#### **BACKGROUND**

On December 18, 1984, the Pennsylvania Legislature adopted the Municipal Pension Plan Funding Standard and Recovery Act (P.L. 1005, No. 205, as amended, 53 P.S. § 895.101 et seq.). The act established mandatory actuarial reporting and funding requirements and a uniform basis for the distribution of state aid to Pennsylvania's public pension plans. Section 402(j) of Act 205 specifically requires the Auditor General, as deemed necessary, to make an audit of every municipality which receives general municipal pension system State aid and of every municipal pension plan and fund in which general municipal pension system State aid is deposited.

Pension plan aid is provided from a 2 percent foreign casualty insurance premium tax, a portion of the foreign fire insurance tax designated for paid firefighters and any investment income earned on the collection of these taxes. Generally, municipal pension plans established prior to December 18, 1984, are eligible for state aid. For municipal pension plans established after that date, the sponsoring municipality must fund the plan for three plan years before it becomes eligible for state aid. In accordance with Act 205, a municipality's annual state aid allocation cannot exceed its actual pension costs.

In addition to Act 205, the New Cumberland Borough Police Pension Plan is also governed by implementing regulations adopted by the Public Employee Retirement Commission published at Title 16, Part IV of the Pennsylvania Code and applicable provisions of various other state statutes including, but not limited to, the following:

Act 600 - Police Pension Fund Act, Act of May 29, 1956 (P.L. 1804, No. 600), as amended, 53 P.S. § 761 et seq.

The New Cumberland Borough Police Pension Plan is a single-employer defined benefit pension plan locally controlled by the provisions of Ordinance No. 465, as amended, adopted pursuant to Act 600. The plan is also affected by the provisions of collective bargaining agreements between the borough and its police officers.

The Honorable Mayor and Borough Council New Cumberland Borough Cumberland County New Cumberland, PA 17070

We have conducted a compliance audit of the New Cumberland Borough Police Pension Plan for the period January 1, 2004, to December 31, 2006. The audit was conducted pursuant to authority derived from Section 402(j) of Act 205 and in accordance with *Government Auditing Standards*, issued by the Comptroller General of the United States.

The objective of the audit was to determine if the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies.

Our audit was limited to the areas related to the objective identified above. New Cumberland Borough contracted with an independent certified public accounting firm for annual audits of its basic financial statements which are available at the borough's offices. Those financial statements were not audited by us and, accordingly, we express no opinion or other form of assurance on them.

The Department of the Auditor General (Department) is mandated by state statute to calculate state aid provided to municipal pension funds and to audit municipal pension funds having received such aid. State aid is calculated by an administrative unit that is not involved in the audit process. The Department's Comptroller Office then pre-audits the calculation and submits requests to the Commonwealth's Treasury Department for the disbursement of state aid to the municipality. The Department has implemented procedures to ensure that Department audit personnel are not directly involved in the calculation and disbursement processes. The Department's mandatory responsibilities are being disclosed in accordance with *Government Auditing Standards*.

Borough officials are responsible for establishing and maintaining an internal control structure to provide reasonable assurance that the New Cumberland Borough Police Pension Plan is administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies. To assist us in planning and performing our audit, we obtained an understanding of the borough's internal control structure as it relates to the borough's compliance with those requirements. Additionally, we tested transactions, assessed official actions, performed analytical procedures and interviewed selected officials to the extent necessary to satisfy the audit objective.

The results of our tests indicated that, in all significant respects, the New Cumberland Borough Police Pension Plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, except as noted in the following finding further discussed later in this report:

Finding – Restated Plan Document Not Adopted By Ordinance

The accompanying supplementary information is presented for purposes of additional analysis. We did not audit the information and, accordingly, express no form of assurance on it.

The contents of this report were discussed with officials of New Cumberland Borough and, where appropriate, their responses have been included in the report.

# NEW CUMBERLAND BOROUGH POLICE PENSION PLAN FINDING AND RECOMMENDATION

#### Finding – Restated Plan Document Not Adopted By Ordinance

<u>Condition</u>: The New Cumberland Borough Police Pension Plan is currently controlled by the provisions of Ordinance No. 465, as amended, adopted pursuant to Act 600. The terms, provisions and conditions of the police pension plan were restated in a separately executed plan agreement with the Principal Financial Group effective December 23, 2003. However, Ordinance No. 465 has not been amended to reflect the provisions of the updated plan agreement.

<u>Criteria</u>: Act 600 at Section 1(a)(1) states, in part:

Each borough, town and township of this Commonwealth maintaining a police force of three or more full-time members and each regional police department shall, and all other boroughs, towns or townships may, <u>establish</u>, by <u>ordinance or resolution</u>, a police pension fund. . . .(Emphasis added)

Furthermore, in <u>Wynne v. Lower Merion Township</u>, 181 Pa. Superior Ct., 524, the Pennsylvania Superior Court held that an ordinance may be amended only by another ordinance and not by a resolution.

<u>Cause</u>: Plan officials were unaware that the borough should formally adopt the provisions of the restated plan agreement through a properly executed ordinance.

<u>Effect</u>: The failure to properly adopt the plan agreement could result in improper or inconsistent benefit payments to plan members and their beneficiaries.

<u>Recommendation</u>: We recommend that municipal officials take appropriate action to formally adopt the restated plan document through a properly executed ordinance.

Management's Response: Municipal officials agreed with the finding without exception.

## NEW CUMBERLAND BOROUGH POLICE PENSION PLAN SUPPLEMENTARY INFORMATION (UNAUDITED)

#### SCHEDULE OF FUNDING PROGRESS

Historical trend information about the plan is presented herewith as supplementary information. It is intended to help users assess the plan's funding status on a going-concern basis, assess progress made in accumulating assets to pay benefits when due, and make comparisons with other state and local government retirement systems.

The actuarial information is required by Act 205 biennially, except for distressed pension plans, for which annual reporting was required through January 1, 2003. The historical information, beginning as of January 1, 2001, is as follows:

	(1)	(2)	(3)	(4)	(5)	(6)
						Unfunded
			Unfunded			(Assets in
		Actuarial	(Assets in			Excess of)
		Accrued	Excess of)			Actuarial

### NEW CUMBERLAND BOROUGH POLICE PENSION PLAN SUPPLEMENTARY INFORMATION (UNAUDITED)

The comparability of trend information is affected by changes in actuarial assumptions, benefit provisions, actuarial funding methods, accounting policies, and other changes. Those changes usually affect trends in contribution requirements and in ratios that use the actuarial accrued liability as a factor.

Analysis of the dollar amount of the actuarial value of assets, actuarial accrued liability, and unfunded (assets in excess of) actuarial accrued liability in isolation can be misleading. Expressing the actuarial value of assets as a percentage of the actuarial accrued liability (Column 4) provides one indication of the plan's funding status on a going-concern basis. Analysis of this percentage, over time, indicates whether the system is becoming financially stronger or weaker. Generally, the greater this percentage, the stronger the plan.

Trends in unfunded (assets in excess of) actuarial accrued liability and annual covered payroll are both affected by inflation. Expressing the unfunded (assets in excess of) actuarial accrued liability as a percentage of annual covered payroll (Column 6) approximately adjusts for the effects of inflation and aids analysis of the plan's progress made in accumulating sufficient assets to pay benefits when due. Generally, where there is an unfunded actuarial accrued liability, the smaller this percentage, the stronger the plan. However, when assets are in excess of the actuarial accrued liability, the higher the bracketed percentage, the stronger the plan.
