Fire Insurance Tax Distribution paid to each applicable municipality throughout the Commonwealth of Pennsylvania. The amount of the distribution is based upon the population of each municipality and the market value of real estate within the municipality. Upon receipt of this distribution, the municipality must allocate the funds to the volunteer firefighters' relief association of the fire service organization or fire service organizations, which is or are recognized as providing the service to the municipality. The Middletown Volunteer Firefighters' Relief Association was allocated state aid from the following municipalities:

Municipality	County	2006	2007
U	1	\$48,296 \$ 4,909	\$48,054 \$ 5,082

#### BACKGROUND (Continued)

The volunteer firefighters' relief association and the affiliated fire service organization are separate, legal entities. The Middletown Volunteer Firefighters' Relief Association is affiliated with the following fire service organization:

Middletown Fire Department

Mr. Dale A. Sinniger, President MIDDLETOWN VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION Dauphin County

We have conducted a compliance audit of the Middletown Volunteer Firefighters' Relief Association pursuant to authority derived from Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code, Act of April 9, 1929, (P.L. 343, No. 176), and mandated by the Volunteer Firefighters' Relief Association Act, Act of June 11, 1968, (P.L. 149, No. 84), as amended, 53 P.S. § 8501 <u>et seq</u>. (commonly referred to as Act 84), for the period January 1, 2006 to December 31, 2007.

We conducted this compliance audit in accordance with *Government Auditing Standards* applicable to performance audits, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our audit results and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our audit results and conclusions based on our audit results and conclusions based on our audit objectives.

The objectives of the audit were:

- 1. To determine if the volunteer firefighters' relief association took appropriate corrective action to address the findings contained in our prior audit report; and
- 2. To determine if the volunteer firefighters' relief association received and expended state aid and accumulated relief funds in compliance with applicable state laws, contracts, bylaws and administrative procedures.

Our audit was limited to the areas related to the objectives identified above.

Volunteer firefighters' relief association officers are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the Middletown Volunteer Firefighters' Relief Association's administration of state aid and accumulated funds complies with applicable state laws, contracts, bylaws and administrative procedures including the safeguarding of assets. In conducting our audit, we obtained an understanding of the volunteer firefighters' relief association's internal controls as they relate to the association's compliance with applicable state laws, contracts, bylaws and administrative procedures significant within the context of the audit objectives. We also tested transactions, confirmed the Middletown Volunteer Firefighters' Relief Association's investment balance and the cash balance as of December 31, 2007, with the custodians of the funds, and interviewed selected officials to the extent necessary to satisfy the audit objectives.

The results of our audit for the period January 1, 2006 to December 31, 2007, found, in all significant respects, the Middletown Volunteer Firefighters' Relief Association received and expended funds in compliance with applicable state laws, contracts, bylaws and administrative procedures, except as noted in the following findings discussed later in this report. The results of our tests indicated the Middletown Volunteer Firefighters' Relief Association expended funds as presented in the accompanying information and as of December 31, 2007, had a cash balance of \$142,901 and an investment balance with a fair value of \$435,587.

Finding No. 1 –	Noncompliance With Prior Audit Recommendation –	
	Failure to Maintain a Complete and Accurate Membership Roste	er

- Finding No. 2 Noncompliance With Prior Audit Recommendation Failure to Maintain a Federal Tax Identification Number
- Finding No. 3 Insufficient Officer's Bond Coverage

Finding No. 4 – Inadequate Relief Association Bylaws

The contents of this report were discussed with the management of the Middletown Volunteer Firefighters' Relief Association and, where appropriate, their responses have been included in the report.

December 17, 2008

JACK WAGNER Auditor General

## MIDDLETOWN VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION STATUS OF PRIOR FINDINGS

## COMPLIANCE WITH PRIOR AUDIT FINDING AND RECOMMENDATION

The Middletown Volunteer Firefighters' Relief Association has complied with the following prior audit finding and recommendation:

• <u>Undocumented Expenditures</u>

By receiving reimbursement on August 10, 2006, from the affiliated fire company, in the amount of \$3,800, for the undocumented expenditures that were made in the prior audit period.

#### NONCOMPLIANCE WITH PRIOR AUDIT FINDINGS AND RECOMMENDATIONS

The Middletown Volunteer Firefighters' Relief Association has not complied with prior audit findings. These issues are further discussed in the following findings noted in the Findings and Recommendations section of this report:

- Noncompliance With Prior Audit Recommendation Failure to Maintain a Complete and Accurate Membership Roster
- Noncompliance With Prior Audit Recommendation Failure to Maintain a Federal Tax Identification Number

We are concerned with the volunteer firefighters' relief association's failure to correct these previously reported audit findings. The association management should strive to implement the recommendations and corrective actions noted in this audit report.

### <u>Finding No. 1 – Noncompliance With Prior Audit Recommendation –</u> Failure to Maintain a Complete and Accurate Membership Roster

<u>Condition</u>: As cited in the prior audit report, the relief association officials did not maintain a complete and accurate roster of relief association members. While the relief association did provide a membership roster during the current audit, it includes social members of the affiliated fire company who are not necessarily relief association members. Simply being a member of a fire company does not, in itself, justify membership in a relief association.

<u>Criteria</u>: Relief association officials should maintain a complete and accurate roster of the relief association's membership, as identified by criteria set forth in the relief association's bylaws. A comprehensive roster of all relief association members should include the following:

- Name of each member.
- Member's mailing address.
- Date of birth.
- Date of membership.
- Membership classification.

In addition, a notation should be made on the roster identifying the date of a member's resignation or death.

To ensure that relief association members receive all appropriate benefits and to ensure that benefits are not provided to nonmembers, sound business practices dictate that relief association officials maintain a complete and accurate listing of the relief association's membership. The importance of and necessity for keeping a complete and accurate membership roster is set forth on page 10 of our Department's "Management Guidelines for Volunteer Firefighters' Relief Associations" (2008 edition).

<u>Cause</u>: While notified of this condition in the prior audit report, relief association officials neglected to maintain a comprehensive roster of relief association members.

<u>Effect</u>: The failure to maintain a comprehensive membership roster could result in the payment of benefits to nonmembers, or deprive eligible relief association members from receiving authorized benefit payments.

<u>Recommendation</u>: We again recommend the relief association officials compile and maintain a complete and accurate roster of the relief association's membership. For additional guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

<u>Management's Response</u>: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.

#### <u>Finding No. 2 – Noncompliance With Prior Audit Recommendation –</u> <u>Failure to Maintain a Federal Tax Identification Number</u>

<u>Condition</u>: As cited in the prior audit report, the volunteer firefighters' relief association failed to comply with the Tax Equity and Fiscal Responsibility Act by not maintaining a federal tax identification number. The relief association is currently using an inactive federal tax identification number.

<u>Criteria</u>: All businesses, both profit and nonprofit, are required to obtain a federal tax identification number and provide this number to any financial institution where funds are earning interest. If their tax identification number is not provided, the financial institution is required to withhold 31 percent of interest earned and transmit these funds to the Internal Revenue Service, representing federal income taxes.

<u>Cause</u>: While notified of this condition in the prior audit report, the relief association neglected to obtain its own federal tax identification number.

<u>Effect</u>: Failure to comply with the Tax Equity and Fiscal Responsibility Act could cause the relief association to be penalized by the Internal Revenue Service, resulting in the loss of funds otherwise available for general operating expenditures or for investment purposes.

<u>Recommendation</u>: We again recommend the relief association immediately apply for its own federal tax identification number through the Internal Revenue Service, and furnish this number to its financial institutions. The relief association should also consider applying to the Internal Revenue Service for tax exempt status as a nonprofit corporation under Internal Revenue Code 501(c). For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

<u>Management's Response</u>: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.

#### Finding No. 3 – Insufficient Officer's Bond Coverage

<u>Condition</u>: The relief association did not maintain a bond in a sufficient amount to cover the authorized disbursing officer. On January 19, 2006, the relief association decreased its cash assets to an amount below the bond coverage limit. However, at various times throughout the current audit period, the amount of the association's cash assets exceeded the bond coverage. As of December 31, 2007, the cash assets totaled \$142,901; however, the relief association's bond coverage was \$100,000.

Criteria: Act 84 at 53 P.S. § 8505(c) states, in part, that:

. . . the disbursing officer, whether designated treasurer, comptroller, financial secretary, or otherwise, shall be bonded by corporate surety for the faithful performance of his duties. The amount of such bond shall be at least as great as the maximum cash balance in current funds of the association at any time during the fiscal year, and the premium on such bond shall be a proper charge against the funds of the association.

<u>Cause</u>: Relief association officials were aware of the Act 84 provision regarding the maintenance of officer's bond coverage but failed to monitor the relief association's cash balance to ensure sufficient bond coverage was maintained.

<u>Effect</u>: As a result of the disbursing officer of the relief association being insufficiently bonded, the relief association's cash assets were not adequately safeguarded.

However, subsequent to the audit period, effective January 1, 2008, the relief association increased the amount of its officer's bond coverage to \$200,000.

<u>Recommendation</u>: We recommend the relief association ensure that a faithful performance bond adequately covers the disbursing officer, as required by Act 84. Relief association officials should monitor the cash balance to ensure that unexpected events affecting current funds do not again result in an insufficient officer's bond coverage. For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

<u>Management's Response</u>: Relief association management agreed with the finding as presented at the audit exit conference and indicated they will take action to comply with the recommendation.

## Finding No. 4 – Inadequate Relief Association Bylaws

<u>Condition</u>: The existing bylaws of the Middletown Volunteer Firefighters' Relief Association do not contain all of the provisions required by Act 84 at 53 P.S. § 8505(c). Specifically, the bylaws do not address the signatures of at least two officers, <u>one of whom shall be the</u> <u>disbursing officer</u>, for the disbursement of funds. (emphasis added)

The bylaws in their current form are not in compliance with the requirements of Act 84. Although all checks reviewed during the current audit, that were drawn during the current audit period, did contain the signature of the treasurer, we believe the stipulation requiring the treasurer's signature should be contained within the relief association's bylaws so that the association membership is aware of proper operating procedures.

In addition, the relief association did not adhere to the following bylaws stipulations:

- The relief association did not maintain an officer's bond policy on all officers required to be bonded. Although Act 84 only requires the disbursing officer to be bonded, the relief association bylaw provision requires that the president, secretary, and treasurer be bonded. The treasurer only had an officer's bond for its treasurer.
- The relief association did not expend funds for officer compensation in accordance with the amounts authorized by the relief association bylaws. The treasurer was paid \$45 per month while only \$35 per month was authorized.

<u>Criteria</u>: Act 84 at 53 P.S. § 8505(c) states, in part, that the relief association's bylaws shall include the following provision:

• Require the signatures of at least two officers, one of whom shall be the disbursing officer, in order to bind the relief association by formal contract or to issue any negotiable instrument.

Furthermore, prudent business practice dictates a relief association should adhere to all provisions stipulated in the relief association's bylaws to ensure that the relief association conducts its affairs with proper authorization.

<u>Cause</u>: Relief association officials were aware of the bylaw guidelines established by Act 84 regarding the disbursing officer's required signature but did not realize that their bylaws did not sufficiently address the requirement. Relief association officials were aware of the bylaw guidelines established by the relief association but neglected to amend their bylaws to properly authorize current operating procedures.

#### Finding No. 4 – (Continued)

<u>Effect</u>: As a result of the mandatory provisions not being included in the bylaws, and the relief association not following the mandatory provisions stipulated in the bylaws, the relief association may have conducted its affairs without proper authorization.

<u>Recommendation</u>: We recommend that relief association officials review and update the bylaws governing their organization so that the bylaws meet the requirements set forth in Act 84 and properly authorize the operating procedures of the relief association. For further guidance, please refer to the Auditor General's publication, MANAGEMENT GUIDELINES FOR VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATIONS.

<u>Management's Response</u>: Relief association management agreed with the finding presented and indicated they will take action to comply with the recommendation.

## MIDDLETOWN VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION ACCOMPANYING EXPENDITURE INFORMATION FOR THE PERIOD JANUARY 1, 2006 TO DECEMBER 31, 2007

#### Act 84 at 53 P.S. § 8502(1) states, in part, that:

A volunteer firefighters' relief association is an organization formed primarily for the purpose of affording financial protection to volunteer firefighters against the consequences of misfortune suffered as a result of their participation in the fire service. Such an association may also serve other purposes, . . . provided only that adequate provisions be first made to serve its primary purpose. . . .

Act 84 at 53 P.S. § 8506, authorizes the investment of relief association funds and outlines the types of benefits and services that can be provided with volunteer firefighters' relief association funds. All expenditures must be properly authorized as prescribed in the volunteer firefighters' relief association bylaws and approved at an association meeting.
