**TIMOTHY L. DEFOOR  
AUDITOR GENERAL**

The Honorable Mayor and Municipal Council  
Municipality of Kingston  
Luzerne County  
Kingston, PA 18704

We have conducted a compliance audit of the Municipality of Kingston Non-Uniformed Employees Pension Plan for the period January 1, 2019 to December 31, 2023. We also evaluated compliance with some requirements subsequent to that period when possible. The audit was conducted pursuant to authority derived from the Municipal Pension Plan Funding Standard and Recovery Act (Act 205 of 1984, as amended, 53 P.S. § 895.402(j)), which requires the Auditor General, as deemed necessary, to audit every municipality which receives general municipal pension system state aid and every municipal pension plan and fund in which general municipal pension system state aid is deposited. The audit was not conducted, nor was it required to be, in accordance with Government Auditing Standards issued by the Comptroller General of the United States. We planned and performed the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our finding and conclusions based on our audit objective. We believe that the evidence obtained provides a reasonable basis for our finding and conclusions based on our audit objective.

The objective of the audit was to determine if the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies.

Our audit was limited to the areas related to the objective identified above. To determine whether the pension plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, our methodology included the following:

- We determined whether state aid was properly determined and deposited in accordance with Act 205 requirements by verifying the annual deposit date of state aid and determining whether deposits were made within 30 days of receipt for all years within the period under audit.

- We determined whether annual employer contributions were calculated and deposited in accordance with the plan's governing document and applicable laws and regulations by examining the municipality's calculation of the plan's annual financial requirements and minimum municipal obligation (MMO) and comparing these calculated amounts to amounts actually budgeted and deposited into the pension plan as evidenced by supporting documentation.
- We determined whether annual employee contributions were calculated, deducted, and deposited into the pension plan in accordance with the plan's governing document and applicable laws and regulations by testing total members' contributions on an annual basis using the rates obtained from the plan's governing document in effect for all years within the period under audit and examining documents evidencing the deposit of these employee contributions into the pension plan.
- We determined whether retirement benefits calculated for plan members who retired or separated employment and received a lump-sum distribution during and subsequent to the current audit period, and through the completion of our fieldwork procedures, represent payments to all (and only) those entitled to receive them and were properly determined and disbursed in accordance with the plan's governing document, applicable laws, and regulations by recalculating the amount of the monthly pension benefits due to the retired individuals and comparing these amounts to supporting documentation evidencing amounts determined and actually paid to the recipients.
- We determined whether the January 1, 2019, January 1, 2021, and January 1, 2023 actuarial valuation reports were prepared and submitted by March 31, 2020, 2022, and 2024, respectively, in accordance with Act 205 and whether selected information provided on these reports is accurate, complete, and in accordance with plan provisions to ensure compliance for participation in the state aid program by comparing selected information to supporting source documentation.
- We determined whether the terms and methodologies of the issuance of pension obligation bonds by the municipality, and any restrictions, were in compliance with plan provisions and Act 205 through inquiry of plan officials and examination of supporting documentation.

The Municipality of Kingston contracted with an independent certified public accounting firm for annual audits of its basic financial statements for the years ended December 31, 2019, 2020, 2021, and 2022, which are available at the municipal offices. Those financial statements were not audited by us and, accordingly, we express no opinion or other form of assurance on them.

Municipal officials are responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the Municipality of Kingston Non-Uniformed Employees Pension Plan is administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies. As previously described, we tested

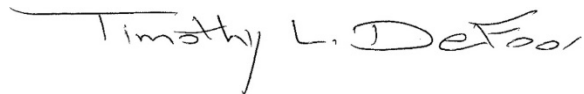

transactions, interviewed selected officials, and performed procedures to the extent necessary to provide reasonable assurance of detecting instances of noncompliance with legal and regulatory requirements or noncompliance with provisions of contracts, administrative procedures, and local ordinances and policies that are significant within the context of the audit objective.

The results of our procedures indicated that, in all significant respects, the Municipality of Kingston Non-Uniformed Employees Pension Plan was administered in compliance with applicable state laws, regulations, contracts, administrative procedures, and local ordinances and policies, except as noted in the following finding further discussed later in this report:

Finding – Incorrect Data On Certification Form AG 385 Resulting In An Underpayment Of State Aid

The accompanying supplementary information is presented for purposes of additional analysis. We did not audit the information or conclude on it and, accordingly, express no form of assurance on it.

The contents of this report were discussed with officials of the Municipality of Kingston and, where appropriate, their responses have been included in the report. We would like to thank municipal officials for the cooperation extended to us during the conduct of the audit.

Timothy L. DeFoor  
Auditor General

## BACKGROUND

On December 18, 1984, the Pennsylvania Legislature adopted the Municipal Pension Plan Funding Standard and Recovery Act (P.L. 1005, No. 205, as amended, 53 P.S. § 895.101 et seq.). The Act established mandatory actuarial reporting and funding requirements and a uniform basis for the distribution of state aid to Pennsylvania's public pension plans.

Annual state aid allocations are provided from a two percent foreign (out-of-state) casualty insurance premium tax, a portion of the foreign (out-of-state) fire insurance tax designated for paid firefighters and any investment income earned on the collection of these taxes. Generally, municipal pension plans established prior to December 18, 1984, are eligible for state aid. For municipal pension plans established after that date, the sponsoring municipality must fund the plan for three plan years before it becomes eligible for state aid. In accordance with Act 205, a municipality's annual state aid allocation cannot exceed its actual pension costs.

In addition to Act 205, the Municipality of Kingston Non-Uniformed Employees Pension Plan is also governed by implementing regulations published at Title 16, Part IV of the Pennsylvania Code and applicable provisions of various other state statutes including, but not limited to, the following:

Act 177 - General Local Government Code, Act of December 19, 1996 (P.L. 1158, No. 177), as amended, 53 Pa.C.S. § 101 et seq.

The Municipality of Kingston Non-Uniformed Employees Pension Plan is a single-employer defined benefit pension plan locally controlled by the provisions of an ordinance dated March 14, 1988, as amended. The plan is also affected by the provisions of collective bargaining agreements between the municipality and its non-uniformed employees. The plan was established March 3, 1972. Active members are required to contribute 6 percent of compensation to the plan. As of December 31, 2023, the plan had 22 active members, 2 terminated members eligible for vested benefits in the future, and 29 retirees receiving pension benefits from the plan.

MUNICIPALITY OF KINGSTON NON-UNIFORMED EMPLOYEES PENSION PLAN  
FINDING AND RECOMMENDATION

**Finding – Incorrect Data On Certification Form AG 385 Resulting In An Underpayment Of State Aid**

Condition: The municipality failed to certify an eligible non-uniformed employee (1 unit) and understated payroll by \$41,641 on the Certification Form AG 385 filed in 2023. The data contained on this certification form is based on prior calendar year information.

Criteria: Pursuant to Act 205, at Section 402(e)(2), an employee who has been employed on a full-time basis for at least six consecutive months and has been participating in a pension plan during the certification year is eligible for certification.

Cause: Municipal officials failed to ensure the accuracy of the data certified and attributed the error to an oversight.

Effect: The data submitted on this certification form is used, in part, to calculate the state aid due to the municipality for distribution to its pension plans. Because the municipality’s state aid allocation was based on unit value, the municipality received an underpayment of state aid as identified below:

<u>Year</u>	<u>Units Understated</u>	<u>Unit Value</u>	<u>State Aid Underpayment</u>
2023	1	\$5,828	\$ 5,828

Although the additional state aid will be allocated to the municipality, the full amount of the 2023 state aid allocation was not available to be deposited timely and therefore was not available to pay operating expenses or for investment.

Recommendation: We recommend that in the future, plan officials establish adequate internal control procedures, such as having at least two people review the data certified, to ensure compliance with the instructions that accompany Certification Form AG 385 to assist them in accurately reporting the required pension data.

Management’s Response: Municipal officials agreed with the finding without exception.

Auditor’s Conclusion: Compliance will be evaluated during our next audit of the plan.

MUNICIPALITY OF KINGSTON NON-UNIFORMED EMPLOYEES PENSION PLAN  
 SUPPLEMENTARY INFORMATION  
 (UNAUDITED)

SCHEDULE OF FUNDING PROGRESS

Historical trend information about the plan is presented herewith as supplementary information. It is intended to help users assess the plan’s funding status on a going-concern basis, assess progress made in accumulating assets to pay benefits when due, and make comparisons with other state and local government retirement systems.

The actuarial information is required by Act 205 biennially. The historical information, beginning as of January 1, 2019, is as follows:

	(1)	(2)	(3)	(4)
Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Liability (AAL) - Entry Age (b)	Unfunded (Assets in Excess of) Actuarial Liability (b) - (a)	Funded Ratio (a)/(b)
01-01-19	\$ 5,498,803	\$ 6,069,593	\$ 570,790	90.6%
01-01-21	5,694,918	6,415,903	720,985	88.8%
01-01-23	5,506,049	6,352,745	846,696	86.7%

Note: The market values of the plan’s assets at 01-01-19, 01-01-21, and 01-01-23 have been adjusted to reflect the smoothing of gains and/or losses subject to a corridor between 80 to 120 percent of the market value of assets. This method will lower contributions in years of less than expected returns and increase contributions in years of greater than expected returns. The net effect over long periods of time is to have less variance in contribution levels from year to year.

MUNICIPALITY OF KINGSTON NON-UNIFORMED EMPLOYEES PENSION PLAN  
SUPPLEMENTARY INFORMATION  
(UNAUDITED)

The comparability of trend information is affected by changes in actuarial assumptions, benefit provisions, actuarial funding methods, accounting policies, and other changes. Those changes usually affect trends in contribution requirements and in ratios that use the actuarial accrued liability as a factor.

Analysis of the dollar amount of the actuarial value of assets, actuarial accrued liability, and unfunded (assets in excess of) actuarial accrued liability in isolation can be misleading. Expressing the actuarial value of assets as a percentage of the actuarial accrued liability (Column 4) provides one indication of the plan's funding status on a going-concern basis. Analysis of this percentage, over time, indicates whether the system is becoming financially stronger or weaker. Generally, the greater this percentage, the stronger the plan.

 SUPPLEMENTARY INFORMATION  
 (UNAUDITED)

SCHEDULE OF CONTRIBUTIONS

Year Ended December 31	Actuarially Determined Contribution	Actual Contributions	Contribution Deficiency (Excess)	Covered- Employee Payroll	Contributions as a Percentage of Covered- Employee Payroll
2014	\$ 240,115	\$ 240,115	\$ -	\$1,248,739	19.23%
2015	289,991	289,991	-	1,261,354	22.99%
2016**	287,102	2,148,228	(1,861,126)	1,390,868	154.45%
2017	89,294	89,294	-	1,415,631	6.31%
2018	93,381	93,381	-	1,466,059	6.37%
2019	93,306	93,306	-	1,449,214	6.44%
2020	96,491	96,491	-	1,343,612	7.18%
2021	145,534	145,534	-	1,376,993	10.57%
2022	145,090	145,090	-	1,272,121	11.41%
2023	187,630	187,630	-	*	

\* Due to the timing of this audit, covered-employee payroll for 2023 was not provided in this schedule.

\*\* 2016 actual contributions included bond proceeds of \$1,970,113.
