Auditor General DePasquale Releases Audits for School Entities in Blair, Lawrence, Washington Counties

HARRISBURG – Auditor General Eugene DePasquale today announced the release of audit reports for school districts in Blair, Lawrence and Washington counties.

“Our audits help ensure schools are being run efficiently and effectively, so that students and teachers can focus on learning and resources are focused on the classroom,” DePasquale said.

The Department of the Auditor General examines the records of school districts, charter schools, intermediate units, and area vocational-technical schools. The audits — among other things — assess whether school entities received the state subsidies and reimbursements to which they were entitled, accurately managed taxpayer funds, and complied with ethics codes. The audits also determine whether teachers and administrators were properly certified for the positions they held during the audit period.

The full audit reports are available online using the links provided below.
