## BACKGROUND

On December 18, 1984, the Pennsylvania Legislature adopted the Municipal Pension Plan Funding Standard and Recovery Act (P.L. 1005, No. 205, as amended, 53 P.S. § 895.101 et seq.). The act established mandatory actuarial reporting and funding requirements and a uniform basis for the distribution of state aid to Pennsylvania's public pension plans. Section 402(j) of Act 205 specifically requires the Auditor General, as deemed necessary, to make an audit of every municipality which receives general municipal pension system State aid and of every municipal pension plan and fund in which general municipal pension system State aid is deposited.

Pension plan aid is provided from a 2 percent foreign casualty insurance premium tax, a portion of the foreign fire insurance tax designated for paid firefighters and any investment income earned on the collection of these taxes. Generally, municipal pension plans established prior to December 18, 1984, are eligible for state aid. For municipal pension plans established after that date, the sponsoring municipality must fund the plan for three plan years before it becomes eligible for state aid. In accordance with Act 205, a municipality's annual state aid allocation cannot exceed its actual pension costs.

In addition to Act 205, the Quakertown Borough Police Pension Plan is also governed by implementing regulations adopted by the Public Employee Retirement Commission published at Title 16, Part IV of the Pennsylvania Code and applicable provisions of various other state statutes including, but not limited to, the following:

Act 600 - Police Pension Fund Act, Act of May 29, 1956 (P.L. 1804, No. 600), as amended, 53 P.S. § 761 et seq.

The Quakertown Borough Police Pension Plan is a single-employer defined benefit pension plan locally controlled by the provisions of Ordinance No. 988, as amended, adopted pursuant to Act 600. The plan is also affected by the provisions of collective bargaining agreements between the borough and its police officers.

Borough Council  
Quakertown Borough  
Bucks County  
Quakertown, PA 18951

We have conducted a compliance audit of the Quakertown Borough Police Pension Plan for the period January 1, 2006, to December 31, 2008. The audit was conducted pursuant to authority derived from Section 402(j) of Act 205 and in accordance with *Government Auditing Standards* applicable to performance audits issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objective. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objective.

The objective of the audit was to determine if the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies.

Our audit was limited to the areas related to the objective identified above. Quakertown Borough contracted with an independent certified public accounting firm for annual audits of its basic financial statements which are available at the borough's offices. Those financial statements were not audited by us and, accordingly, we express no opinion or other form of assurance on them.

Borough officials are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the Quakertown Borough Police Pension Plan is administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies. In conducting our audit, we obtained an understanding of the borough's internal controls as they relate to the borough's compliance with those requirements and that we considered to be significant within the context of our audit objective, and assessed whether those significant controls were properly designed and implemented. Additionally, we tested transactions, assessed official actions, performed analytical procedures and interviewed selected officials to the extent necessary to satisfy the audit objective.

The results of our tests indicated that, in all significant respects, the Quakertown Borough Police Pension Plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, except as noted in the following findings further discussed later in this report:

Finding No. 1 – Pension Benefits Not In Accordance With Act 600

Finding No. 2 – Pension Benefit Not Authorized By Act 600

The accompanying supplementary information is presented for purposes of additional analysis. We did not audit the information and, accordingly, express no form of assurance on it.

The contents of this report were discussed with officials of Quakertown Borough and, where appropriate, their responses have been included in the report.

September 18, 2009

JACK WAGNER  
Auditor General

QUAKERTOWN BOROUGH POLICE PENSION PLAN  
FINDINGS AND RECOMMENDATIONS

Finding No. 1 – Pension Benefits Not In Accordance With Act 600

Condition: The pension plan’s governing document, Ordinance No. 988, as amended, contains benefit provisions that are not in compliance with Act 600.

In addition, municipal officials have not amended the police pension plan’s benefit structure to adopt all of the changes mandated by Act 30 which made significant changes to the statutorily prescribed benefit structure of police pension plans subject to Act 600 on April 17, 2002. The specific inconsistencies are as follows:

<u>Benefit Provision</u>	<u>Governing Document</u>	<u>Act 600 (as amended)</u>
Intervening military service provision	Any member of the police force shall be eligible to receive service credit for intervening or non-intervening military service provided that he is not entitled to receive, eligible to receive now or in the future, or is receiving retirement benefits for such service under a retirement system administered and wholly or partially paid for by any other governmental agency, with the exception of a member eligible to receive or receiving military pay...	Any member of the police force employed by a borough, town, township or regional police department, who has been a regularly appointed employee of any such political subdivision or regional police department for a period of at least six months and who thereafter shall enter into the military service of the United States, shall have credited to his employment record for pension or retirement benefits all of the time spent by him in such military service, if such person returns or has heretofore returned to his employment within six months after his separation from the service.

QUAKERTOWN BOROUGH POLICE PENSION PLAN  
FINDINGS AND RECOMMENDATIONS

Finding No. 1 – (Continued)

<u>Benefit Provision</u>	<u>Governing Document</u>	<u>Act 600 (as amended)</u>
Pre-vesting death benefit	Any member who dies, is discharged or voluntarily withdraws, or retires on disability with less than twelve years of service or membership in the Fund and has not acquired vested rights, shall be paid all of his contributions to the Fund, plus five percent interest that has accrued.	The surviving spouse of a member of the police force who dies before his pension has vested or if no spouse survives or if he or she survives and subsequently dies, the child or children under the age of eighteen years, or, if attending college, under or attaining the age of twenty-three years, of the member of the police force shall be entitled to receive repayment of all money which the member invested in the pension fund plus interest or other increases in value of the member’s investment in the pension fund, unless the member has designated another beneficiary for this purpose.

Criteria: A governing document which contains clearly defined and updated benefit provisions is a prerequisite for the consistent, sound administration of retirement benefits. In addition, the police pension plan’s benefit structure should be in compliance with Act 600, as amended.

Cause: Municipal officials failed to establish adequate internal control procedures to ensure the plan’s benefit provisions are in compliance with Act 600, as amended.

Effect: Maintaining a benefit structure which is not in compliance with Act 600 could result in plan members or their beneficiaries receiving incorrect benefit amounts or being denied benefits to which they are statutorily entitled.

Recommendation: We recommend that municipal officials, after consulting with their solicitor, take whatever action is necessary to bring the police pension plan’s benefit structure into compliance with Act 600, as amended, at their earliest opportunity to do so.

Management’s Response: Municipal officials agreed with the finding without exception.

QUAKERTOWN BOROUGH POLICE PENSION PLAN  
FINDINGS AND RECOMMENDATIONS

Finding No. 2 – Pension Benefit Not Authorized By Act 600

Condition: Plan officials provided a pension benefit in excess of what is authorized by Act 600. Plan officials included lump-sum payments of accumulated unused sick leave and cash settlements from waivers for postretirement medical and dental benefits that were not earned during the pension computation period in the determination of the final average salary used to calculate a monthly pension benefit for a police officer who retired on January 1, 2009.

Criteria: Section 5(c) of Act 600 states, in part:

Monthly pension or retirement benefits other than length of service increments shall be computed at one-half the monthly average salary of such member during not more than the last sixty nor less than the last thirty-six months of employment.

Although Act 600 does not define “salary,” the department has concluded, based on a line of court opinions, that the term does not encompass lump-sum payments for leave or other items that were not earned during the pension computation period.

Cause: Plan officials failed to establish adequate internal control procedures to ensure the benefit calculation was in accordance with Act 600.

Effect: The plan is paying pension benefits to a retiree in excess of those authorized by Act 600. The retiree is receiving total excess benefits of \$199 per month, which totaled approximately \$1,795 from the date of the officer’s retirement through the date of this audit report.

Providing unauthorized pension benefits increases the plan’s pension costs and reduces the amount of funds available for investment purposes or for the payment of authorized benefits or administrative expenses. Since the borough received state aid based on unit value for its pension plans during the current audit period, it did not receive allocations attributable to the excess pension benefits provided. However, the increased costs to the pension plan as a result of the excess pension benefits could result in the receipt of excess state aid in the future and increase the municipal contributions necessary to fund the plan in accordance with Act 205 funding standards.

QUAKERTOWN BOROUGH POLICE PENSION PLAN  
FINDINGS AND RECOMMENDATIONS

Finding No. 2 – (Continued)

Recommendation: We recommend that pension benefits be determined and paid in accordance with Act 600 provisions. To the extent that the borough has already obligated itself to pay a benefit to an existing retiree in excess of what is authorized by Act 600, the excess benefits must be reflected in the Act 205 actuarial valuation reports for the plan and funded in accordance with Act 205 funding standards. Furthermore, the unauthorized portion of such benefits will be deemed ineligible for funding with state pension aid. In such case, the plan's actuary may be required to determine the impact, if any, of the excess benefits on the plan's future state aid allocations and submit this information to the department.

Management's Response: Municipal officials agreed with the finding without exception.

QUAKERTOWN BOROUGH POLICE PENSION PLAN  
 SUPPLEMENTARY INFORMATION  
 (UNAUDITED)

SCHEDULE OF FUNDING PROGRESS

Historical trend information about the plan is presented herewith as supplementary information. It is intended to help users assess the plan's funding status on a going-concern basis, assess progress made in accumulating assets to pay benefits when due, and make comparisons with other state and local government retirement systems.

The actuarial information is required by Act 205 biennially, except for distressed pension plans, for which annual reporting was required through January 1, 2003. The historical information, beginning as of January 1, 2003, is as follows:

	(1)	(2)	(3)	(4)	(5)	(6)
Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) - Entry Age (b)	Unfunded (Assets in Excess of) Actuarial Accrued Liability (b) - (a)	Funded Ratio (a)/(b)	Covered Payroll (c)	Unfunded (Assets in Excess of) Actuarial Accrued Liability as a % of Payroll [(b-a)/(c)]
01-01-03	\$ 2,362,390	\$ 3,127,368	\$ 764,978	75.5%	\$ 896,518	85.3%
01-01-05	2,525,257	3,801,600	1,276,343	66.4%	927,123	137.7%
01-01-07	2,859,924	4,584,888	1,724,964	62.4%	1,121,934	153.7%

Note: The market values of the plan's assets at 01-01-03, 01-01-05 and 01-01-07, have been adjusted to reflect the smoothing of gains and/or losses over a 4-year averaging period. This method will lower contributions in years of less than expected returns and increase contributions in years of greater than expected returns. The net effect over long periods of time is to have less variance in contribution levels from year to year.

QUAKERTOWN BOROUGH POLICE PENSION PLAN  
SUPPLEMENTARY INFORMATION  
(UNAUDITED)

The comparability of trend information is affected by changes in actuarial assumptions, benefit provisions, actuarial funding methods, accounting policies, and other changes. Those changes usually affect trends in contribution requirements and in ratios that use the actuarial accrued liability as a factor.

Analysis of the dollar amount of the actuarial value of assets, actuarial accrued liability, and unfunded (assets in excess of) actuarial accrued liability in isolation can be misleading. Expressing the actuarial value of assets as a percentage of the actuarial accrued liability (Column 4) provides one indication of the plan's funding status on a going-concern basis. Analysis of this percentage, over time, indicates whether the system is becoming financially stronger or weaker. Generally, the greater this percentage, the stronger the plan.

Trends in unfunded (assets in excess of) actuarial accrued liability and annual covered payroll are both affected by inflation. Expressing the unfunded (assets in excess of) actuarial accrued liability as a percentage of annual covered payroll (Column 6) approximately adjusts for the effects of inflation and aids analysis of the plan's progress made in accumulating sufficient assets to pay benefits when due. Generally, where there is an unfunded actuarial accrued liability, the smaller this percentage, the stronger the plan. However, when assets are in excess of the actuarial accrued liability, the higher the bracketed percentage, the stronger the plan.

QUAKERTOWN BOROUGH POLICE PENSION PLAN  
SUPPLEMENTARY INFORMATION  
(UNAUDITED)

SCHEDULE OF CONTRIBUTIONS FROM EMPLOYER  
AND OTHER CONTRIBUTING ENTITIES

Year Ended December 31	Annual Required Contribution	Percentage Contributed
2003	\$ 113,048	100.0%
2004	114,610	100.0%
2005	149,186	100.0%
2006	163,571	100.0%
2007	246,697	100.0%
2008	320,583	100.0%
