Letter from the Auditor General	3
Status of Prior Finding	5
Finding and Recommendation:	
Finding – Noncompliance With Prior Audit Recommendation – Failure To Adopt Benefit Provisions Mandated By Act 30	6
Supplementary Information	8
Report Distribution List	13

BACKGROUND

On December 18, 1984, the Pennsylvania Legislature adopted the Municipal Pension Plan Funding Standard and Recovery Act (P.L. 1005, No. 205, as amended, 53 P.S. § 895.101 et seq.). The act established mandatory actuarial reporting and funding requirements and a uniform basis for the distribution of state aid to Pennsylvania's public pension plans. Section 402(j) of Act 205 specifically requires the Auditor General, as deemed necessary, to make an audit of every municipality which receives general municipal pension system State aid and of every municipal pension plan and fund in which general municipal pension system State aid is deposited.

Pension plan aid is provided from a 2 percent foreign casualty insurance premium tax, a portion of the foreign fire insurance tax designated for paid firefighters and any investment income earned on the collection of these taxes. Generally, municipal pension plans established prior to December 18, 1984, are eligible for state aid. For municipal pension plans established after that date, the sponsoring municipality must fund the plan for three plan years before it becomes eligible for state aid. In accordance with Act 205, a municipality's annual state aid allocation cannot exceed its actual pension costs.

In addition to Act 205, the Stonycreek Township Police Pension Plan is also governed by implementing regulations adopted by the Public Employee Retirement Commission published at Title 16, Part IV of the Pennsylvania Code and applicable provisions of various other state statutes including, but not limited to, the following:

Act 600 - Police Pension Fund Act, Act of May 29, 1956 (P.L. 1804, No. 600), as amended, 53 P.S. § 761 et seq.

The Stonycreek Township Police Pension Plan is a single-employer defined benefit pension plan locally controlled by the provisions of Resolution No. 1982-7, as amended, adopted pursuant to Act 600.

Board of Township Commissioners
Stonycreek Township
Cambria County
Johnstown, PA 15902

We have conducted a compliance audit of the Stonycreek Township Police Pension Plan for the period January 1, 2007, to December 31, 2009. The audit was conducted pursuant to authority derived from Section 402(j) of Act 205 and in accordance with *Government Auditing Standards* applicable to performance audits issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our finding and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our finding and conclusions based on our audit objectives.

The objectives of the audit were:

1. To determine if municipal officials took appropriate corrective action to address the finding contained in our prior audit report; and
2. To determine if the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies.

Our audit was limited to the areas related to the objectives identified above. Stonycreek Township contracted with an independent certified public accounting firm for annual audits of its basic financial statements which are available at the township's offices. Those financial statements were not audited by us and, accordingly, we express no opinion or other form of assurance on them.

Township officials are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the Stonycreek Township Police Pension Plan is administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies. In conducting our audit, we obtained an understanding of the township's internal controls as they relate to the township's compliance with those requirements and that we considered to be significant within the context of our audit objectives, and assessed whether those significant controls were properly designed and implemented. Additionally, we tested transactions, assessed official actions, performed analytical procedures and interviewed selected officials to the extent necessary to satisfy the audit objectives.

The results of our tests indicated that, in all significant respects, the Stonycreek Township Police Pension Plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, except as noted in the following finding further discussed later in this report:

Finding – Noncompliance With Prior Audit Recommendation – Failure To
Adopt Benefit Provisions Mandated By Act 30

The accompanying supplementary information is presented for purposes of additional analysis. We did not audit the information and, accordingly, express no form of assurance on it.

The contents of this report were discussed with officials of Stonycreek Township and, where appropriate, their responses have been included in the report.

April 7, 2010

JACK WAGNER
Auditor General

STONYCREEK TOWNSHIP POLICE PENSION PLAN
STATUS OF PRIOR FINDING

Noncompliance With Prior Audit Recommendation

Stonycreek Township has not complied with the prior audit recommendation concerning the following as further discussed in the Finding and Recommendation section of this report:

- Failure To Adopt Benefit Provisions Mandated By Act 30

STONYCREEK TOWNSHIP POLICE PENSION PLAN
FINDING AND RECOMMENDATION

Finding – Noncompliance With Prior Audit Recommendation – Failure To Adopt Benefit Provisions Mandated By Act 30

Condition: As disclosed in the prior audit report, the township established its police pension plan pursuant to Act 600. On April 17, 2002, Act 600 was amended by Act 30, which made significant changes to the statutorily prescribed benefit structure of police pension plans subject to Act 600. However, municipal officials failed to amend the police pension plan’s benefit structure to adopt all of the changes mandated by Act 30. The specific inconsistencies are as follows:

<u>Benefit Provision</u>	<u>Governing Document</u>	<u>Act 600 (as amended)</u>
Survivor’s benefit	The spouse will receive 50% of the amount the participant was receiving or entitled to receive payable for life or until remarriage. In the event of the spouse’s death or remarriage, the participant’s children will share the benefit until age 18 (until age 23 if attending college).	A lifetime survivor’s benefit must be provided to the surviving spouse (or if no spouse survives or if he or she subsequently dies, the child or children under 18 years of age or if attending college, under or attaining the age of 23) of no less than 50% of the pension the member was receiving or would have been entitled to receive had he been retired at the time of death. (“Attending college” shall mean the eligible children are registered at an accredited institution of higher learning and are carrying a minimum course load of 7 credit hours per semester.)
Service-related disability benefit	A monthly benefit equal to 50% of the participant’s final monthly average salary as of the disability date.	The benefit must be in conformity with a uniform scale and fixed by the plan’s governing document at no less than 50% of the member’s salary at the time the disability was incurred, reduced by the amount of Social Security disability benefits received for the same injury.

STONYCREEK TOWNSHIP POLICE PENSION PLAN
FINDING AND RECOMMENDATION

Finding – (Continued)

Criteria: A governing document which contains clearly defined and updated benefit provisions is a prerequisite for the consistent, sound administration of retirement benefits. In addition, the plan's benefit structure should be in compliance with Act 600, as amended by Act 30.

Cause: Municipal officials failed to establish adequate internal control procedures to ensure compliance with the prior audit recommendation.

Effect: Maintaining a benefit structure which is not in compliance with Act 600 could result in plan members or their beneficiaries receiving incorrect benefit amounts or being denied benefits to which they are statutorily entitled.

Recommendation: We again recommend that municipal officials ensure the plan's governing document complies with Act 600, as amended by Act 30, at their earliest opportunity to do so.

Management's Response: Municipal officials agreed with the finding without exception.

STONYCREEK TOWNSHIP POLICE PENSION PLAN
 SUPPLEMENTARY INFORMATION
 (UNAUDITED)

SCHEDULE OF FUNDING PROGRESS

Historical trend information about the plan is presented herewith as supplementary information. It is intended to help users assess the plan's funding status on a going-concern basis, assess progress made in accumulating assets to pay benefits when due, and make comparisons with other state and local government retirement systems.

The actuarial information is required by Act 205 biennially, except for distressed pension plans, for which annual reporting was required through January 1, 2003. The historical information, beginning as of January 1, 2005, is as follows:

	(1)	(2)	(3)	(4)	(5)	(6)
Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) - Entry Age (b)	Unfunded (Assets in Excess of) Actuarial Accrued Liability (b) - (a)	Funded Ratio (a)/(b)	Covered Payroll (c)	Unfunded (Assets in Excess of) Actuarial Accrued Liability as a % of Payroll [(b-a)/(c)]
01-01-05	\$ 943,703	\$ 655,078	\$ (288,625)	144.1%	\$ 72,923	(395.8%)
01-01-07	935,137	643,798	(291,339)	145.3%	73,866	(394.4%)
01-01-09	802,051	692,140	(109,911)	115.9%	79,955	(137.5%)

Note: The market value of the plan's assets at 01-01-09 has been adjusted to reflect the smoothing of gains and/or losses over a 4-year averaging period. This method will lower contributions in years of less than expected returns and increase contributions in years of greater than expected returns. The net effect over long periods of time is to have less variance in contribution levels from year to year.

STONYCREEK TOWNSHIP POLICE PENSION PLAN
SUPPLEMENTARY INFORMATION
(UNAUDITED)

The comparability of trend information is affected by changes in actuarial assumptions, benefit provisions, actuarial funding methods, accounting policies, and other changes. Those changes usually affect trends in contribution requirements and in ratios that use the actuarial accrued liability as a factor.

Analysis of the dollar amount of the actuarial value of assets, actuarial accrued liability, and unfunded (assets in excess of) actuarial accrued liability in isolation can be misleading. Expressing the actuarial value of assets as a percentage of the actuarial accrued liability (Column 4) provides one indication of the plan's funding status on a going-concern basis. Analysis of this percentage, over time, indicates whether the system is becoming financially stronger or weaker. Generally, the greater this percentage, the stronger the plan.

Trends in unfunded (assets in excess of) actuarial accrued liability and annual covered payroll are both affected by inflation. Expressing the unfunded (assets in excess of) actuarial accrued liability as a percentage of annual covered payroll (Column 6) approximately adjusts for the effects of inflation and aids analysis of the plan's progress made in accumulating sufficient assets to pay benefits when due. Generally, where there is an unfunded actuarial accrued liability, the smaller this percentage, the stronger the plan. However, when assets are in excess of the actuarial accrued liability, the higher the bracketed percentage, the stronger the plan.
