AUDITOR GENERAL**

Mr. Joel Roney, President  
Riegelsville Community Volunteer  
Firefighters' Relief Fund Association  
Bucks County

We have conducted a compliance audit of the Riegelsville Community Volunteer Firefighters' Relief Fund Association (relief association) for the period January 1, 2019, to December 31, 2021. The audit was conducted pursuant to authority derived from Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania; Section 403 of The Fiscal Code, 72 P.S. § 403; and the Volunteer Firefighters' Relief Association Act ("VFRA Act"), see 35 Pa.C.S. § 7418.

The objective of the audit was to determine if the relief association complied with applicable state laws, contracts, bylaws, and administrative procedures as they relate to the receipt of state aid and the expenditure of relief association funds. Our audit was limited to the areas related to the objective identified above and was not, nor was it required to be, conducted in accordance with Government Auditing Standards issued by the Comptroller General of the United States.

Relief association officers are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the relief association's administration of state aid and accumulated relief funds complies with applicable state laws, contracts, bylaws, and administrative procedures, including the safeguarding of assets. Relief association officers are responsible for complying with applicable state laws, contracts, bylaws, and administrative procedures. It is our responsibility to perform procedures to obtain sufficient, appropriate evidence to the extent necessary to satisfy the audit objective. We believe that our audit provides a reasonable basis for our conclusions.

Based on our audit procedures, we conclude that, for the period January 1, 2019, to December 31, 2021, the relief association, in all significant respects, complied with applicable state laws, contracts, bylaws, and administrative procedures as they relate to the receipt of state aid and the expenditure of relief association funds.

The contents of this report were discussed with the management of the relief association. We would like to thank the relief association officials for the cooperation extended to us during the conduct of the audit.

## BACKGROUND

Pursuant to Article VIII, Section 10 of the Constitution of the Commonwealth of Pennsylvania, Section 403 of The Fiscal Code<sup>1</sup>, and the Volunteer Firefighters' Relief Association Act<sup>2</sup> ("VFRA Act"), the Department of the Auditor General's duty is to audit the accounts and records of every volunteer firefighters' relief association to determine that funds received under the Foreign Fire Insurance Tax Distribution Law<sup>3</sup> (commonly referred to as Act 205) are properly expended.

The relief association is a charitable organization that was formed primarily to afford financial protection to volunteer firefighters and to encourage individuals to participate in volunteer fire service.

The VFRA Act governs the overall operation of volunteer firefighters' relief associations. Relief association bylaws define the specific operational procedures by which relief associations conduct business. To fulfill its primary purpose, the VFRA Act authorizes specific types of expenditures and prescribes appropriate volunteer firefighters' relief association investment options. Within the parameters established by the VFRA Act, it is the responsibility of relief associations to choose investments in a proper and prudent manner.

Volunteer firefighters' relief associations receive public tax monies, and the association officers therefore have a responsibility to the public to conduct the association's financial affairs in a businesslike manner and to maintain sufficient financial records to support the propriety of all association transactions. Volunteer firefighters' relief association officers are also responsible for ensuring that the association operates in accordance with applicable state laws, contracts, bylaws, and administrative procedures.

Act 205 sets forth the computation of the Foreign Fire Insurance Tax Distribution paid to each applicable municipality throughout the Commonwealth of Pennsylvania. The amount of the distribution is based upon the population of each municipality and the market value of real estate within the municipality. Upon receipt of this distribution, the municipality must allocate the funds to the volunteer firefighters' relief association of the fire service organization or fire service organizations that is or are recognized as providing the service to the municipality.

## **BACKGROUND (Continued)**

The volunteer firefighters' relief association and the affiliated fire service organization are separate, legal entities. The relief association is affiliated with the following fire service organization:

Community Fire Company No. 1, Inc.

During the conduct of our audit of the relief association, relief association officials indicated that the relief association is considering a merger with another volunteer firefighter's relief association as a result of financial and manpower constraints. Prudent business practice dictates that relief associations contemplating dissolution should consider retaining legal counsel to provide assurance that the dissolution complies with applicable laws and regulations governing non-profit charitable organizations and that all benefits owed to active and former association members are maintained and protected. In addition, if this is the case, the remaining relief association members should conduct a meeting to approve the dissolution of the association and the disposition of its assets. In most circumstances, all relief association-owned equipment and monetary assets of the dissolving relief association are to be transferred to the new relief association affiliated with the volunteer fire company that is reestablished as a result of the merger. In addition, relief association officials should contact this department in preparation of a final audit of the relief association and perform the following:

- The relief association should provide full documentation of the monetary assets and equipment being transferred. A complete inventory of all equipment should be performed, and a listing of the equipment transferred should be completed.
- Upon transfer of the equipment, a signed receipt from the relief association receiving the equipment should be obtained to verify items of equipment transferred. Those items of equipment then become assets to the recipient relief association and should be added to that relief association's equipment roster.

If a merger occurs, we will verify the receipt of the equipment and monetary assets transferred through an audit of the recipient association. However, as of the date of this report, the relief association has not made a formal commitment to dissolve and merge with another relief association.
