BACKGROUND

On December 18, 1984, the Pennsylvania Legislature adopted the Municipal Pension Plan Funding Standard and Recovery Act (P.L. 1005, No. 205, as amended, 53 P.S. § 895.101 et seq.). The act established mandatory actuarial reporting and funding requirements and a uniform basis for the distribution of state aid to Pennsylvania's public pension plans. Section 402(j) of Act 205 specifically requires the Auditor General, as deemed necessary, to make an audit of every municipality which receives general municipal pension system State aid and of every municipal pension plan and fund in which general municipal pension system State aid is deposited.

Pension plan aid is provided from a 2 percent foreign casualty insurance premium tax, a portion of the foreign fire insurance tax designated for paid firefighters and any investment income earned on the collection of these taxes. Generally, municipal pension plans established prior to December 18, 1984, are eligible for state aid. For municipal pension plans established after that date, the sponsoring municipality must fund the plan for three plan years before it becomes eligible for state aid. In accordance with Act 205, a municipality's annual state aid allocation cannot exceed its actual pension costs.

In addition to Act 205, the Liberty Township Police Pension Plan is also governed by implementing regulations adopted by the Public Employee Retirement Commission published at Title 16, Part IV of the Pennsylvania Code and applicable provisions of various other state statutes including, but not limited to, the following:

Act 147 - Special Ad Hoc Municipal Police and Firefighter Postretirement Adjustment Act, Act of December 14, 1988 (P.L. 1192, No. 147), as amended, 53 P.S. § 896.101 et seq.

Act 600 - Police Pension Fund Act, Act of May 29, 1956 (P.L. 1804, No. 600), as amended, 53 P.S. § 761 et seq.

The Liberty Township Police Pension Plan is a single-employer defined benefit pension plan locally controlled by the provisions of Resolution No. 9589, adopted pursuant to Act 600.

Board of Township Supervisors
Liberty Township
Adams County
Fairfield, PA 17320

We have conducted a compliance audit of the Liberty Township Police Pension Plan for the period January 1, 2008, to December 31, 2010. The audit was conducted pursuant to authority derived from Section 402(j) of Act 205 and in accordance with *Government Auditing Standards* applicable to performance audits issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our finding and conclusions based on our audit objective. We believe that the evidence obtained provides a reasonable basis for our finding and conclusions based on our audit objective.

The objective of the audit was to determine if the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies. Our audit was limited to the areas related to this objective.

Township officials are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the Liberty Township Police Pension Plan is administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies. In conducting our audit, we obtained an understanding of the township's internal controls as they relate to the township's compliance with those requirements and that we considered to be significant within the context of our audit objective, and assessed whether those significant controls were properly designed and implemented. Additionally, we tested transactions, assessed official actions, performed analytical procedures and interviewed selected officials to the extent necessary to satisfy the audit objective.

The results of our tests indicated that, in all significant respects, the Liberty Township Police Pension Plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, except as noted in the following finding further discussed later in this report:

Finding – Failure To Properly Determine And Pay The Minimum Municipal
Obligation Of The Plan

The accompanying supplementary information is presented for purposes of additional analysis. We did not audit the information and, accordingly, express no form of assurance on it.

The contents of this report were discussed with officials of Liberty Township and, where appropriate, their responses have been included in the report.

LIBERTY TOWNSHIP POLICE PENSION PLAN
FINDING AND RECOMMENDATION

Finding – Failure To Properly Determine And Pay The Minimum Municipal Obligation Of The Plan

Condition: Plan officials did not properly determine or pay the minimum municipal obligation (MMO) of the police pension plan for the year 2008 as required by Act 205. The MMO determined by the municipality assumed the plan had no eligible members and no payment due from the township. Based on an estimate prepared by the Department, the municipality has an unpaid 2008 balance MMO of \$11,909.

Criteria: With regard to the MMO, Section 302(c) of Act 205 states, in part:

Annually, the chief administrative officer of the pension plan shall determine the minimum obligation of the municipality with respect to the pension plan for the following plan year.

Section 302(d) of Act 205 states, in part:

The minimum obligation of the municipality shall be payable to the pension plan from the revenue of the municipality.

In addition, Section 302(e) of Act 205 states, in part:

Any amount of the minimum obligation of the municipality which remains unpaid as of December 31 of the year in which the minimum obligation is due shall be added to the minimum obligation of the municipality for the following year, with interest from January 1 of the year in which the minimum obligation was first due until the date the payment is paid. . . .

Furthermore, Section 402(g) of Act 205 states, in part:

. . . the total amount of the general municipal pension system State aid received by the municipality shall, within 30 days of receipt by the treasurer of the municipality, be deposited in the pension fund or the alternate funding mechanism applicable to the pension plan.

Cause: The municipality failed to deposit its 2008 state aid allocation into the pension plan. In addition, municipal officials failed to establish adequate internal control procedures to ensure the 2008 MMO was properly determined and paid in accordance with Act 205 funding requirements.

FINDING AND RECOMMENDATION

Finding – (Continued)

Effect: The proper determination of the plan's MMO ensures plan officials can properly allocate the necessary resources to the pension plan for the upcoming year. The failure to pay the MMO could result in the plan not having adequate resources to meet current and future benefit obligations to its members.

Due to the municipality's failure to pay the 2008 MMO by the December 31, 2008, deadline, the municipality must add the 2008 MMO balance to the current year's MMO and include interest, as required by Act 205.

Recommendation: We recommend that the municipality pay the MMO due to the police pension plan for the year 2008, with interest, in accordance with Section 302(e) of Act 205. A copy of the interest calculation must be maintained by the township for examination during our next audit of the plan.

Furthermore, we recommend that plan officials establish adequate internal control procedures to ensure the plan's MMO is properly determined and paid in accordance with Act 205 requirements.

Management's Response: Municipal officials agreed with the finding without exception.

LIBERTY TOWNSHIP POLICE PENSION PLAN
POTENTIAL WITHHOLD OF STATE AID

A condition such as that reported by the finding contained in this audit report may lead to a total withholding of state aid in the future unless the finding is corrected. However, such action will not be considered if sufficient written documentation is provided to verify compliance with this department's recommendation. Such documentation should be submitted to: Department of the Auditor General, Bureau of Municipal Pension Audits, 406 Finance Building, Harrisburg, PA 17120.

 SUPPLEMENTARY INFORMATION

SCHEDULE OF FUNDING PROGRESS

Historical trend information about the plan is presented herewith as supplementary information. It is intended to help users assess the plan's funding status on a going-concern basis, assess progress made in accumulating assets to pay benefits when due, and make comparisons with other state and local government retirement systems.

The actuarial information is required by Act 205 biennially, except for distressed pension plans, for which annual reporting was required through January 1, 2003. The historical information, beginning as of January 1, 2005, is as follows:

| | (1) | (2) | (3) | (4) | (5) | (6) |
|--------------------------------|--|--|--|----------------------------|---------------------------|---|
| Actuarial Valuation Date | Actuarial Value of Assets (a) | Actuarial Accrued Liability (AAL) - Entry Age (b) | Unfunded (Assets in Excess of) Actuarial Accrued Liability (b) - (a) | Funded Ratio (a)/(b) | Covered Payroll (c) | Unfunded (Assets in Excess of) Actuarial Accrued Liability as a % of Payroll [(b-a)/(c)] |
| 01-01-05 | \$ 97,293 | \$ 105,016 | \$ 7,723 | 92.6% | \$ 32,490 | 23.8% |
| 01-01-07 | 152,221 | 150,269 | (1,952) | 101.3% | 39,243 | (5.0%) |
| 01-01-09 | 121,592 | 104,692 | (16,900) | 116.1% | 48,363 | (34.9%) |

Note: The market value of the plan's assets at 01-01-09 has been adjusted to reflect the smoothing of gains and/or losses over a 5-year averaging period which will be limited to a maximum of 120 percent and a minimum of 80 percent of the fair market value of assets. This method will lower contributions in years of less than expected returns and increase contributions in years of greater than expected returns. The net effect over long periods of time is to have less variance in contribution levels from year to year.

LIBERTY TOWNSHIP POLICE PENSION PLAN
SUPPLEMENTARY INFORMATION
(UNAUDITED)

The comparability of trend information is affected by changes in actuarial assumptions, benefit provisions, actuarial funding methods, accounting policies, and other changes. Those changes usually affect trends in contribution requirements and in ratios that use the actuarial accrued liability as a factor.

Analysis of the dollar amount of the actuarial value of assets, actuarial accrued liability, and unfunded (assets in excess of) actuarial accrued liability in isolation can be misleading. Expressing the actuarial value of assets as a percentage of the actuarial accrued liability (Column 4) provides one indication of the plan's funding status on a going-concern basis. Analysis of this percentage, over time, indicates whether the system is becoming financially stronger or weaker. Generally, the greater this percentage, the stronger the plan.

Trends in unfunded (assets in excess of) actuarial accrued liability and annual covered payroll are both affected by inflation. Expressing the unfunded (assets in excess of) actuarial accrued liability as a percentage of annual covered payroll (Column 6) approximately adjusts for the effects of inflation and aids analysis of the plan's progress made in accumulating sufficient assets to pay benefits when due. Generally, where there is an unfunded actuarial accrued liability, the smaller this percentage, the stronger the plan. However, when assets are in excess of the actuarial accrued liability, the higher the bracketed percentage, the stronger the plan.
