### **Auditor General DePasquale Releases Audits for School Districts in Carbon, Fulton Counties**

**HARRISBURG** – Auditor General Eugene DePasquale today announced the release of audit reports for two school districts in Carbon and Fulton counties.

The Department of the Auditor General examines the records of school districts, charter schools, intermediate units, and area vocational-technical schools. The audits — among other things — assess whether or not school entities received the state subsidies and reimbursements to which they were entitled, accurately managed taxpayer funds, and complied with ethics codes. The audits also determine whether or not teachers and administrators were properly certified for the positions they held during the audit period.

The full audit reports are available online using the links provided below.

Complied, in all significant respects, with applicable state laws, contracts, grant requirements and administrative procedures, except as noted in the finding of the district incorrectly reported transportation data to PDE resulting in a \$30,449 underpayment.

Properly implemented policies and procedures for internal controls, budgetary practices, Right-to-Know and Sunshine laws; and complied, in all significant respects, with relevant requirements.
