

SOUTH WILLIAMSPORT AREA SCHOOL DISTRICT  
LYCOMING COUNTY, PENNSYLVANIA  
PERFORMANCE AUDIT REPORT

AUGUST 2012

The Honorable Tom Corbett  
Governor  
Commonwealth of Pennsylvania  
Harrisburg, Pennsylvania 17120

Mr. John Engel, Jr., Board President  
South Williamsport Area School District  
515 West Central Avenue  
South Williamsport, Pennsylvania 17702

Dear Governor Corbett and Mr. Engel:

We conducted a performance audit of the South Williamsport Area School District (SWASD) to determine its compliance with applicable state laws, contracts, grant requirements, and administrative procedures. Our audit covered the period June 7, 2010 through February 29, 2012, except as otherwise indicated in the report. Additionally, compliance specific to state subsidy and reimbursements was determined for the school years ended June 30, 2010 and June 30, 2009. Our audit was conducted pursuant to 72 P.S. § 403 and in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States.

Our audit found that the SWASD complied, in all significant respects, with applicable state laws, contracts, grant requirements, and administrative procedures.

We appreciate the SWASD's cooperation during the conduct of the audit.

Sincerely,

/s/

JACK WAGNER  
Auditor General

## **Executive Summary**

### **Audit Work**

The Pennsylvania Department of the Auditor General conducted a performance audit of the South Williamsport Area School District (SWASD). Our audit sought to answer certain questions regarding the District's compliance with applicable state laws, contracts, grant requirements, and administrative procedures; and to determine the status of corrective action taken by the SWASD in response to our prior audit recommendations.

Our audit scope covered the period June 7, 2010 through February 29, 2012, except as otherwise indicated in the audit scope, objectives, and methodology section of the report. Compliance specific to state subsidy and reimbursements was determined for school years 2009-10 and 2008-09.

### **District Background**

The SWASD encompasses approximately 36 square miles. According to 2010 federal census data, it serves a resident population of 9,268. According to District officials, in school year 2009-10 the SWASD provided basic educational services to 1,358 pupils through the employment of 104 teachers, 72 full-time and part-time support personnel, and 10 administrators. Lastly, the SWASD received more than \$8.1 million in state funding in school year 2009-10.

### **Audit Conclusion and Results**

Our audit found that the SWASD complied, in all significant respects, with applicable state laws, contracts, grant requirements, and administrative procedures. We report no findings or observations in this report.

**Status of Prior Audit Findings and Observations.** There were no findings and observations included in our prior audit report.

## Audit Scope, Objectives, and Methodology

---

### Scope

*What is a school performance audit?*

School performance audits allow the Department of the Auditor General to determine whether state funds, including school subsidies, are being used according to the purposes and guidelines that govern the use of those funds. Additionally, our audits examine the appropriateness of certain administrative and operational practices at each Local Education Agency (LEA). The results of these audits are shared with LEA management, the Governor, the PA Department of Education, and other concerned entities.

Our audit, conducted under authority of 72 P.S. § 403, is not a substitute for the local annual audit required by the Public School Code of 1949, as amended. We conducted our audit in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States.

Our audit covered the period June 7, 2010 through February 29, 2012.

Regarding state subsidy and reimbursements, our audit covered school years 2009-10 and 2008-09.

While all districts have the same school years, some have different fiscal years. Therefore, for the purposes of our audit work and to be consistent with Pennsylvania Department of Education reporting guidelines, we use the term school year rather than fiscal year throughout this report. A school year covers the period July 1 to June 30.

### Objectives

*What is the difference between a finding and an observation?*

Our performance audits may contain findings and/or observations related to our audit objectives. Findings describe noncompliance with a statute, regulation, policy, contract, grant requirement, or administrative procedure. Observations are reported when we believe corrective action should be taken to remedy a potential problem not rising to the level of noncompliance with specific criteria.

Performance audits draw conclusions based on an evaluation of sufficient, appropriate evidence. Evidence is measured against criteria, such as laws and defined business practices. Our audit focused on assessing the SWASD's compliance with applicable state laws, contracts, grant requirements, and administrative procedures. However, as we conducted our audit procedures, we sought to determine answers to the following questions, which serve as our audit objectives:

- ✓ In areas where the District receives state subsidy and reimbursements based on pupil membership (e.g. basic education, special education, and vocational education), did it follow applicable laws and procedures?
- ✓ Does the District have sufficient internal controls to ensure that the membership data it reported to the Pennsylvania Information Management System is complete, accurate, valid and reliable?

- ✓ Are there any declining fund balances that may impose risk to the District's fiscal viability?
- ✓ Did the District pursue a contract buy-out with an administrator and if so, what was the total cost of the buy-out, what were the reasons for the termination/settlement, and does the current employment contract(s) contain adequate termination provisions?
- ✓ Were there any other areas of concern reported by local auditors, citizens, or other interested parties?
- ✓ Is the District taking appropriate steps to ensure school safety?
- ✓ Did the District have a properly executed and updated Memorandum of Understanding with local law enforcement?
- ✓ Were votes made by the District's Board members free from apparent conflicts of interest?
- ✓ Did the District take appropriate corrective action to address recommendations made in our prior audits?

## Methodology

*What are internal controls?*

Internal controls are processes designed by management to provide reasonable assurance of achieving objectives in areas such as:

- Effectiveness and efficiency of operations;
- Relevance and reliability of operational and financial information;
- Compliance with applicable laws, contracts, grant requirements and administrative procedures.

*Government Auditing Standards* require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our conclusions based on our audit objectives.

SWASD management is responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the District is in compliance with applicable laws, contracts, grant requirements, and administrative procedures. Within the context of our audit objectives, we obtained an understanding of internal controls and assessed whether those controls were properly designed and implemented. Additionally, we gained a high-level understanding of the District's information technology (IT) environment and evaluated whether internal controls specific to IT were present.

Any significant deficiencies found during the audit are included in this report.

In order to properly plan our audit and to guide us in possible audit areas, we performed analytical procedures in the areas of state subsidies/reimbursement, pupil transportation, and comparative financial information.

Our audit examined the following:

- Records pertaining to state ethics compliance and financial stability.
- Items such as Board meeting minutes and pupil membership records.

Additionally, we interviewed selected administrators and support personnel associated with SWASD operations.
