COMMON ERRORS FOUND ON SUBMITTED FORMS

Please review the list below before submitting the Act 205 reporting form to MPRP.

- Use the correct year's data the report requests information *as of* January 1st. The financial data is based on the pension plan activity from January 1 to December 31 of the prior year. (i.e., the 2025 Act 205 valuation is the activity from January 1 to December 31, 2024).
- Situation 3, or union-administered pension plans, are only required to complete Steps 1, 2, 4, 5, 7 and the Certification Screen.
- Municipal Contributions as a Percentage on Step 3 must be entered as- *Example: enter 1.25% as 01.25*.
- If the plan has multiple contribution rates applicable to different employee groups in the plan or other conditions, you must calculate the percentage in order to enter a <u>single</u> rate for Step 3. To calculate the rate, take the *Total Municipal Contributions* (*line 33 on page 3 of the paper form*) divided by the *Total Annual Payroll (line 14 on page 4 of the paper form)* to determine the Contribution Rate. <u>EXAMPLE</u>: \$30,000 in Municipal Contributions with a Total Payroll of \$450,000. (\$30,000 / \$450,000) x 100 = 06.67 % Municipal Contribution Rate
- Number of Active Members on Steps 4 & 5 must match. Total Payroll of Active Members on Steps 4 & 5 must match.
- Listing contributions as receivables on Step 6 Only list if a receivable is the contribution amount required to be deposited, but was <u>not</u> deposited during the valuation year.
- Net Change in Market Value of Assets on Step 7 (for the MPRP's purpose) is the change between the beginning assets, plus the revenues earned, minus the expenses and minus the ending balance reported on the end-of-year statement.
