ABBREVIATION

PSABMRT - Pennsylvania State Association of Boroughs Municipal Retirement Trust

BACKGROUND

On December 18, 1984, the Pennsylvania Legislature adopted the Municipal Pension Plan Funding Standard and Recovery Act (P.L. 1005, No. 205, as amended, 53 P.S. § 895.101 et seq.). The act established mandatory actuarial reporting and funding requirements and a uniform basis for the distribution of state aid to Pennsylvania's public pension plans. Section 402(j) of Act 205 specifically requires the Auditor General, as deemed necessary, to make an audit of every municipality which receives general municipal pension system State aid and of every municipal pension plan and fund in which general municipal pension system State aid is deposited.

Pension plan aid is provided from a 2 percent foreign casualty insurance premium tax, a portion of the foreign fire insurance tax designated for paid firefighters and any investment income earned on the collection of these taxes. Generally, municipal pension plans established prior to December 18, 1984, are eligible for state aid. For municipal pension plans established after that date, the sponsoring municipality must fund the plan for three plan years before it becomes eligible for state aid. In accordance with Act 205, a municipality's annual state aid allocation cannot exceed its actual pension costs.

In addition to Act 205, the Southwest Greensburg Borough Police Pension Plan is also governed by implementing regulations adopted by the Public Employee Retirement Commission published at Title 16, Part IV of the Pennsylvania Code and applicable provisions of various other state statutes including, but not limited to, the following:

Act 581 - The Borough Code, Act of February 1, 1966 (P.L. 1656, No. 581), Article XI(f), Police Pension Fund in Boroughs Having a Police Force of Less Than Three Members, as amended, 53 P.S. § 46131 et seq.

The Southwest Greensburg Borough Police Pension Plan is a single-employer defined benefit pension plan locally controlled by the provisions of Ordinance No. 2002-12-2 and a joinder agreement with PSABMRT, adopted pursuant to Act 581. The plan is also affected by the provisions of collective bargaining agreements between the borough and its police officers.

The Honorable Mayor and Borough Council
Southwest Greensburg Borough
Westmoreland County
Southwest Greensburg, PA 15601

We have conducted a compliance audit of the Southwest Greensburg Borough Police Pension Plan for the period January 1, 2006, to December 31, 2008. The audit was conducted pursuant to authority derived from Section 402(j) of Act 205 and in accordance with *Government Auditing Standards* applicable to performance audits issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our finding and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our finding and conclusions based on our audit objectives.

The objectives of the audit were:

1. To determine if municipal officials took appropriate corrective action to address the finding contained in our prior audit report; and
2. To determine if the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies.

Our audit was limited to the areas related to the objectives identified above. Southwest Greensburg Borough contracted with an independent certified public accounting firm for annual audits of its financial statements prepared in conformity with the accounting practices prescribed or permitted by the Department of Community and Economic Development of the Commonwealth of Pennsylvania, which are available at the borough's offices. Those financial statements were not audited by us and, accordingly, we express no opinion or other form of assurance on them.

Borough officials are responsible for establishing and maintaining an internal control structure to provide reasonable assurance that the Southwest Greensburg Borough Police Pension Plan is administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies. To assist us in planning and performing our audit, we obtained an understanding of the borough's internal control structure as it relates to the borough's compliance with those requirements. Additionally, we tested transactions, assessed official actions, performed analytical procedures and interviewed selected officials to the extent necessary to satisfy the audit objectives.

The results of our tests indicated that, in all significant respects, the Southwest Greensburg Borough Police Pension Plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, except as noted in the following finding further discussed later in this report:

Finding – Noncompliance With Prior Audit Recommendation - Pension
Benefits In Excess Of Act 581

The accompanying supplementary information is presented for purposes of additional analysis. We did not audit the information and, accordingly, express no form of assurance on it.

The contents of this report were discussed with officials of Southwest Greensburg Borough and, where appropriate, their responses have been included in the report.

August 19, 2009

JACK WAGNER
Auditor General

SOUTHWEST GREENSBURG BOROUGH POLICE PENSION PLAN
STATUS OF PRIOR FINDING

Noncompliance With Prior Audit Recommendation

Southwest Greensburg Borough has not complied with the prior audit recommendation concerning the following as further discussed in the Finding and Recommendation section of this report:

- Pension Benefits In Excess Of Act 581

SOUTHWEST GREENSBURG BOROUGH POLICE PENSION PLAN
FINDING AND RECOMMENDATION

Finding – Noncompliance With Prior Audit Recommendation – Pension Benefits In Excess Of Act 581

Condition: As noted in our prior audit report, the pension plan’s governing document grants a survivor benefit that is not authorized by Act 581. Part V-1 of the PSABMRT joinder agreement states, in part:

If a Participant elects not to receive his benefits in the Normal Form, he may elect to receive payment of his benefits in one of the following optional forms as described in section 5.01 of Chapter III of the master Plan and Trust:

- a 50 percent contingent annuitant benefit;
- a 66-2/3 percent contingent annuitant benefit;
- a 75 percent contingent annuitant benefit;
- a 100 percent contingent annuitant benefit;
- a life annuity, with 60 months certain;
- a life annuity, with 120 months certain;
- a life annuity, with 180 months certain.

Criteria: Section 1131 of Act 581 states in part:

All pension funds established under the provisions of this section shall be under the direction of the borough council, or such committee as it may designate, and shall be applied under such regulations as the council may by ordinance prescribe for the benefit of such members of the police force as shall receive honorable discharge therefrom by reason of age or disability and the families of such as may be injured or killed in the service (emphasis added). Any allowances made to those who are retired by reason of disability or age shall be in conformity with a uniform scale.

Cause: Plan officials have failed to adopt adequate internal control procedures to ensure compliance with the prior audit recommendation.

SOUTHWEST GREENSBURG BOROUGH POLICE PENSION PLAN
FINDING AND RECOMMENDATION

Finding – (Continued)

Effect: Providing unauthorized pension benefits could increase the plan's pension costs and reduce the amount of funds available for investment purposes or for the payment of authorized benefits or administrative expenses. In addition, because the municipality's 2008 state aid allocation was based on pension costs, the provision of unauthorized pension benefits may have resulted in the receipt of excess state aid and increased the municipal contributions necessary to fund the plan in accordance with Act 205 funding standards.

Recommendation: We recommend that the borough ensure the plan's governing document complies with Act 581 at its earliest opportunity to do so. To the extent that the borough is not in compliance with Act 581 and/or is contractually obligated to pay benefits to existing retirees in excess of those authorized by Act 581, the excess benefits must be reflected in the Act 205 actuarial valuation reports for the plan and funded in accordance with Act 205 funding standards. Furthermore, such benefits will be deemed ineligible for funding with state pension aid. In such case, the plan's actuary must determine the impact, if any, of the unauthorized benefits on the plan's 2008 state aid allocation and submit this information to the department.

Management's Response: Municipal officials agreed with the finding without exception.

SOUTHWEST GREENSBURG BOROUGH POLICE PENSION PLAN
 SUPPLEMENTARY INFORMATION
 (UNAUDITED)

SCHEDULE OF FUNDING PROGRESS

Historical trend information about the plan is presented herewith as supplementary information. It is intended to help users assess the plan's funding status on a going-concern basis, assess progress made in accumulating assets to pay benefits when due, and make comparisons with other state and local government retirement systems.

The actuarial information is required by Act 205 biennially, except for distressed pension plans, for which annual reporting was required through January 1, 2003. The historical information, beginning as of January 1, 2003, is as follows:

	(1)	(2)	(3)	(4)	(5)	(6)
Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) - Entry Age (b)	Unfunded (Assets in Excess of) Actuarial Accrued Liability (b) - (a)	Funded Ratio (a)/(b)	Covered Payroll (c)	Unfunded (Assets in Excess of) Actuarial Accrued Liability as a % of Payroll [(b-a)/(c)]
01-01-03	\$ 387,831	\$ 308,798	\$ (79,033)	125.6%	\$ 70,720	(111.8%)
01-01-05	450,741	303,975	(146,766)	148.3%	71,894	(204.1%)
01-01-07	481,383	334,665	(146,718)	143.8%	68,760	(213.4%)

SOUTHWEST GREENSBURG BOROUGH POLICE PENSION PLAN
SUPPLEMENTARY INFORMATION
(UNAUDITED)

The comparability of trend information is affected by changes in actuarial assumptions, benefit provisions, actuarial funding methods, accounting policies, and other changes. Those changes usually affect trends in contribution requirements and in ratios that use the actuarial accrued liability as a factor.

Analysis of the dollar amount of the actuarial value of assets, actuarial accrued liability, and unfunded (assets in excess of) actuarial accrued liability in isolation can be misleading. Expressing the actuarial value of assets as a percentage of the actuarial accrued liability (Column 4) provides one indication of the plan's funding status on a going-concern basis. Analysis of this percentage, over time, indicates whether the system is becoming financially stronger or weaker. Generally, the greater this percentage, the stronger the plan.

Trends in unfunded (assets in excess of) actuarial accrued liability and annual covered payroll are both affected by inflation. Expressing the unfunded (assets in excess of) actuarial accrued liability as a percentage of annual covered payroll (Column 6) approximately adjusts for the effects of inflation and aids analysis of the plan's progress made in accumulating sufficient assets to pay benefits when due. Generally, where there is an unfunded actuarial accrued liability, the smaller this percentage, the stronger the plan. However, when assets are in excess of the actuarial accrued liability, the higher the bracketed percentage, the stronger the plan.
