Dear Mr. Elwood and Mr. Spudy:

We conducted a Limited Procedures Engagement (LPE) of the Central Westmoreland Career and Technical Center (Center) to determine its compliance with certain relevant state laws, regulations, policies, and administrative procedures (relevant requirements). The LPE covers the period July 1, 2012, through June 30, 2016, except for any areas of compliance that may have required an alternative to this period. The engagement was conducted pursuant to authority derived from Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania and The Fiscal Code (72 P.S. §§ 402 and 403), but was not conducted in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States.

As we conducted our LPE procedures, we sought to determine answers to the following questions, which serve as our LPE objectives:

- Did the Center have documented board policies and administrative procedures related to the following?
 - Internal controls
 - Budgeting practices
 - The Right-to-Know Law
 - The Sunshine Act
- Were the policies and procedures adequate and appropriate, and have they been properly implemented?
- Did the Center comply with the relevant requirements in the Right-to-Know Law and the Sunshine Act?

Our engagement found that the Center properly implemented policies and procedures for the areas mentioned above and complied, in all significant respects, with relevant requirements.

Mr. Brad Elwood
Mr. Karl Spudy

The operation, administration, and management of the Central Westmoreland Career and Technical Center (Center) are directed by a joint operating committee (JOC), which is comprised of nine members, one from each of the following school districts:

Belle Vernon Area	Greensburg Salem
Hempfield Area	Jeannette City
Mount Pleasant Area	Penn-Trafford
Norwin	Southmoreland
Yough	

The JOC members are appointed by the individual school boards at the December meeting, each to serve a three-year term.

Financial Information

The following pages contain financial information about the Center obtained from annual financial data reported to the Pennsylvania Department of Education (PDE) and available on PDE's public website. This information was not audited and is presented for **informational purposes only**.

Note: General Fund Balance is comprised of the District's Committed, Assigned and Unassigned Fund Balances.

Note: Total Debt is comprised of Short-Term Borrowing, General Obligation Bonds, Authority Building Obligations, Other Long-Term Debt, Other Post-Employment Benefits and Compensated Absences.

Note: Career and technical centers do not make payments to charter schools for tuition. These payments are made by the home district of each student.

Financial Information Continued

Local revenues were primarily obtained from direct payments by the member districts based on the approved budget. Each district’s proportionate share of the operating expenditures was determined by a formula involving average daily membership as specified in the Articles of Agreement.

Academic Information

SPP benchmarks represent the statewide average of all district school buildings in the Commonwealth.¹ PSSA benchmarks and goals are determined by PDE each school year and apply to all public school entities.²

Part-time career and technical centers, such as the Central Westmoreland Career and Technical Center, do not receive academic scores. Academic instruction in the core content areas occurs in the students' home district and are therefore reported within the scores of the students' home district.³ Full-time comprehensive career and technical centers providing core content receive academic scores.

4 Year Cohort Graduation Rate

Part-time career and technical centers do not report a graduation rate. Each students' graduation rate is reported through the home district for that student. Full-time comprehensive career and technical centers report graduation rates to PDE.

¹ Statewide averages for SPP scores were calculated based on all district school buildings throughout the Commonwealth, excluding charter and cyber charter schools.

² PSSA benchmarks apply to all district school buildings, charters, and cyber charters. In the 2011-12 school year, the state benchmarks reflect the Adequate Yearly Progress targets established under No Child Left Behind. In the 2012-13 and 2013-14 school years, the state benchmarks reflect the statewide goals based on annual measurable objectives established by PDE.
