EUGENE A. DePASQUALE
AUDITOR GENERAL

Mrs. Cynthia J. Jenkins, Superintendent
Millville Area School District
P.O. Box 260
Millville, Pennsylvania 17846

Ms. Susan Myers, Board President
Millville Area School District
P.O. Box 260
Millville, Pennsylvania 17846

Dear Mrs. Jenkins and Ms. Myers:

We have conducted a performance audit of the Millville Area School District (District) for the period July 1, 2012, through June 30, 2016, except as otherwise indicated in the audit scope, objective, and methodology section of the report. We evaluated the District's performance in the following areas as further described in the appendix of this report:

- Contracting
- Administrator Contract Buy-out
- Bus Driver Requirements
- School Safety

The audit was conducted pursuant to Sections 402 and 403 of The Fiscal Code (72 P.S. §§ 402 and 403), and in accordance with the Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

Our audit found that the District performed adequately in the areas listed above.

We appreciate the District's cooperation during the course of the audit.

Sincerely,

A handwritten signature in black ink, appearing to read "Eugene A. DePasquale".

Eugene A. DePasquale
Auditor General

February 13, 2018

Mission Statement^A

To provide a quality education for every student through the combined efforts of a dedicate staff, involved parents, and a supportive community.

Financial Information

The following pages contain financial information about the Millville Area School District (District) obtained from annual financial data reported to the Pennsylvania Department of Education (PDE) and available on PDE's public website. This information was not audited and is presented for **informational purposes only**.

Note: General Fund Balance is comprised of the District's Committed, Assigned and Unassigned Fund Balances.

Note: Total Debt is comprised of Short-Term Borrowing, General Obligation Bonds, Authority Building Obligations, Other Long-Term Debt, Other Post-Employment Benefits and Compensated Absences.

Financial Information Continued

Academic Information

The graphs on the following pages present School Performance Profile (SPP) scores, Pennsylvania System of School Assessment (PSSA), Keystone Exam results, and 4-Year Cohort Graduation Rates for the District obtained from PDE's data files for the 2014-15 and 2015-16 school years.¹ These scores are provided in the District's audit report for **informational purposes only**, and they were not audited by our Department. Please note that if one of the District's schools did not receive a score in a particular category and year presented below, the school will not be listed in the corresponding chart.² Finally, benchmarks noted in the following graphs represent the statewide average of all public school buildings in the Commonwealth that received a score in the category and year noted.³

What is a SPP score?

A SPP score serves as a benchmark for schools to reflect on successes, achievements, and yearly growth. PDE issues a SPP score using a 0-100 scale for all school buildings in the Commonwealth annually, which is calculated based on standardized testing (i.e. PSSA and Keystone exams), student improvement, advance course offerings, and attendance and graduation rates. Generally speaking, a SPP score of 70 or above is considered to be a passing rate.

PDE started issuing a SPP score for all public school buildings beginning with the 2012-13 school year. For the 2014-15 school year, PDE only issued SPP scores for high schools taking the Keystone Exams as scores for elementary and middle schools were put on hold due to changes with PSSA testing.⁴ PDE resumed issuing a SPP score for all schools for the 2015-16 school year.

What is the PSSA?

The PSSA is an annual, standardized test given across the Commonwealth to students in grades 3 through 8 in core subject areas, including English and Math. The PSSAs help Pennsylvania meet federal and state requirements and inform instructional practices, as well as provide educators, stakeholders, and policymakers with important information about the state's students and schools.

¹ PDE is the sole source of academic data presented in this report. All academic data was obtained from PDE's publically available website.

² PDE's data does not provide any further information regarding the reason a score was not published for a specific school. However, readers can refer to PDE's website for general information regarding the issuance of academic scores.

³ Statewide averages were calculated by our Department based on individual school building scores for all public schools in the Commonwealth, including district schools, charters schools, and cyber charter schools.

⁴ According to PDE, SPP scores for elementary and middle schools were put on hold for the 2014-15 school year due to the state's major overhaul of PSSA exams to align with state Common Core standards and an unprecedented drop in public schools' PSSA scores that year. Since PSSA scores are an important factor in the SPP calculation, the state decided not to use PSSA scores to calculate a SPP score for elementary and middle schools for the 2014-15 school year. Only high schools using the Keystone Exam as the standardized testing component received a SPP score.

The 2014-15 school year marked the first year that PSSA testing was aligned to the more rigorous PA Core Standards.⁵ The state uses a grading system with scoring ranges that place an individual student's performance into one of four performance levels: Below Basic, Basic, Proficient, and Advanced. The state's goal is for students to score Proficient or Advanced on the exam in each subject area.

What is the Keystone Exam?

The Keystone Exam measures student proficiency at the end of specific courses, such as Algebra I, Literature, and Biology. The Keystone Exam was intended to be a graduation requirement starting with the class of 2017, but that requirement has been put on hold until at least 2020. In the meantime, the exam is still given as a standardized assessment and results are included in the calculation of SPP scores. The Keystone Exam is scored using the same four performance levels as the PSSAs, and the goal is to score Proficient or Advanced for each course requiring the test.

What is a 4-Year Cohort Graduation Rate?

PDE collects enrollment and graduate data for all Pennsylvania public schools, which is used to calculate graduation rates. Cohort graduation rates are a calculation of the percentage of students who have graduated with a regular high school diploma within a designated number of years since the student first entered high school. The rate is determined for a cohort of students who have all entered high school for the first time during the same school year. Data specific to the 4-year cohort graduation rate is presented in the graph.⁶

⁵ PDE has determined that PSSA scores issued beginning with the 2014-15 school year and after are not comparable to prior years due to restructuring of the exam. (Also, see footnote 4).

⁶ PDE also calculates 5-year and 6-year cohort graduation rates. Please visit PDE's website for additional information: <http://www.education.pa.gov/Data-and-Statistics/Pages/Cohort-Graduation-Rate-.aspx>.

Finding(s)

For the audited period, our audit of the Millville Area School District resulted in no findings.

Status of Prior Audit Findings and Observations

Our prior audit of the Millville Area School District resulted in no findings or observations.

Appendix: Audit Scope, Objectives, and Methodology

School performance audits allow the Pennsylvania Department of the Auditor General to determine whether state funds, including school subsidies, are being used according to the purposes and guidelines that govern the use of those funds. Additionally, our audits examine the appropriateness of certain administrative and operational practices at each local education agency (LEA). The results of these audits are shared with LEA management, the Governor, Pennsylvania Department of Education (PDE), and other concerned entities.

Our audit, conducted under authority of Sections 402 and 403 of The Fiscal Code,⁷ is not a substitute for the local annual financial audit required by the Public School Code of 1949, as amended. We conducted our audit in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit.

Scope

Overall, our audit covered the period July 1, 2012, through June 30, 2016. In addition, the scope of each individual audit objective is detailed on the next page.

The Millville Area School District's (District) management is responsible for establishing and maintaining effective internal controls⁸ to provide reasonable assurance that the District is in compliance with certain relevant state laws, regulations, contracts, and administrative procedures (relevant requirements). In conducting our audit, we obtained an understanding of the District's internal controls, including any information technology controls, which we consider to be significant within the context of our audit objectives. We assessed whether those controls were properly designed and implemented. Any deficiencies in internal controls that were identified during the conduct of our audit and determined to be significant within the context of our audit objectives are included in this report.

⁷ 72 P.S. §§402 and 403.

⁸ Internal controls are processes designed by management to provide reasonable assurance of achieving objectives in areas such as: effectiveness and efficiency of operations; relevance and reliability of operational and financial information; and compliance with certain relevant state laws, regulations, contracts, and administrative procedures.

Objectives/Methodology

In order to properly plan our audit and to guide us in selecting objectives, we reviewed pertinent laws and regulations, board meeting minutes, academic performance data, annual financial reports, annual budgets, new or amended policies and procedures, and the independent audit report of the District's basic financial statements for the fiscal years July 1, 2012, through June 30, 2016. We also determined if the District had key personnel or software vendor changes since the prior audit.

Performance audits draw conclusions based on an evaluation of sufficient, appropriate evidence. Evidence is measured against criteria, such as laws, regulations, third-party studies, and best business practices. Our audit focused on the District's efficiency and effectiveness in the following areas:

- Contracting
- Administrator Contract Buy-out
- Bus Driver Requirements
- School Safety

As we conducted our audit procedures, we sought to determine answers to the following questions, which served as our audit objectives:

- ✓ Did the District ensure that its significant contracts were current and were properly obtained, approved, executed, and monitored?
 - To address this objective, we reviewed the District's procurement and contract monitoring policies and procedures. We obtained a vendor list for the 2015-16 school year. From that list, we identified 45 vendors that received payments from the District for at least \$20,000. We selected 6 of these 45 vendors for detailed testing.⁹ Testing included a review of the procurement documents to determine if the contract was procured in accordance with the Public School Code and District policies. We also reviewed documents and interviewed District personnel to determine if the District monitored selected contracts. Finally, we reviewed board meeting minutes and the Board of School Directors' Statements of Financial Interest to determine if any board member had a conflict of interest in approving selected contracts. Our review of this objective did not disclose any reportable issues.¹⁰

⁹ We selected the District's food service contract and the District's contract with its solicitor. We also selected one of the District's transportation contracts as well as contracts for financial services, equipment leasing, and a contract to purchase heating oil.

¹⁰ The selection of vendors was not a representative selection from a larger population because we used judgment in selecting vendors based on the specific service each vendor provided. Therefore, the results of our testing should not be projected to a larger population.

- ✓ Did the District pursue a contract buy-out with an administrator and if so, what was the total cost of the buy-out, what were the reasons for the termination/settlement, and did the employment contract(s) comply with the Public School Code¹¹ and the Public School Employees' Retirement System guidelines?
 - To address this objective, we reviewed contracts, settlement agreements, board meeting minutes, board policies and payroll records for the two administrators who separated employment from the District during the period July 1, 2013, through December 5, 2017. Our review of this objective did not disclose any reportable issues.

- ✓ Did the District ensure that bus drivers transporting District students had the required driver's license, physical exam, training, background checks, and clearances as outlined in applicable laws?¹² Also, did the District have written policies and procedures governing the hiring of new bus drivers that would, when followed, provide reasonable assurance of compliance with applicable laws?
 - To address this objective, we randomly selected 5 of the 11 bus drivers hired by the District's bus contractors during the 2011-12 through 2016-17 school years. We reviewed documentation to ensure the District complied with applicable laws and requirements for current bus drivers. We also determined if the District had written policies and procedures to ensure compliance with bus driver hiring requirements. Our review of this objective did not disclose any reportable issue.¹³

- ✓ Did the District take actions to ensure it provided a safe school environment?¹⁴
 - To address this objective, we reviewed a variety of current documentation including, safety plans, training schedules, and anti-bullying policies. Due to the sensitive nature of school safety, the results for our review of this objective area are not described in our audit report. The results of our review of school safety are shared with district officials, and, if deemed necessary, with PDE.

¹¹ 24 P.S. § 10-1073(e)(2)(v).

¹² 24 P.S. § 1-111, 23 Pa.C.S. § 6344(a.1), 24 P.S. § 2070.1a *et seq.*, 75 Pa.C.S. §§ 1508.1 and 1509, and 22 *Pa. Code Chapter 8*.

¹³ The selection of bus drivers was not a representative selection from a larger population because only the drivers hired during the time period identified were selected. Therefore, the results of our testing should not be projected to a larger population.

¹⁴ 24 P.S. § 13-1301-A *et seq.*

Distribution List

This report was initially distributed to the Superintendent of the District, the Board of School Directors, and the following stakeholders:

The Honorable Tom W. Wolf

Governor
Commonwealth of Pennsylvania
Harrisburg, PA 17120

The Honorable Pedro A. Rivera

Secretary of Education
1010 Harristown Building #2
333 Market Street
Harrisburg, PA 17126

The Honorable Joe Torsella

State Treasurer
Room 129 - Finance Building
Harrisburg, PA 17120

Mrs. Danielle Mariano

Director
Bureau of Budget and Fiscal Management
Pennsylvania Department of Education
4th Floor, 333 Market Street
Harrisburg, PA 17126

Dr. David Wazeter

Research Manager
Pennsylvania State Education Association
400 North Third Street - Box 1724
Harrisburg, PA 17105

Mr. Nathan Mains

Executive Director
Pennsylvania School Boards Association
400 Bent Creek Boulevard
Mechanicsburg, PA 17050
