Re: Penn State Health Holy Spirit Medical Center

Dear Mr. Holzman:

The Tobacco Settlement Act of June 26, 2001 (P.L. 755, No. 77), as amended, 35 P.S. § 5701.101 et seq., mandated the Department of Human Services (DHS) to make payments to hospitals for a portion of uncompensated care services provided by these facilities. Hospitals that qualify can receive payments using either an uncompensated care approach or an extraordinary expense approach. The uncompensated care approach is based on the hospital's uncompensated care score. The uncompensated care score is determined by using three-year averages from five main data elements (for a total of fifteen data elements). These data elements are uncompensated care costs, net patient revenues, Medicare supplemental security income (Medicare SSI) days, Medical Assistance (MA) days and total inpatient days. The extraordinary expense approach is based on the total costs of the qualified claims. Qualified claims are those claims in which the cost of the claim exceeds twice the average cost of all claims for that particular facility and for which the hospital provided inpatient services to an uninsured patient.

Upon request from DHS, we developed procedures to be performed for each facility that may be eligible to receive a payment for the provision of uncompensated care services to determine the eligibility of reported claims and the accuracy of days data reported by the facility. DHS agreed that the procedures were appropriate to meet its needs and approved the procedures. We obtained records from Penn State Health Holy Spirit Medical Center (facility) and performed the established procedures to substantiate the claims data and days data it submitted to the Pennsylvania Health Care Cost Containment Council (PHC4) and DHS, respectively.¹

¹ This engagement was not required to be and was not conducted in accordance with professional auditing or attestation standards.

The purpose of this engagement was to determine whether this facility reported any potentially eligible extraordinary expense claims for the fiscal year ended June 30, 2022 and, if so, verify whether corresponding patients were uninsured and the facility received no compensation from third party payers such as Medicare, Medicaid, or Blue Cross. Payments made by the patients themselves toward their financial obligations may have reduced the allowable costs of the respective claim when determining eligibility. We also determined whether this facility could substantiate total inpatient days and total MA days as reported on its submitted MA-336 cost reports, if filed with DHS, for the fiscal year ended June 30, 2021. We obtained computer processed data from the facility (i.e. account notes and billing information for claims and census reports for days) to determine the eligibility of reported claims and the accuracy of days data reported by the facility. Because of the extensive amount of time that would be required to visit the facility and perform procedures to evaluate the reliability of this data in the facility’s information system, DHS management stated that the performance of such procedures is not necessary to meet DHS’ needs. As such, we have classified this computer processed data as data of undetermined reliability.

The results of our procedures are as follows:

For Reported Claims:

Based on the PHC4 claims database for the fiscal year ended June 30, 2022, the facility did not have any potentially eligible extraordinary expense claims and, therefore, the facility is not eligible for payment under the extraordinary expense method for the 2024 Tobacco Settlement Payment Year unless, as detailed below, additional claims are deemed eligible.

For Total Inpatient Days and Total MA Days:

For the total inpatient days and total MA days for fiscal year ended June 30, 2021, our results are as follows:

For FYE 6/30/21	Originally Submitted Number of Days	Substantiated Number Based on Source Documents	Explanation of Difference
Total Inpatient Days	58,263	58,263	Not Applicable

For FYE 6/30/21	Originally Submitted Number of Days	Substantiated Number Based on Source Documents	Explanation of Difference
FFS Days	2,043	N/A	Unable to be Verified ²

² Auditor was unable to verify the FFS days due to not obtaining support for the Psychiatric Unit days.

For FYE 6/30/21 HMO Days	Originally Submitted Number of Days	Substantiated Number Based on Source Documents	Explanation of Difference
Aetna Better Health	897	897	Not Applicable
AmeriHealth Carnitas	1,165	1,165	Not Applicable
AmeriHealth NE	19	19	Not Applicable
Gateway Health	1,754	1,754	Not Applicable
Geisinger Family Plan	54	0	No Overall Variance
UHC Community Plan for Family	0	54	
UPMC Community Health	115	115	Not Applicable
HMO/MA	10	0	Reporting Error
Unison Health Plan	1,039	1,039	Not Applicable
Health Partners	21	21	Not Applicable
PA Health and Wellness	96	96	Not Applicable
CBH	219	219	Not Applicable
CBHNP Health Choices	2,070	2,070	Not Applicable
UPMC for You	792	792	Not Applicable
AmeriHealth Comm Health	427	427	Not Applicable
Keystone First	0	1	Reporting Error

For FYE 6/30/21 OOS Days	Originally Submitted Number of Days	Substantiated Number Based on Source Documents	Explanation of Difference
None	0	N/A	Unable to be Verified ³

PHC4 will contact you with instructions regarding entering adjustments to your facility's originally submitted claims during the self-verification process. The facility's failure to remove any claims identified as not qualifying as extraordinary expense claims from the PHC4 self-pay claims listing during the self-verification process will result in the facility's records in the PHC4 database being inaccurate and DHS concluding that the facility is ineligible for payment under the extraordinary expense method. In addition to completing adjustments in the PHC4 database, any revisions to originally submitted days data on your facility's MA-336 Cost Report should be submitted through the iPACRs system based on the results of our procedures.

We are in the process of conducting engagements for all facilities that are potentially eligible for a 2024 Tobacco Settlement subsidy entitlement payment. After all the engagements are completed, we will prepare for DHS' use a report detailing the results of all of our engagements.

³ Auditor was unable to verify the OOS days due to discrepancies in the detailed support provided and the inability to obtain support for the Psychiatric Unit days.

DHS will use each hospital's revised MA-336 Cost Report and PHC4 database to pull reported claims and number of days to calculate this facility's eligibility to receive, and if deemed eligible, its subsidy entitlement under both the extraordinary expense and uncompensated care methods. If eligible under both methods, DHS will allow the facility to choose the method to be used to calculate the facility's 2024 Tobacco Settlement subsidy entitlement payment. DHS establishes the date that these payments will be distributed to all eligible hospitals.

As a reminder, this facility was to submit, by October 31, 2023, any claims coded as having Medicare, Medicaid, or any other insurance when submitted to the PHC4 for the fiscal year ended June 30, 2022, which the facility believed qualified as self-pay claims, and which had total charges above the facility's threshold of \$147,416.54; we refer to these types of claims as "additional claims." As of October 31, 2023, Penn State Health Holy Spirit Medical Center submitted 14 additional claims. For those facilities that submitted additional claims, we will include the results of our procedures for these facilities' submitted additional claims data in individualized reports sent to each such respective hospital.

We thank the staff of Penn State Health for the cooperation extended to us during the course of our engagement. If you have any questions, please feel free to contact the Bureau of County Audits – Hospital and Tobacco Division at 717-787-1159.

Sincerely,

A handwritten signature in black ink that reads "Timothy L. DeFoor". The signature is written in a cursive style with a long horizontal line extending to the left of the first name.
