BACKGROUND

On December 18, 1984, the Pennsylvania Legislature adopted the Municipal Pension Plan Funding Standard and Recovery Act (P.L. 1005, No. 205, as amended, 53 P.S. § 895.101 et seq.). The act established mandatory actuarial reporting and funding requirements and a uniform basis for the distribution of state aid to Pennsylvania's public pension plans. Section 402(j) of Act 205 specifically requires the Auditor General, as deemed necessary, to make an audit of every municipality which receives general municipal pension system State aid and of every municipal pension plan and fund in which general municipal pension system State aid is deposited.

Pension plan aid is provided from a 2 percent foreign casualty insurance premium tax, a portion of the foreign fire insurance tax designated for paid firefighters and any investment income earned on the collection of these taxes. Generally, municipal pension plans established prior to December 18, 1984, are eligible for state aid. For municipal pension plans established after that date, the sponsoring municipality must fund the plan for three plan years before it becomes eligible for state aid. In accordance with Act 205, a municipality's annual state aid allocation cannot exceed its actual pension costs.

In addition to Act 205, the Hanover Township Police Pension Plan is also governed by implementing regulations adopted by the Public Employee Retirement Commission published at Title 16, Part IV of the Pennsylvania Code and applicable provisions of various other state statutes including, but not limited to, the following:

Act 600 - Police Pension Fund Act, Act of May 29, 1956 (P.L. 1804, No. 600), as amended, 53 P.S. § 761 et seq.

The Hanover Township Police Pension Plan is a single-employer defined benefit pension plan locally controlled by the provisions of Resolution No. 2005-9, adopted pursuant to Act 600. The plan is also affected by the provisions of collective bargaining agreements between the township and its police officers.

Board of Township Supervisors

We have conducted a compliance audit of the Hanover Township Police Pension Plan for the period January 1, 2009, to December 31, 2009. The audit was conducted pursuant to authority derived from Section 402(j) of Act 205 and in accordance with *Government Auditing Standards* applicable to performance audits issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our finding and conclusions based on our audit objective. We believe that the evidence obtained provides a reasonable basis for our finding and conclusions based on our audit objective.

The objective of the audit was to determine if the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies. Our audit was limited to the areas related to this objective.

Township officials are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the Hanover Township Police Pension Plan is administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies. In conducting our audit, we obtained an understanding of the township's internal controls as they relate to the township's compliance with those requirements and that we considered to be significant within the context of our audit objective, and assessed whether those significant controls were properly designed and implemented. Additionally, we tested transactions, assessed official actions, performed analytical procedures and interviewed selected officials to the extent necessary to satisfy the audit objective.

The results of our tests indicated that, in all significant respects, the Hanover Township Police Pension Plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, except as noted in the following finding further discussed later in this report:

Finding – Pension Benefits Not In Compliance With Act 600 Provisions

The accompanying supplementary information is presented for purposes of additional analysis. We did not audit the information and, accordingly, express no form of assurance on it.

The contents of this report were discussed with officials of Hanover Township and, where appropriate, their responses have been included in the report.

HANOVER TOWNSHIP POLICE PENSION PLAN
FINDING AND RECOMMENDATION

Finding – Pension Benefits Not In Compliance With Act 600 Provisions

Condition: On January 3, 2006, the township adopted Resolution No. 2005-9, which established a police pension plan pursuant to Act 600. However, the resolution contains benefit provisions that are not in compliance with Act 600, as noted below:

Benefit Provision	Governing Document	Act 600 (as amended)
Survivor's benefit	Section 11 states a 50% Survivor Benefit, upon the death of an active participant who is eligible for retirement on the date of his/her death, will be paid to the participant's surviving spouse, until the death of the surviving spouse. In the event that the member is survived by a minor dependent child but not a spouse, the benefits shall be paid to such child until he or she shall have attained the age of eighteen (18) years, provided, however, that should the child be attending a college, such benefits shall continue until the child attains the age of twenty-three (23). (Resolution only addresses survivor benefits for active members, not retirees)	A lifetime survivor's benefit must be provided to the surviving spouse (or if no spouse survives or if he or she subsequently dies, the child or children under 18 years of age or if attending college, under or attaining the age of 23) of no less than 50% of the pension the member was receiving or would have been entitled to receive had he been retired at the time of death. ("Attending college" shall mean the eligible children are registered at an accredited institution of higher learning and are carrying a minimum course load of 7 credit hours per semester.)
Service-related disability benefit	Section 9 states the participant shall receive a 50% Disability Benefit if they incur a total and permanent disability as a direct result of, and in the line of duty of, employment as a police officer, offset by any applicable Social Security benefit. (Resolution does not disclose the basis for determining the 50% benefit)	The benefit must be in conformity with a uniform scale and fixed by the plan's governing document at no less than 50% of the member's salary at the time the disability was incurred, reduced by the amount of Social Security disability benefits received for the same injury.

Finding – (Continued)

<u>Benefit Provision</u>	<u>Governing Document</u>	<u>Act 600 (as amended)</u>
Intervening military service credit	Not provided	Any member of the police force employed by a borough, town, township or regional police department, who has been a regularly appointed employe of any such political subdivision or regional police department for a period of at least six months and who thereafter shall enter into the military service of the United States, shall have credited to his employment record for pension or retirement benefits all of the time spent by him in such military service, if such person returns or has heretofore returned to his employment within six months after his separation from the service.
Pre-vesting death benefit	Section 8 states a refund of employee contributions will be made, with 5% interest.	The surviving spouse of a member of the police force who dies before his pension has vested or if no spouse survives or if he or she survives and subsequently dies, the child or children under the age of eighteen years, or, if attending college, under or attaining the age of twenty-three years, of the member of the police force shall be entitled to receive repayment of all money which the member invested in the pension fund plus interest or other increases in value of the member's investment in the pension fund, unless the member has designated another beneficiary for this purpose.

Finding – (Continued)

Benefit Provision	Governing Document	Act 600 (as amended)
Vesting benefit	Section 6 states vesting shall be 100% after 12 years of service. (Resolution does not provide for the date benefit payments will commence or the method of determination)	Under the provisions of such benefit, should a police officer, before completing superannuation retirement age and service requirements but after having completed twelve years of total service, for any reason cease to be employed as a full-time police officer by the municipality or regional police department in whose pension fund he has been a member, he shall be entitled to vest his retirement benefits by filing with the governing body within ninety days of the date he ceases to be a full-time police officer a written notice of his intention to vest. Upon reaching the date which would have been his superannuation retirement date if he had continued to be employed as a full-time police officer he shall be paid a partial superannuation retirement allowance determined by applying the percentage his years of service bears to the years of service which he would have rendered had he continued to work until his superannuation retirement date to the gross pension, using however the monthly average salary during the appropriate period prior to his termination of employment.

In addition, Section 10 of Resolution No. 2005-9 provides for a killed-in-service benefit. However, Act 600 at Section 5(e)2, which provided for a killed-in-service benefit equal to 100 percent of the member’s salary at the time of death, was repealed by Act 51 of 2009. This benefit is now provided by the Commonwealth of Pennsylvania.

Furthermore, Resolution No. 2005-9 does not contain definitions of the terms monthly earnings or salary as used in Sections 4 and 5, respectively.

HANOVER TOWNSHIP POLICE PENSION PLAN
FINDING AND RECOMMENDATION

Finding – (Continued)

Criteria: A governing document which contains clearly defined and updated benefit provisions is a prerequisite for the consistent, sound administration of retirement benefits. In addition, the police pension plan's benefit structure should be in compliance with Act 600, as amended.

Cause: Municipal officials were unaware that the governing document was not in compliance with Act 600.

Effect: Maintaining a benefit structure which is not in compliance with Act 600 could result in plan members or their beneficiaries receiving incorrect benefit amounts or being denied benefits to which they are statutorily entitled.

Recommendation: We recommend that municipal officials, after consulting with their solicitor, take whatever action is necessary to bring the police pension plan's benefit structure into compliance with Act 600 at their earliest opportunity to do so.

Management's Response: Municipal officials agreed with the finding without exception.

 SUPPLEMENTARY INFORMATION

SCHEDULE OF FUNDING PROGRESS

Historical trend information about the plan is presented herewith as supplementary information. It is intended to help users assess the plan's funding status on a going-concern basis, assess progress made in accumulating assets to pay benefits when due, and make comparisons with other state and local government retirement systems.

The actuarial information is required by Act 205 biennially, except for distressed pension plans, for which annual reporting was required through January 1, 2003. The historical information, beginning as of January 1, 2007, is as follows:

	(1)	(2)	(3)	(4)	(5)	(6)
Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) - Entry Age (b)	Unfunded (Assets in Excess of) Actuarial Accrued Liability (b) - (a)	Funded Ratio (a)/(b)	Covered Payroll (c)	Unfunded (Assets in Excess of) Actuarial Accrued Liability as a % of Payroll [(b-a)/(c)]
01-01-07	\$ 11,182	\$ 22,008	\$ 10,826	50.8%	\$ 104,170	10.4%
01-01-09	42,734	41,178	(1,556)	103.8%	87,764	(1.8%)

Generally accepted accounting principles require the above data to be presented as of the plan's actuarial valuation dates for the past six consecutive fiscal years. Since six years of data were not yet available, this requirement will be implemented prospectively.

HANOVER TOWNSHIP POLICE PENSION PLAN
SUPPLEMENTARY INFORMATION
(UNAUDITED)

The comparability of trend information is affected by changes in actuarial assumptions, benefit provisions, actuarial funding methods, accounting policies, and other changes. Those changes usually affect trends in contribution requirements and in ratios that use the actuarial accrued liability as a factor.

Analysis of the dollar amount of the actuarial value of assets, actuarial accrued liability, and unfunded (assets in excess of) actuarial accrued liability in isolation can be misleading. Expressing the actuarial value of assets as a percentage of the actuarial accrued liability (Column 4) provides one indication of the plan's funding status on a going-concern basis. Analysis of this percentage, over time, indicates whether the system is becoming financially stronger or weaker. Generally, the greater this percentage, the stronger the plan.

Trends in unfunded (assets in excess of) actuarial accrued liability and annual covered payroll are both affected by inflation. Expressing the unfunded (assets in excess of) actuarial accrued liability as a percentage of annual covered payroll (Column 6) approximately adjusts for the effects of inflation and aids analysis of the plan's progress made in accumulating sufficient assets to pay benefits when due. Generally, where there is an unfunded actuarial accrued liability, the smaller this percentage, the stronger the plan. However, when assets are in excess of the actuarial accrued liability, the higher the bracketed percentage, the stronger the plan.
