EUGENE A. DePASQUALE
AUDITOR GENERAL

The Honorable Tom Corbett
Governor
Commonwealth of Pennsylvania
Harrisburg, Pennsylvania 17120

Mr. Gary Reinert, Board President
Fleetwood Area School District
801 North Richmond Street
Fleetwood, Pennsylvania 19522

Dear Governor Corbett and Mr. Reinert:

We conducted a performance audit of the Fleetwood Area School District (District) to determine its compliance with certain relevant state laws, regulations, contracts, grant requirements, and administrative procedures (relevant requirements). Our audit covered the period April 6, 2011 through March 3, 2014, except as otherwise indicated in the report. Additionally, compliance specific to state subsidies and reimbursements was determined for the school years ended June 30, 2011 and June 30, 2012. Our audit was conducted pursuant to Section 403 of The Fiscal Code, 72 P.S. § 403, and in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States.

Our audit found that the District complied, in all significant respects, with relevant requirements.

We appreciate the District's cooperation during the conduct of the audit.

Sincerely,

A handwritten signature in black ink, appearing to read "Eugene A. DePasquale".

Eugene A. DePasquale
Auditor General

August 28, 2014

Executive Summary

Audit Work

The Pennsylvania Department of the Auditor General conducted a performance audit of the Fleetwood Area School District (District) in Berks County. Our audit sought to answer certain questions regarding the District's compliance with certain relevant state laws, regulations, contracts, grant requirements, and administrative procedures and to determine the status of corrective action taken by the District in response to our prior audit recommendations.

Our audit scope covered the period April 6, 2011 through March 3, 2014, except as otherwise indicated in the audit scope, objectives, and methodology section of the report. Compliance specific to state subsidies and reimbursements were determined for the 2010-11 and 2011-12 school years.

District Background

The District encompasses approximately 39 square miles. According to 2010 federal census data, it serves a resident population of 16,608. According to District officials, the District provided basic educational services to 2,681 pupils through the employment of 207 teachers, 145 full-time and part-time support personnel, and sixteen (16) administrators during the 2011-12 school year. The District received \$11,374,400 in state funding in the 2011-12 school year.

Audit Conclusion and Results

Our audit found that the District complied, in all significant respects, with certain relevant state laws, regulations, contracts, grant requirements, and administrative procedures. Our audit resulted in no findings or observations.

Status of Prior Audit Findings and Observations

With regard to the status of our prior audit recommendations to the Fleetwood Area School District (District) from an audit released on October 18, 2011, we found that the District had taken appropriate corrective action in implementing our recommendations pertaining to internal control weakness regarding Memoranda of Understanding (see page 6).

Audit Scope, Objectives, and Methodology

Scope

What is a school performance audit?

School performance audits allow the Pennsylvania Department of the Auditor General to determine whether state funds, including school subsidies, are being used according to the purposes and guidelines that govern the use of those funds. Additionally, our audits examine the appropriateness of certain administrative and operational practices at each local education agency (LEA). The results of these audits are shared with LEA management, the Governor, the Pennsylvania Department of Education, and other concerned entities.

Our audit, conducted under authority of Section 403 of The Fiscal Code, 72 P.S. § 403, is not a substitute for the local annual audit required by the Public School Code of 1949, as amended. We conducted our audit in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States.

Our audit covered the period April 6, 2011 through March 3, 2014, except for the verification of professional employee certification, which was performed for the period February 28, 2011 through February 12, 2014.

Regarding state subsidies and reimbursements, our audit covered the 2010-11 and 2011-12 school years.

While all districts have the same school years, some have different fiscal years. Therefore, for the purposes of our audit work and to be consistent with Pennsylvania Department of Education (PDE) reporting guidelines, we use the term *school year* rather than fiscal year throughout this report. A school year covers the period July 1 to June 30.

Objectives

What is the difference between a finding and an observation?

Our performance audits may contain findings and/or observations related to our audit objectives. Findings describe noncompliance with a statute, regulation, policy, contract, grant requirement, or administrative procedure. Observations are reported when we believe corrective action should be taken to remedy a potential problem not rising to the level of noncompliance with specific criteria.

Performance audits draw conclusions based on an evaluation of sufficient, appropriate evidence. Evidence is measured against criteria, such as laws and defined business practices. Our audit focused on assessing the District's compliance with certain relevant state laws, regulations, contracts, grant requirements, and administrative procedures. However, as we conducted our audit procedures, we sought to determine answers to the following questions, which serve as our audit objectives:

- ✓ Were professional employees certified for the positions they held?
- ✓ In areas where the District received state subsidies and reimbursements based on pupil membership (e.g., basic education, special education, and vocational education), did it follow applicable laws and procedures?

- ✓ Did the District, and any contracted vendors, ensure that current bus drivers were properly qualified, and did they have written policies and procedures governing the hiring of new bus drivers?
- ✓ Did the District have sufficient internal controls to ensure that the membership data it reported to PDE through the Pennsylvania Information Management System was complete, accurate, valid, and reliable?
- ✓ Were there any declining fund balances that may pose a risk to the District's fiscal viability?
- ✓ Did the District take appropriate steps to ensure school safety?
- ✓ Did the District have a properly executed and updated Memorandum of Understanding with local law enforcement?
- ✓ Were there any other areas of concern reported by independent auditors, citizens, or other interested parties?
- ✓ Did the District take appropriate corrective action to address recommendations made in our prior audit?

Methodology

What are internal controls?

Internal controls are processes designed by management to provide reasonable assurance of achieving objectives in areas such as:

- Effectiveness and efficiency of operations.
- Relevance and reliability of operational and financial information.
- Compliance with certain relevant state laws, regulations, contracts, grant requirements, and administrative procedures.

Government Auditing Standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our results and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our results and conclusions based on our audit objectives.

The District's management is responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the District is in compliance with certain relevant state laws, regulations, contracts, grant requirements, and administrative procedures (relevant requirements). In conducting our audit, we obtained an understanding of the District's internal controls, including any information technology controls, as they relate to the District's compliance with relevant requirements that we consider to be significant within the context of our audit objectives. We assessed whether those controls were properly designed and implemented. Any deficiencies in

internal controls that were identified during the conduct of our audit and determined to be significant within the context of our audit objectives are included in this report.

In order to properly plan our audit and to guide us in possible audit areas, we performed analytical procedures in the areas of state subsidies and reimbursements, pupil transportation, pupil membership, and comparative financial information.

Our audit examined the following:

- Records pertaining to pupil transportation, pupil membership, bus driver qualifications, professional employee certification, state ethics compliance, financial stability, reimbursement applications, tuition receipts, and deposited state funds.
- Items such as board meeting minutes and policies and procedures.

Additionally, we interviewed select administrators and support personnel associated with the District's operations.

To determine the status of our audit recommendations made in a prior audit report released on October 18, 2011, we reviewed the District's response to PDE dated May 8, 2012. We then performed additional audit procedures targeting the previously reported matters.

Findings and Observations

For the audited period, our audit of the Fleetwood Area School District resulted in no findings or observations.

Status of Prior Audit Findings and Observations

Our prior audit of the Fleetwood Area School District (District) released on October 18, 2011, resulted in one (1) observation. The observation pertained to Memoranda of Understanding (MOU) that were not updated timely. As part of our current audit, we determined the status of corrective action taken by the District to implement our prior audit recommendations. We analyzed the District's written response provided to the Pennsylvania Department of Education, performed audit procedures, and interviewed District personnel regarding the prior observation. As shown below, we found that the District did implement our recommendations related to Memoranda of Understanding.

Auditor General Performance Audit Report Released on October 18, 2011

Observation: **Internal Control Weakness Regarding Memoranda of Understanding**

Observation Summary:

Our prior audit of the District's records found that the District's MOUs with two (2) local law enforcement agencies were signed on February 28, 2008. None of the MOUs had been reviewed or updated prior to our audit.

Recommendations:

Our audit observation recommended that the District should:

1. In consultation with its solicitor, continue to update and re-execute the MOUs with both local enforcement agencies.
2. Adopt a policy requiring the administration to review and re-execute the MOUs every two (2) years.

Current Status:

During our current audit, we found that the District did implement our recommendations by updating the MOUs with both local law enforcement agencies and developing a policy stating that the MOUs will be updated every two (2) years.

Distribution List

This report was initially distributed to the Superintendent of the District, the Board of School Directors, our website at www.auditorgen.state.pa.us, and the following stakeholders:

The Honorable Tom Corbett
Governor
Commonwealth of Pennsylvania
Harrisburg, PA 17120

The Honorable Carolyn Dumaesq
Acting Secretary of Education
1010 Harristown Building #2
333 Market Street
Harrisburg, PA 17126
