**EUGENE A. DePASQUALE
AUDITOR GENERAL**

The Honorable Tom Corbett
Governor
Commonwealth of Pennsylvania
Harrisburg, Pennsylvania 17120

Ms. Vicki Smith, Chairperson
Indiana County Technology Center
441 Hamill Road
Indiana, Pennsylvania 15701

Dear Governor Corbett and Ms. Smith:

We conducted a performance audit of the Indiana County Technology Center (Center) to determine its compliance with applicable state laws, contracts, grant requirements, and administrative procedures. Our audit covered the period January 18, 2011 through November 6, 2012, except as otherwise indicated in the report. Additionally, compliance specific to state subsidies and reimbursements was determined for the school years ended June 30, 2012 and June 30, 2011. Our audit was conducted pursuant to 72 P.S. § 403 and in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States.

Our audit found that the Center complied, in all significant respects, with applicable state laws, contracts, grant requirements, and administrative procedures.

We appreciate the Center's cooperation during the conduct of the audit.

Sincerely,

/s/

EUGENE A. DEPASQUALE
Auditor General

June 10, 2013

Executive Summary

Audit Work

The Pennsylvania Department of the Auditor General conducted a performance audit of the Indiana County Technology Center (Center). Our audit sought to answer certain questions regarding the Center's compliance with applicable state laws, contracts, grant requirements, and administrative procedures.

Our audit scope covered the period January 18, 2011 through November 6, 2012, except as otherwise indicated in the audit scope, objectives, and methodology section of the report. Compliance specific to state subsidies and reimbursements was determined for the 2011-12 and 2010-11 school years.

Center Background

According to Center officials, the Center provided educational services to 358 secondary pupils and 150 post-secondary pupils through the employment of 21 teachers, 25 full-time and part-time support personnel, and 6 administrators during the 2011-12 school year. The operation, administration, and management of the school are directed by a joint operating committee (JOC) which comprises six members from the following school districts:

Blairsville-Saltsburg
Homer-Center
Indiana Area
Marion Center Area
Penns Manor Area
United

The JOC members are appointed by the individual school boards at the December meeting, each to serve a three-year term. Lastly, the Center received \$643,227 in state funding in 2011-12 school year.

Audit Conclusion and Results

Our audit found that the Center complied, in all significant respects, with applicable state laws, contracts, grant requirements, and administrative procedures. We report no findings or observations in this report.

Status of Prior Audit Findings and Observations. There were no findings or observations included in our prior audit report.

Audit Scope, Objectives, and Methodology

Scope

What is a school performance audit?

School performance audits allow the Pennsylvania Department of the Auditor General to determine whether state funds, including school subsidies, are being used according to the purposes and guidelines that govern the use of those funds. Additionally, our audits examine the appropriateness of certain administrative and operational practices at each local education agency (LEA). The results of these audits are shared with LEA management, the Governor, the Pennsylvania Department of Education, and other concerned entities.

Our audit, conducted under authority of 72 P.S. § 403, is not a substitute for the local annual audit required by the Public School Code of 1949, as amended. We conducted our audit in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States.

Our audit covered the period January 18, 2011 through November 6, 2012, except for the verification of professional employee certification which was performed for the period July 1, 2012 through October 12, 2012.

Regarding state subsidies and reimbursements, our audit covered the 2011-12 and 2010-11 school years.

While all LEAs have the same school years, some have different fiscal years. Therefore, for the purposes of our audit work and to be consistent with Pennsylvania Department of Education (PDE) reporting guidelines, we use the term school year rather than fiscal year throughout this report. A school year covers the period July 1 to June 30.

Objectives

What is the difference between a finding and an observation?

Our performance audits may contain findings and/or observations related to our audit objectives. Findings describe noncompliance with a statute, regulation, policy, contract, grant requirement, or administrative procedure. Observations are reported when we believe corrective action should be taken to remedy a potential problem not rising to the level of noncompliance with specific criteria.

Performance audits draw conclusions based on an evaluation of sufficient, appropriate evidence. Evidence is measured against criteria, such as laws and defined business practices. Our audit focused on assessing the Center's compliance with applicable state laws, contracts, grant requirements and administrative procedures. However, as we conducted our audit procedures, we sought to determine answers to the following questions, which serve as our objectives:

- ✓ Were professional employees certified for the positions they held?
- ✓ In areas where the Center received state subsidies and reimbursements based on pupil membership (e.g. basic education, special education, and vocational education), did it follow applicable laws and procedures?

- ✓ Did the Center have sufficient internal controls to ensure that the membership data it reported to PDE through the Pennsylvania Information Management System was complete, accurate, valid, and reliable?
- ✓ In areas where the Center received state subsidies and reimbursements based on payroll (e.g. Social Security and retirement), did it follow applicable laws and procedures?
- ✓ Were there any declining fund balances that may pose a risk to the Center's fiscal viability?
- ✓ Did the Center pursue a contract buy-out with an administrator and if so, what was the total cost of the buy-out, what were the reasons for the termination/settlement, and did the current employment contract(s) contain adequate termination provisions?
- ✓ Did the Center take appropriate steps to ensure school safety?
- ✓ Did the Center have a properly executed and updated Memorandum of Understanding with local law enforcement?
- ✓ Were there any other areas of concern reported by local auditors, citizens, or other interested parties?

Methodology

Government Auditing Standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our results and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our results and conclusions based on our audit objectives.

The Center's management is responsible for establishing and maintaining effective internal controls to provide reasonable assurance that the Center is in compliance with applicable laws, contracts, grant requirements, and administrative procedures. In conducting our audit, we obtained an understanding of the Center's internal controls, including any information technology controls, as they relate to the Center's compliance with applicable state

What are internal controls?

Internal controls are processes designed by management to provide reasonable assurance of achieving objectives in areas such as:

- Effectiveness and efficiency of operations.
- Relevance and reliability of operational and financial information.
- Compliance with applicable laws, contracts, grant requirements, and administrative procedures.

laws, regulations, contracts, grant requirements, and administrative procedures that we consider to be significant within the context of our audit objectives. We assessed whether those controls were properly designed and implemented. Any deficiencies in internal control that were identified during the conduct of our audit and determined to be significant within the context of our audit objectives are included in this report.

In order to properly plan our audit and to guide us in possible audit areas, we performed analytical procedures in the areas of state subsidies and reimbursements, pupil transportation, pupil membership, and comparative financial information.

Our audit examined the following:

- Records pertaining to professional employee certification, and financial stability.
- Items such as board meeting minutes and policies and procedures.

Additionally, we interviewed select administrators and support personnel associated with the Center's operations.

Findings and Observations

For the audited period, our audit of the Indiana County Technology Center resulted in no findings or observations

Status of Prior Audit Findings and Observation

Our prior audit of the Indiana County Technology Center resulted in no findings or observations.

Distribution List

This report was initially distributed to the Center Superintendent of Record, the Joint Operating Committee, our website at www.auditorgen.state.pa.us, and the following stakeholders:

The Honorable Tom Corbett
Governor
Commonwealth of Pennsylvania
Harrisburg, PA 17120
